BACKGROUND INFORMATION

As of July 27, 2006, 12,208 children have participated in the summer VPK program. The Department of Education and the Agency for Workforce Innovation are collaborating on the evaluation of the summer VPK program. DOE has posted an on-line summer survey to be completed by providers, program administrators, and teachers (available at: [Summer VPK Survey](#)). AWI is developing a parent survey that will be sent to parents of participating children.

This update will provide a debriefing of the summer VPK program provided by school districts along with a short video.
