

Letter Sounds Fluency: Help the Kids Find Their Skateboard!

Start a timer (most likely your mobile phone has one). Point to each letter, moving left to right and down the page, as your child gives the sound each letter makes. When your child makes a mistake, put a small check mark next to the letter, give the correct sound and move on to the next letter. The game ends when your child reaches the skateboard. At that point, stop the timer and make a note of the time. Go back and review the letters you put checks beside. Repeat the game every day for five days in a row and praise your child for completing the game faster and with fewer mistakes.
