NOTE: A student is involved in a hate crime if they cause physical injury, emotional suffering or property damage through intimidation, harassment, racial/ethnic slurs and bigoted epithets, vandalism, force or the threat of force, motivated all or in part by hostility to the victim’s real or perceived race, religion, color, sexual orientation, ethnicity, ancestry, national origin, political beliefs, marital status, age, social and family background, linguistic preference or disability1. The person was involved in creating an intimidating, hostile or offensive educational environment. The motivation (intent) behind the act is the key element in determining whether an incident is hate-related2.
