Strategic Imperative 6 Workforce Education

**Appropriately aligning
workforce education with the
skill requirements of the
new economy.**

Management Objectives and Outcome Measures

- 6.1 Restructure Florida's programs to emphasize skills sets important to employers & to provide articulated programs
 - Measurable Goal: 80% of targeted institution workforce education programs meet the established curricular requirements by FY 2007
 - Status: *8 of 16 USDOE Career Clusters, as defined by a national committee of business and industry, have been reviewed.*

Management Objectives and Outcome Measures

- 6.2 Expand program offerings in High Skill/ High Wage workforce education programs
 - Measurable Goal: 80% of technical centers & community colleges meet program review requirements in five years and show a 5% increase in High Skill/High Wage programs
 - Status: New Project
