**State Committee recommended notations:** None  
**Approach:** Five major strands underpin this series: Accessibility for All Learners, Concrete Understanding, Strategic Problem Solving, Assessment, and Transition to Advanced Mathematics. These strands identify the key component of mathematics instruction identified by recent research.  
**Recommended for:** students in grades 6-8  
**Suggested instructional time:** one year

**Consultant services:** available at no charge upon request  
Requests should be submitted in writing with as much advance notice as possible, indicating preferred and alternate dates.

**Adopted:** 2004-2010
