

STATE BOARD OF EDUCATION
Policy Issues for Concurrence
January 18, 2005

SUBJECT: Florida Principal Standards

PROPOSED BOARD ACTION

For concurrence.

AUTHORITY FOR STATE BOARD ACTION

Sections 1012.55 and 1012.56(8), Florida Statutes.

BACKGROUND INFORMATION

The Florida Legislature repealed the Management Training Act, which included 19 competencies for school principals. The State Board and the Department are now charged with the responsibility of establishing competencies as well as policies for principal selection, training and certification. The adoption of these standards will provide the foundation for a new process in Florida. The specific standards will be prescribed in rule which will be presented to the Board for adoption.
