McDougal Littell

## *Discovering French, Nouveau! Bleu, Level 1, Valette, et al., 2007/1st*

Committee Comments or Notations:

Approach: "The Florida Edition, *Discovering French, Nouveau! Bleu* (Level 1) is part of a complete, classroom-proven program authored by Jean-Paul Valette and Rebecca M. Valette, widely recognized for their authenticity and accuracy. The program is designed for middle school and high school students of French, and is fully aligned with both the Florida Sunshine State Standards and the National Standards. The Florida Edition contains helpful information to support the FCAT test, including the Lectures pour tous Interactive Readers that give students practice in a variety of reading genres, with testing practice in the FCAT format. "

"*Discovering French Nouveau!* is a program that: · Builds skills and develops strategies for more accurate communication · Reflects the cultural diversity of the French-speaking world · Provides integrated technology that engages students and facilitates teaching

The revised Florida Edition adheres to the principle of making the materials relevant to the classroom by meeting five criteria: 1. Engage and stimulate the students 2. Be pedagogically sound 3. Be linguistically accurate 4. Be culturally authentic and up-to-date 5. Correlate completely to the Sunshine State Standards and support skills tested on the FCAT

In the Florida Edition, the student textbooks have a greater emphasis on the multicultural diversity of France and the French-speaking world. The opening lessons of *Discovering French, Nouveau! Bleu* (Level 1) have been streamlined. The first two units comprise Invitation au français which focuses on listening and speaking. Starting with Unit 3, each unit ends with a self-testing review labeled Tests de contrôle, and a unit vocabulary summary. New, updated video footage has been added to the integrated Video Program. The entire program incorporates the latest research in foreign language pedagogy. The clear organization and presentation of skills and concepts, as well as the program methodology, ensure that *Discovering French, Nouveau! Bleu* is of the highest quality in terms of educational content.

Organization: Units in the Pupil Editions are subdivided into manageable lessons, thereby giving students a sense of accomplishment and progression as they move from one lesson to the next. Vocabulary is introduced in context, and with the help of line drawings and word hints in English. Lesson vocabulary is always introduced on a color-coded (gold) background. Practice activities progress from controlled to open-ended in difficulty. Activities are motivating, student-centered, and communicative. Grammar concepts are presented with multiple examples, graphics, and color-coding in green. Practice sequences lead students through controlled, transitional, and open-ended activities to assure maximum development of communication skills. Model answers to practice activities are in red. "

"Reading skill development progresses from short, easy-to-read realia pieces and stories to longer, more complex selections. A new Interactive Reader, Lectures pour tous, has been added to provide additional reading support via reading tips, vocabulary support, graphic organizers, and other strategies to increase comprehension. This consumable worktext contains readings for students to mark up, write in, and make their own—for both in-class and at-home use. It includes FCAT strategies and practice tests in the FCAT format that will help prepare students for the FCAT test. The writing skill is developed through the end-of-lesson À votre tour section, as well as through the end-of-unit Entracte sections where there are longer, guided writing assignments. "

"*Discovering French, Nouveau! Bleu* (Level 1) immerses students in French culture through lesson openers that present a reading or a video dialog within a culturally-authentic setting (at a French café; at a teen-age party). Culture notes (Notes culturelles), color-coded in blue, appear throughout each lesson. They expand on the cultural setting that was established in the lesson opener. In Level 1, Notes culturelles are predominantly in English, with a gradual transition to French. Listening, Writing, and Reading Strategies help students learn how to approach learning a language, e.g., French, more effectively. Authentic photos, and humorous illustrations by native French artists provide further cultural authenticity. Finally, practice activities are placed in culturally-authentic settings."

Recommended for: Intended for beginning students of French at the high school level.

Suggested Instructional Time: 1 year

Consultant Service: "McDougal Littell will provide in-service/staff development to each Florida school district in which *Discovering French, Nouveau!* is adopted. Consultant services and staff development may be arranged on a mutually convenient basis at no cost to the local school district. The service is provided for the life of the contract and may be arranged by contacting the McDougal Littell sales representative in the local district. The company maintains a toll-free telephone number (1-800-323-5435) to answer questions and provide service to teachers. This service is available from 8 a.m. to 5 p.m. CST, Monday through Friday. For technical support for McDougal Littell software, teachers can call 1-800-727-3009 from 9 a.m. to 5 p.m. EST, Monday through Friday. Frequently asked questions about technology can be answered on the company's Internet site, [www.mcdougallittell.com](http://www.mcdougallittell.com), under the Tech Support tab. "
