

STATE BOARD OF EDUCATION

June 15, 2004

SUBJECT: Proposed Rule 6A-1.0014, Comprehensive Management Information System

PROPOSED BOARD ACTION

Approval

AUTHORITY FOR STATE BOARD ACTION

Sections 120.53(1)(b), 1001.02(1), 1008.385(3) Florida Statutes.

BACKGROUND INFORMATION

The purpose of this amendment is to revise existing requirements of the statewide comprehensive management information system which are necessary in order to implement changes recommended by school districts and to make changes in state reporting and local recordkeeping procedures for state and/or federal programs. The effect is to maintain compatibility among state and local information systems components. The statewide comprehensive management information system provides the data on which the measurement of school improvement and accountability is based.

Supporting Documentation Included: DOE Information Data Base Requirement: Volume I—Automated Student Information System” and “DOE Information Data Base Requirement: Volume II—Automated Staff Information System”.
