**BACKGROUND INFORMATION**

Chancellor Austin will report on the activities of the State University System and the Board of Governors since the State Board of Education meeting on June 15, 2004, including:

- Early Admissions Numbers
- Board of Governors Strategic Plan Update
- Completion of Y-Axis

The university boards of trustees have been mailed a copy of the framework (the “Y-axis”) for the Board of Governors Strategic Plan, which was developed in collaboration with the trustees and presidents. Each university has been requested to outline, in section II of the Y-Axis, its own specific, measurable goals by October 15. This includes each university's contribution to the statewide goals, as well as those that are specific to an institution's mission or to its role in the local community. The Board of Governors plans to review those outlines at its November meeting.

**Supporting Documentation Included: Early Report on FTIC Admissions; “Y-axis”**
