

**FLORIDA BOARD OF EDUCATION**  
September 20-21, 2001

**SUBJECT:** Organizing to Implement One Florida Activities

---

**PROPOSED BOARD ACTION**

For information only.

**BACKGROUND INFORMATION**

The new K-20 structure has provided a unique opportunity for the Secretary to organize an implementation team that includes personnel from each division within the Department of Education. The team is currently looking at how current activities can be better coordinated, expanded to reach more schools and students, and can be more effectively implemented. This presentation will familiarize board members with One Florida activities being implemented by public schools, community colleges, universities and other entities.
