Tallahassee, FL 32399

Dear Deputy Chancellor Stewart:

Please consider this the Citrus County School District proposed STAR Plan for the 2006-2007 school year. Union and management have signed a Memorandum of Understanding (attached) and present this Plan in good faith, as required in proviso language in the 2006 Appropriations Act. (See the attached excerpt from our current Union ratified and School Board approved contract.)

Our union/administrative negotiating team will move through another ratification process in accordance with Chapter 447, Florida Statutes, after required changes have been made based on state recommendations.

We look forward to your notification so that we may proceed with information sessions for our staff.

Sincerely,

Sandra Himmel  
Superintendent of Schools
