Element Name: **Transportation Category**

Definition/Domain

The transportation category is a code which signifies the reason for the student being transported through either FEFP or local funding. Codes 1 through 4 and 6 are eligible for FEFP transportation funding; codes 5 and 0 are not.

A separate transportation category should be kept for each bus or bus route the student rides.

FEFP Fundable Transportation Codes

1 The student lives two or more miles from the school. (Section 236.083(1)(a), F.S.)

2 The student is a physically handicapped student (as defined by Rule 6A-1.0451(5), FAC) or is enrolled in a Teenage Parent program (Section 236.083(1)(b), F.S.) being transported to school, regardless of distance.

3 The student is a vocational or exceptional student being transported from one school center to another where appropriate programs are provided. Include dually enrolled students. (Section 236.083(1)(d), F.S.)

4 A KG-6 student living within two miles who is subject to appropriately verified hazardous walking conditions as reported to the Department of Education as stated in Section 234.021(3), F.S.

6 The student is participating in a Prekindergarten Early Intervention program (CS/CSHB 1593, 507 and 310 enrolled).

Non-FEFP Fundable Transportation Codes

5 Nonphysically handicapped student transported less than two miles from home to school who does not meet the criteria for hazardous walking.

0 The student is transported, but none of the above categories applies. For example, if the district elects to provide transportation to and from a course which is non-FTE generating (whether it be from home to school or center to center), the district may not claim transportation funding.
