

Florida Department of Education

AMENDMENT FOR COURSE CODE DIRECTORY 2006-2007

COURSE LISTINGS

<u>BASIC AND ADULT EDUCATION – Language Arts</u> FDOE contact: Susan Watt		
Course Number	Suggested Changes	Justification
1004310 AICE Thinking Skills	This course should be removed from the English/Language Arts section by daggering it for 0607 and add it in the Research and Critical Thinking Skills section under course number: 1700372	This course includes mathematical thinking standards, along with language arts and as such cannot be considered an English Language Arts course. The course descriptions points out clearly that it is intended as a critical thinking course, not English/language arts.
	The EN designation should be removed and the course should be offered for elective credit. Once this course is moved into the Research and Critical Skills section, the certification can stand as it presently is.
