November 19-20, 2001

SUBJECT: Discussion of the 2002-2003 Legislative Budget Request

PROPOSED BOARD ACTION

For discussion only.

BACKGROUND INFORMATION

The Board approved its 2002-2003 Legislative Budget Request at the August 2001 meeting. Since that time, several events have occurred which have a major impact on that request. The Legislature met in Special Session from October 22-November 1, 2001, and adopted a revised budget for the 2001-2002 budget year. Another Special Session has been called for November 27- December 6, 2001, to give further review to the 2001-2002 budget.

Staff will update the Board on these events as they unfold and discuss potential effects on the 2002-2003 education budget.
