Data Element Number: 175630
Data Element Name: **Student Number Identifier - Alias, Florida**

A ten-character code used to identify the first Student Number Identifier, Florida assigned to a student in a district. The number will be reported to the state and will be used to enable the state to do longitudinal studies.

**Creation of the Data Element**

1. Upon enrollment in the district, copy each student’s Student Number Identifier, Florida to the student’s Student Number Identifier - Alias, Florida field.

2. Effective the first day of the 180 day 1991-92 school year, for any student who provides a social security number, the student’s Student Number Identifier, Florida should be equal to the student’s social security number followed by an “X.”

**Subsequent Changes**

If a social security number is provided at a later date or the student’s social security number is incorrect, the student’s existing Student Number Identifier, Florida must be updated. The correct social security number would be entered in the first nine positions of the Student Number Identifier, Florida field and an “X” would be entered into the tenth position. The Student Number Identifier – Alias, Florida field must remain constant.

If a student does not have a social security number and the district determines the student’s Student Number Identifier, Florida is incorrect, the student’s existing Student Number Identifier, Florida must be updated. The Student Number Identifier - Alias, Florida must remain constant.
