SUCCEED, Florida!

Career Paths Models

MODELS/TYPES:

- **"School-Within-A-School"** A Career Academy within a larger comprehensive high school with a career focus.
- **"Smaller Learning Communities"** within a comprehensive high school. In many large high schools, the entire school is structured around a Career Academy. Every student in the school is in an Academy.
- **"Technical High School Magnet Academies "** Academy program offerings prepare students for postsecondary opportunities as well as “the world of work” with marketable skills. Upon high school graduation, each student receives a high school diploma as well as a certificate of proficiency in a specialized area of study.
