This fact sheet provides information for the following end-of-course (EOC) assessments that measure student achievement of the Next Generation Sunshine State Standards (NGSSS), as outlined in their course descriptions:

- Biology 1 EOC assessment
- Civics EOC assessment
- U.S. History EOC assessment
- Algebra 1 EOC Retake
- Geometry EOC Retake

For information about the FSA EOC Assessments (Algebra 1, Geometry, Algebra 2) please see the FSA EOC Fact Sheet.

**Students to be Tested – Biology 1, U.S. History, and Civics**

All students enrolled in and completing one of the following courses aligned to the NGSSS will participate in the appropriate assessment as follows:

The following students are eligible to participate in the NGSSS Biology 1, Civics, and U.S. History EOC Assessment administration(s):

- Students who need to earn a passing score for a standard diploma with a scholar designation (Biology 1 and U.S. History only)
- Students who have not yet taken the assessment to be averaged as 30% of their course grade
- Students who are in grade forgiveness programs and wish to retake the assessment to improve their course grade

**Students to be Tested – Algebra 1 and Geometry Retakes**
The following students are eligible to participate in the NGSSS Algebra 1 and Geometry EOC Assessment administration(s):

- Students who need to retake the assessment for graduation purposes
- Students who have not yet taken the assessment to be averaged as 30% of their course grade
- Students who are in grade forgiveness programs and wish to retake the assessment to improve their course grade

*Students completing one of these courses for the first time participate in the FSA Algebra 1 EOC.
**The last administration of the NGSSS Geometry EOC will be in winter 2014. Students who still need to retake this assessment in spring 2015 and beyond will take the FSA Geometry EOC.

### Test Administration Schedule
For a full schedule of EOC assessments, see the [2014-15 Statewide Assessment Schedule](#). The 2014-15 NGSSS EOC Assessments will be administered as follows:

- **Winter Administration (all subjects):** December 1–19, 2014
  - Accommodated paper-based tests completed by December 12.
- **Spring Administration (Algebra 1):** March 23–April 10, 2015
  - Accommodated paper-based tests completed by April 3.
- **Spring Administration (Biology 1, Civics, and U.S. History):** April 20–May 22, 2015
  - Accommodated paper-based tests completed by May 15.
- **Summer Administration (All subjects):** July 13–24, 2015
  - Accommodated paper-based tests completed by July 17.
Test Administration Information

- The NGSSS EOC assessments are delivered via a computer-based test (CBT) platform called TestNav. Beginning with the winter 2014 EOC administration, a browser-based version of the platform, TestNav8, will be used for these assessments.
- Paper-based versions (regular print, large print, braille, and one-item-per-page) are provided for students with disabilities who require allowable accommodations, as specified in their individual educational plans (IEPs) or Section 504 plans.
- The assessment is given in one 160-minute session with a 10-minute break after the first 80 minutes. Students are not allowed to talk during the break. Individual breaks may be allowed as needed. Students may not be dismissed during the first 80 minutes; however, if they complete the test in the first 80 minutes, they may be dismissed at the beginning of the 10-minute break. After the 10-minute break, students may be dismissed as they complete the test.
- Although the assessment is scheduled for a 160-minute session, any student not finished by the end of the 160 minutes may continue working. Testing must be completed within the same school day.
- There are multiple forms of each assessment. The number and type of items are as described below:
  - For Biology 1, there are 60-66 multiple-choice items.
  - For U.S. History, there are 50-60 multiple-choice items.
  - For Civics, there are 52-56 multiple-choice items.
  - For Algebra 1, there are 35-40 multiple-choice items and 20-25 fill-in response items.
  - For Geometry, there are 35-40 multiple-choice items and 20-25 fill-in response items.
Six to 10 of these items on each assessment are field test items and are NOT used to calculate student scores. For more information, see the [test design summary](#).

Practice Test

- Computer-based practice tests for the new browser-based platform (TestNav8) are available at [www.FLAssessments.com/ePATs](http://www.FLAssessments.com/ePATs). Teachers, parents/guardians, and students can review the ePAT for each assessment. All students participating in the winter EOC administration and beyond must use the updated practice test prior to the administration due to the implementation of the new platform.
- Paper-based regular print practice tests are available for student use on the EOC home page. For students participating with large print or braille accommodations, paper-based practice materials can be ordered by districts for these students.
Scoring and Reporting

- **Equating**—Student results from the different test forms are reviewed and compared to ensure that the level of difficulty is the same for each test form. This process, called “equating,” takes place after testing when enough student scores are in the system to ensure that a representative sample of student results is available for use in the comparison.

- **Scale Scores**—Students receive a scale score on the NGSSS EOC Assessment scale of 325–475.

- **Achievement Levels**—The success a student has achieved with the NGSSS assessed by the EOC Assessment is indicated by Achievement Levels that range from 1 (lowest) to 5 (highest). Level 3 indicates satisfactory performance (passing). The following table provides the scale score range for each Achievement Level.
