

**1003.62 Academic performance-based charter school districts.**--The State Board of Education may enter into a performance contract with district school boards as authorized in this section for the purpose of establishing them as academic performance-based charter school districts. The purpose of this section is to examine a new relationship between the State Board of Education and district school boards that will produce significant improvements in student achievement, while complying with constitutional and statutory requirements assigned to each entity.

(1) ACADEMIC PERFORMANCE-BASED CHARTER SCHOOL DISTRICT.--

(a) A school district shall be eligible for designation as an academic performance-based charter school district if it is a high-performing school district in which a minimum of 50 percent of the schools earn a grade of "A" or "B" and in which no school earns a grade of "D" or "F" for 2 consecutive years pursuant to s. 1008.34. Schools that receive a grade of "I" or "N" shall not be included in this calculation. The performance contract for a school district that earns a charter based on school grades shall be predicated on maintenance of at least 50 percent of the schools in the school district earning a grade of "A" or "B" with no school in the school district earning a grade of "D" or "F" for 2 consecutive years. A school district in which the number of schools that earn a grade of "A" or "B" is less than 50 percent may have its charter renewed for 1 year; however, if the percentage of "A" or "B" schools is less than 50 percent for 2 consecutive years, the charter shall not be renewed.

(b) A school district that satisfies the eligibility criteria for designation as an academic performance-based charter school district may be so designated upon a super majority vote by the district school board after having submitted and the State Board of Education having approved a charter proposal that exchanges statutory and rule exemption, as authorized by this section, for agreement to meet performance goals in the proposal. The academic performance-based charter school district shall be chartered for 1 year, at the end of which the performance shall be evaluated. If maintenance of high-performing school district status pursuant to paragraph (a) is not documented in accordance with State Board of Education rule, the charter shall not be renewed.

However, the State Board of Education may not exempt an academic performance-based charter school district from any of the following statutes:
