

State Board of Education
March 16, 2004

SUBJECT: Report on the State University System and Board of Governors

PROPOSED BOARD ACTION

For information purposes.

AUTHORITY FOR STATE BOARD OF EDUCATION ACTION

N/A

BACKGROUND INFORMATION

Chancellor Debra Austin, Division of Colleges and Universities, will report on the State University System and university activities, including strategic planning activities of the Board of Governors.

Through its Strategic Planning Committee, the Board of Governors is in the process of developing its goals and objectives for the university system. Enclosed is the "Y-axis" that, in Part I, will reflect system goals and objectives, and in Part II will reflect each university's contributions to meeting those goals. In Part II-D, each university will have the opportunity to reflect its unique institutional responsibilities. The Board has been refining the Y-axis and will continue to refine it as universities and various state-level policymakers react to it. Input is being solicited from the university boards of trustees, university presidents, and other constituent groups, such as the State Board of Education.
