

SDMC Cleaning Products for Classrooms and Custodial Use

For Classroom Use

- Hand Soap – Liquid Antibacterial
- One-gallon hand sanitizer with pump top
- Ethyl alcohol wipes. 75% ethyl alcohol wipes meet current Center for Disease Control (CDC) guidelines*
- Peroxy Hdox – (EPA # 84198-1) Hydrogen peroxide based cleaner/disinfectant is listed on the EPA's "N" list for approved products to address the COVID 19 virus. Product is to be applied by spraying on surfaces. Let product stand for 5 minutes. Product leaves no residue and does not have to be wiped off.

For Custodial Use Only

- Avistat-D viricidal, bactericidal, tuberculocidal, fungicidal product.
- Neutral-Q viricidal, fungicidal product.
- Both above products are being used by the custodians, not the teachers or students.
