Element Name: **Day of Week Scheduled, Date Certain**

Definition/Domain

A code indicating that a student is scheduled in a course/section that meets on "date certain" of survey week.

Code	Definition
Y	The student is scheduled in a course/section on this day.
N	The student is NOT scheduled in a course/section on this day.
Z	Not applicable

Note: Code Y should ONLY be used if an entire school would not be included in the class average calculation because NO core courses meet on Friday/date certain. In that case, choose another representative day and mark "Day of Week Scheduled, Date Certain" for all of the courses that meet on that day."
