Assurances
The Florida Department of Education (FDOE) has developed and implemented a document entitled General Terms, Assurances and Conditions for Participation in Federal and State Programs to comply with

2 C.F.R. 200, Uniform Grant Guidance (UGG) requiring agencies to submit a common assurance for participation in federal programs funded by the United States Education Department (USED); Applicable regulations of other Federal agencies; and State regulations and laws pertaining to the expenditure of state funds.

In order to receive funding, applicants must have on file with the Florida Department of Education, Office of the Comptroller, and a signed statement by the agency head certifying applicant adherence to these General Assurances for Participation in State and Federal Programs. The complete text may be found in Section D of the Green Book.

School Districts, Community Colleges, Universities, and State Agencies
The certification of adherence, currently on file with the FDOE Comptroller’s Office, shall remain in effect indefinitely. The certification does not need to be resubmitted with this application, unless a change occurs in federal or state law, or there are other changes in circumstances affecting a term, assurance or condition.

Private Colleges, Community-Based Organizations and Other Agencies
In order to complete requirements for funding, applicants of this type must certify adherence to the General Assurances for Participation in State and Federal Programs by submitting the certification of adherence page, signed by the agency head with each application.

Note: The UGG combines and codifies the requirements of eight Office of Management and Budget (OMB) Circulars: A-89, A-102 (former 34 CFR part 80), A-110 (former 34 CFR part 74), A-21, A-87, A-122, A-133, and A-50. For the FDOE this means that the requirements in EDGAR Parts 74 and 80 have also been
subsumed under the UGG. The final rule implementing the UGG was published in the Federal Register on December 19, 2014, and became effective for new and continuation awards issued on or after December 26, 2014.

Technical assistance documents and other materials related to the UGG, including frequently asked questions and webinar recordings, are available at the Chief Financial Officers Council web site: https://cfo.gov/cofar.

**Risk Analysis**
Every agency must complete a Risk Analysis form. The appropriate DOE 610 or DOE 620 form will be required prior to a project award being issued.

School Districts, State Colleges, and State Universities, and State Agencies must use the DOE 610 form. Once submitted and approved, the risk analysis will remain in effect unless changes are required by changes in federal or state law, changes in the circumstances affecting the financial and administrative capabilities of the agency or requested by the Department. A change in the agency head or the agency’s head of financial management requires an amendment to the form. The DOE 610 form may be found at http://www.fldoe.org/core/fileparse.php/5625/urlt/doe610.xls.

Governmental and Non-Governmental Entities must use the DOE 620 form. The DOE 620 form is required to be submitted each state fiscal year (July 1-June 30) prior to a Project Award being issued for that agency. An amendment is required if significant changes in circumstances in the management and operation of the agency occurs during the state fiscal year after the form has been submitted. The appropriate Risk Analysis form may be found at http://www.fldoe.org/core/fileparse.php/5625/urlt/doe620.xls.

Non-public entities are required to take the Grants Fiscal Management Training and Assessment annually. The agency head and/or the agency’s financial manager (CFO) must complete this training within 60 days of the date of execution (Block 12) on the DOE 200, Project Award Notification. Training and assessment can be found using the following link: https://app1.fldoe.org/grants/trainingAssessment/login.aspx. Non-participation in the training program may result in termination of payment(s) until training is completed.

**Funding Method**

**Federal Cash Advance (Public Entities only as authorized by the FDOE)**
Federal cash advances will be made by state warrant or electronic funds transfer (EFT) to a recipient or subrecipient for disbursements. For federally funded programs, requests for federal cash advance must be made through FDOE’s Florida Grants System (FLAGS). Supporting documentation for expenditures should be kept on file at the program. Examples of such documentation include, but are not limited to, payroll records, contracts, and invoices with check numbers verifying payment and/or bank statements – all or any of these items must be available upon request.

