Section 1007.01(3)(c), Florida Statutes

EXECUTIVE SUMMARY

The purpose of the Dual Enrollment Course-High School Subject Area Equivalency List, authorized by s. 1007.271(9), F.S., is to establish equivalencies between postsecondary courses and credits completed through dual enrollment courses toward meeting high school graduation requirements.

S. 1007.01(3)(c), F.S., directs the Articulation Coordinating Committee (ACC) to annually recommend dual enrollment course and high school subject equivalencies for approval by the State Board of Education and the Board of Governors. The recommended changes were approved by the ACC on February 27, 2019.

Below is a summary of the revisions to the 2019-2020 Dual Enrollment Course-High School Subject Area Equivalency List:

In all academic subject areas: Course names have been updated to reflect those used on the State Course Numbering System (SCNS). Removal of courses no longer provided by any postsecondary institution participant of SCNS.

Practical Arts/Career Education: Career Education courses have been segmented into a separate list from academic dual enrollment courses. New courses included are assigned to either career (elective) high school credit or practical arts credit (pursuant to s. 1003.428(2)(a)5., F.S.). Courses not meeting requirements for obtaining industry certification as listed in the CAPE Postsecondary Industry Funding List have been removed.

Foreign Language: Removal of courses that have had no student enrollment for at least 3 years.
