

## **CELLA Communiqué #21**

### **Mailing of CELLA State Reports**

We hope you are enjoying the summer time. At this time we are happy to report that all districts have been reported from the 2008 CELLA test administration, and we will soon be ready to produce and ship the copies of the CELLA State Report for each district.

District will receive a memorandum and five (5) copies of the CELLA State Report via a small box delivered by UPS. These reports will be shipped to the same address as your score reports, so please communicate with your receiving or warehouse staff as needed.

The state report should be used to compare your district's results against the average results for the entire state. Each grade is reported separately and at the end of each grade is a summary of the results across the entire state. If you need additional copies of the state report, please make photocopies.
