

Strategic Imperative 5

Quality, Quantity of Education Options

**Dr. Theresa Klebacha, Executive
Director
Independent Education & Parental
Choice
October 2004**

Strategic Imperative 5

Quality, Quantity of Education Options

Increasing the Quantity and Improving the Quality of Education Options

- **“KNOW”** the standards and accountability outcomes
- **“GROW”** student and provider participation in the educational options
- **“SHOW”** student and provider compliance with law

Strategic Imperative 5

Quality, Quantity of Education Options

Management Objectives

- **5.1 Ensure accountability and compliance (of new and existing student and independent providers)**
- **5.2 Grow student and provider participation in education options**

Strategic Imperative 5

Quality, Quantity of Education Options

Management Objective 5.1

- Ensure accountability and compliance
- Priority Measures:
- % independent schools meeting reporting requirements by deadline
- % of “disposed” inquiries on school compliance by deadline
- % of new independent schools meeting compliance requirements within established time period
- % of existing independent schools meeting compliance requirements within established time period

Strategic Imperative 5

Quality, Quantity of Education Options

Management Objective 5.2

- Grow student and provider participation in education options
- Priority Measures:
- % increase in the rate of student participation in independent education choice options
- % increase in the rate of provider participation in independent education choice options

Strategic Imperative 5

Quality, Quantity of Education Options

Major Accomplishments:

- Online private school annual survey and scholarship compliance form
- Statewide Charter School Annual Report
- K-8 pilot virtual school contracts and coordination
- Public information and compliance monitoring reporting systems
- Student and provider databases and website

Strategic Imperative 5

Quality, Quantity of Education Options

Upcoming Challenges:

- Voucher/Private school accountability legislation
- Charter school finance and student accountability legislation
- New charter school and voucher program rules
- Continued upgrade of program oversight responsibilities
