TO: Florida College System Presidents

School District Career and Technical Education Directors
School Technical Center Directors

FROM: Henry Mack, Chancellor of Career and Adult Education

DATE: January 24, 2020

SUBJECT: Statewide CTE Audit Results

Today, the Florida Department of Education hosted a webinar reviewing the initial findings from the career and technical education (CTE) audit, which is being conducted in accordance with Executive Order 19-31 and section 1003.491(5), Florida Statutes. Attached is a summary of the statewide findings.

Each district/institution can expect to receive notification of its findings no later than February 3, 2020, under separate cover. As a result of the statewide review, each program will fall into one of four categories:

1. Program met benchmarks (statewide) – no further action is required
2. Program did not meet workforce benchmarks (statewide) – progressing for further review of local or industry need
3. Program did not meet institutional performance benchmarks (statewide) – progressing for further review of institutional performance
4. Program did not meet workforce and institutional benchmarks (statewide) – progressing for further review of local or industry need and institutional performance

We encourage districts/institutions to save the date(s) for the following upcoming technical assistance webinars, should you have programs that proceed to local reviews.
