Year: 2016-17

Data Element Number: 197231
Data Element Name: **Zero-Tolerance: Expulsions**

A code indicating whether or not the student was removed from the school setting for an extended length of time with or without continuing education services due to state or local zero-tolerance policies.

A zero-tolerance policy is a policy that results in mandatory expulsion of any student who commits one or more specified offenses (for example, offenses involving guns, or other weapons, or violence, or similar factors, or combinations of these factors). A policy is considered “zero-tolerance” even if there are some exceptions to the mandatory aspect of the expulsions, such as allowing the chief administering officer of an LEA to modify the expulsion on a case-by-case basis.