**Fiscal Records Requirements and Documentation**

- Charges to federal projects for personnel costs, whether treated as direct or indirect costs, will be based on payrolls documented in accordance with generally accepted accounting principles implemented by the fiscal agent and approved by responsible official(s) of the agent.
Applicants must complete a Budget Narrative form, DOE 101. Budget pages must be completed to provide sufficient information to enable FDOE reviewers to understand the nature and reason for the line item cost.

All funded projects and any amendments are subject to the procedures outlined in the Project Application and Amendment Procedures for Federal and State Programs (Green Book) and the General Assurances for Participation in Federal and State Programs, which may be accessed online at www.fldoe.org/grants/greenbook/.

All accounts, records, and other supporting documentation pertaining to all costs incurred shall be maintained by the recipient for five years. Supporting documentation for expenditures is required for all funding methods. Examples of such documentation include but are not limited to invoices with check numbers verifying payment, and/or bank statements; time and effort logs for staff, salary/benefits schedules for staff. All or any documentation must be available upon request.

Budgeted items must correlate with the narrative portion of the project application that describes the specific activities, tasks and deliverables to be implemented.

All project recipients must submit a completed DOE 399 form, Final Project Disbursement Report, by the date specified on the DOE 200 form, Project Award Notification.

**Allowable Expenses:**
Program funds must be used solely for activities that directly support the accomplishment of the program purpose, priorities and expected outcomes during the program period. All expenditures must be consistent with the approved application, as well as applicable state and federal laws, regulations, and guidance. Allowable expenditures may include costs associated with employing appropriate staff for administering the project, office materials and supplies, and other relevant costs associated with the administration of the project, including meeting room rentals, consultant fees, printing, etc.

Expenses for personal digital assistants (PDA), cell phones, smart phones and similar devices, including the service costs to support such devices may be allowable, with FDOE prior approval. Applicants will need to describe and justify the need for such devices, identify the amount that will be applicable to the project and how the device will kept secure.

**Narrative Section**

**Project Design-Narrative**

The purpose of Title II, Part A is to provide sub-grants to local educational agencies to 1) increase student achievement consistent with challenging State academic standards; 2) improve the quality and effectiveness of teachers, principals, and other school leaders; 3) increase the number of teachers, principals, and other school leaders who are effective in improving student academic achievement in schools; and 4) provide low-income and minority students greater access to effective teachers, principals, and other school leaders, per [section 2102(b)](http://www.ed.gov/policy/elsec/leg/esea02/pg111.html).

To achieve these goals, local educational agencies (LEA) in the state of Florida shall focus on one or more of these four broad strategies:

1) Developing and implementing initiatives to assist in recruiting and hiring effective teachers;
2) Increasing effectiveness of all teachers through effective evaluation and high-quality, personalized professional development;
3) Increasing the retention of effective teachers, principals, and other school leaders; and
4) Prioritizing effective teachers for high needs students, particularly in low-income schools with high percentages of ineffective teachers and high percentages of students who do not meet the challenging State academic standards.

The appropriateness of the strategies the LEA employs shall be supported through an analysis of data on student achievement; teacher supply; and teacher, principal and other school leader effectiveness. LEAs and schools will be held accountable for improvements in teacher and principal performance and student academic achievement through evidence-based programs. Examples of projects, activities, and other expenditures supported with Title II-A funds are outlined in section 2103(a)(3).

Section 2102(b)(3) requires that professional development activities have been developed with extensive participation of teachers, principals, other school leaders, paraprofessionals (including organizations representing such individuals), specialized instructional support personnel, charter school leaders, parents, community partners, and other organizations or partners with relevant and demonstrated expertise in programs and activities designed to meet the purpose of this title.

Section 2104(b) requires that programs will be evaluated annually; the evaluation will be used to make decisions about appropriate changes in programs for the subsequent year; the evaluation will describe how program(s) affected student academic achievement and will include, at a minimum, information and data on the use of funds, the types of services furnished, and the students served; and the evaluation will be submitted to the state annually.
