

FLORIDA BOARD OF EDUCATION

April 16, 2002

SUBJECT: Budget Request Guidelines 2003-04

PROPOSED BOARD ACTION

Motion: Approve the 2003-04 budget request guidelines and authorize the Secretary to make technical amendments and adjustments based on the final appropriations.

BACKGROUND INFORMATION

Many policy issues currently being discussed in the Legislature have future funding implications, and the outcome of these discussions will affect the composition of the final budget request. However, in order to maintain the schedule for developing the legislative budget request, it is important for the Florida Board of Education to consider and to approve a set of policy guidelines at its April 2002 meeting. The requested funds will be allocated to meet the priorities listed on the attached documents.

The Board will review and approve a final 2003-2004 Legislative Budget Request at its August 2002 meeting.
