

Attachment H

The institutions that are eligible to participate in the College Reach-Out Program are identified in statute, Chapter 1007.34, Florida Statutes, subsections (3) and (4):

(3) To participate in the college reach-out program, a postsecondary educational institution may submit a proposal to the Department of Education. The State Board of Education shall consider the proposals and determine which proposals to implement as programs that will strengthen the educational motivation and preparation of low-income educationally disadvantaged students.

(4) Postsecondary educational institutions that participate in the program must provide procedures for continuous contact with students from the point at which they are selected for participation until they enroll in a postsecondary education institution. These procedures must assist students in selecting courses required for graduation from high school and admission to a postsecondary institution and ensure that students continue to participate in program activities. Institutions that participate must provide on-campus academic and advisory activities during summer vacation and provide opportunities for interacting with college and university students as mentors, tutors, or role models. Proposals submitted by universities and consortia involving universities must provide students with an opportunity to live on campus.
