EXECUTIVE SUMMARY

A proposed timeline for Florida's adoption of National Common Core Standards in Language Arts and Mathematics as well as implementation activities. Adoption of National Common Core Standards is a requirement of Florida's participation in Phase One of Race to the Top. A successful Race to the Top application to the U.S. Department of Education could award Florida over \$1,000,000,000 available to support education initiatives. Florida's proposal includes the development of assessment tools for Florida teachers that support implementation of these national standards as well as professional development toolkits.
