Holt, Rinehart and Winston

*Holt French 1A, Allez, viens!, En avant!* ©2006, DeMado & Rongieras d'Usseau, 2006/2006

Committee Comments or Notations:

Approach: "Allez, viens! offers an integrated approach to language learning where students develop listening, reading, writing, and speaking skills with the option to use a variety of print and technology resources. Students learn to communicate effectively and express themselves with confidence. "

"Allez, viens! allows students to process modeled language through a variety of activities as they develop a comfort level in oral and written communication. Each lesson begins with a video based mini-drama that models the functional expressions and grammar to be presented in the chapter. Within each chapter, language is taught incrementally through short, focused vocabulary and grammar presentations and activities. Each presentation is followed by structured activities that gradually lead the student toward more open-ended communication. By the end of each chapter students are mixing language that they have previously learned with the new vocabulary and structures. Language instruction in the Allez, viens! program promotes language development as defined by current research in language acquisition. "

Recommended for: This program was written to be used by middle school students with various learning styles in a variety of teaching situations.

Suggested Instructional Time: 1 year

## *Discovering French, Nouveau! Premiere Partie, Level 1A, Valette, et al., 2007/1st*

Committee Comments or Notations:

Approach: "The Florida Edition, *Discovering French, Nouveau!, Bleu (Level 1A)* is part of a complete, classroom-proven program authored by Jean-Paul Valette and Rebecca M. Valette, widely recognized for their authenticity and accuracy. The program is designed for middle school and high school students of French, and is fully aligned with both the Florida Sunshine State Standards and the National Standards. The Florida Edition contains helpful information to support the FCAT test, including the Lectures pour tous Interactive Readers that give students practice in a variety of reading genres, with testing practice in the FCAT format. "

"*Discovering French Nouveau!* is a program that: · Builds skills and develops strategies for more accurate communication · Reflects the cultural diversity of the French-speaking world · Provides integrated technology that engages students and facilitates teaching

The revised Florida Edition adheres to the principle of making the materials relevant to the classroom by meeting five criteria: 1. Engage and stimulate the students 2. Be pedagogically sound 3. Be linguistically accurate 4. Be culturally authentic and up-to-date 5. Correlate completely to the Sunshine State Standards and support skills tested on the FCAT

In the Florida Edition, the student textbooks have a greater emphasis on the multicultural diversity of France and the French-speaking world. The opening lessons of *Discovering French, Nouveau!, Bleu (Level 1A)* have been streamlined. The first two units comprise Invitation au français which focuses on listening and speaking. Starting with Unit 3, each unit ends with a self-testing review labeled Tests de contrôle, and a unit vocabulary summary. New, updated video footage has been added to the integrated Video Program. The clear organization and presentation of skills and concepts, as well as the program methodology, ensure that *Discovering French, Nouveau!, Bleu (Level 1A)* is of the highest quality in terms of educational content.

"

Organization: Units in the Pupil Editions are subdivided into manageable lessons, thereby giving students a sense of accomplishment and progression as they move from one lesson to the next. Thematic vocabulary is introduced in context, and with the help of line drawings and word hints in English. Lesson vocabulary is always introduced on a color-coded (gold) background. Practice activities progress from controlled to open-ended in difficulty. Activities are motivating, student-centered, and communicative. Grammar concepts are presented with multiple examples, graphics, and color-coding in green. Practice sequences lead students through controlled, transitional, and open-ended activities to assure maximum development of communication skills. Model answers to practice activities are in red. "

"Reading skill development progresses from short, easy-to-read realia pieces and stories to longer, more complex selections. A new Interactive Reader, Lectures pour tous, has been added to provide additional reading support via reading tips, vocabulary support, graphic organizers, and other strategies to increase comprehension. This consumable worktext contains readings for students to mark up, write in, and make their own—for both in-class and at-home use. It includes FCAT strategies and practice tests in the FCAT format that will help prepare students for the FCAT test. The writing skill is developed through the end-of-lesson À votre tour section, as well as through the end-of-unit Extra sections where there are longer, guided writing assignments. "

"*Discovering French, Nouveau!, Bleu (Level 1A)* immerses students in French culture through lesson openers that present a reading or a video dialog within a culturally-authentic setting (at a French café; at a teen-age party). Culture notes (Notes culturelles), color-coded in blue, appear throughout each lesson. They expand on the cultural setting that was established in the lesson opener. In Level 1A, Notes culturelles are predominantly in English, with a gradual transition to French. Listening, Writing, and Reading Strategies help students learn how to approach learning a language, e.g., French, more effectively. Authentic photos, and humorous illustrations by native French artists provide further cultural authenticity. Finally, practice activities are placed in culturally-authentic settings."

Recommended for: Intended for beginning students of French at the M/J Level

Suggested Instructional Time: 1 year

Consultant Service: "McDougal Littell will provide in-service/staff development to each Florida school district in which *Discovering French, Nouveau!* is adopted. Consultant services and staff development may be arranged on a mutually convenient basis at no cost to the local school district. The service is provided for the life of the contract and may be arranged by contacting the McDougal Littell sales representative in the local district. The company maintains a toll-free telephone number (1-800-323-5435) to answer questions and provide service to teachers. This service is available from 8 a.m. to 5 p.m. CST, Monday through Friday. ## 0709020 - M/J Spanish for Spanish Speakers, Advanced

### Grupo Editorial Norma

#### *Sueños y palabras 7, Teresita Vázquez Guilbot-Dra. Migdalia López-Joaqu, 2004/2nd*

---

Committee Comments or Notations:

Approach: Designed to teach Spanish language skills at the highest level of academic standards, the Sueños y palabras series combines structure, language and graphic materials suited to the logic of young minds. The language arts are developed in an integrated way, with recreational and informative readings, vocabulary development, lessons on oral expression, grammar, spelling and strategies for comprehension.

"The program is inclusive in its approach to language acquisition with listening, reading, speaking, writing, cultural context and assessment.

Development of literacy skills with explicit and systematic instructions in vocabulary and cognitive skills. All components align with one another, in incremental development and a proficiency-oriented approach. Growth is fostered through the use of the target language in engaging, real-life situations."

"Reading and writing assignments interface with all content areas of instruction, including mathematics, science, music, and the arts, creating a complete program of language development while broadening the student's base of knowledge."

Recommended for: Students in levels 6-8 taking M/J Spanish for Spanish Speakers, Advance

Suggested Instructional Time: 1 year

Consultant Ser vice: "If the series is adopted, the publisher will provide free of charge training/in-service at a district level with a minimum notification of 6 weeks in advance. It must be requested and subject to confirmation of participants and areas to be train and service. The publisher will provide all support materials, and it will be in a format of 3 hour sessions. All districts are eligible for the free training/in-service workshops. "

"The training/in-service will be coordinated by the district requesting the service including the facilities. After the first training/in-service workshop in a district, additional training/in-service workshops are available to the district at a cost of \$1,300 dollars per session. Training workshops and in-services are available at school level upon request, subject to advance notice and availability of resource personnel."
