AUTHORITY FOR STATE BOARD ACTION

Sections 1001.03(8) and 1008.32, F.S.

BACKGROUND INFORMATION

The State Board of Education requested at the May 17, 2005, meeting, that the Department contact school districts which have not complied with statutory requirements relating to charter school appeals. Information will be provided to update the Board on what school districts may have implemented to address their noncompliance.

In addition, information will be provided on the proposed process the Department will implement to identify other issues which may exist relating to the charter school application process and operation of charter schools.

Supporting Documentation Included: Charter School Administrator Survey
