

Sample FELE WPA Prompt #2: Middle School CDE

Student assessment data for a set of four 7th-grade language arts teachers at Middle School CDE have been compiled in the table below. The class size and composition is nearly equivalent for all four teachers. Year 3 is the current school year.

Middle School CDE Student Assessment Data									
Grade 7 Language Arts									
Teacher	% Total Making Reading Gains			% ESE Making Reading Gains			% LEP Making Reading Gains		
	Year 1	Year 2	Year 3	Year 1	Year 2	Year 3	Year 1	Year 2	Year 3
A	68	70	70	60	64	65	60	64	63
B	73	76	79	73	77	80	70	73	73
C	42	48	45	40	48	45	25	29	26
D	62	65	64	64	67	66	62	64	63

The principal of Middle School CDE has given you, the assistant principal, the task of analyzing the data presented in the table. Using this information, you are to create a summary for the principal with professional development recommendations about the 7th-grade language arts student achievement results.

The summary should include

- identification of a data trend for each of the four teachers and an analysis of the overall data;
- a summary of the data to support the selection of one teacher in need of focused professional development;
- professional development related to the teacher's area(s) in need of improvement in order for the teacher to develop targeted instructional strategies to improve student learning gains during; and
- a plan to monitor the implementation of the new instructional strategies in the teacher's classroom.
