

AFNR DOE Update FACTE Conference 2015

Amy McAllister

State Supervisor

Agriculture, Food and Natural Resources Education

Programs for Review 16-17

- Advanced Concepts of Agriscience
- Agriculture Sales & Service
- Animal Science & Services
- Food Science Applications
- Food Science Safety & Technology
- Fundamentals of Agriscience
- Veterinary Assisting

Textbook Adoption

- The agriculture instructional materials adoption process has been completed. The final list of materials is with the commissioner for approval. The following agriculture courses will have instructional materials on the statewide list:

Agriculture Communications

Exploration of Agriscience

Animal Science & Services

Agriscience Foundations

Agriculture Biotechnology

Veterinary Assisting

Data Reporting

- Please be sure that the course and program numbers being reported are a reflection of what the teacher is teaching in the classroom.
- There have been several issues with incorrect numbers being reported, either daggered programs that are continuing to be used or programs just using the incorrect number.

New (Replacement) Programs

- Aquaculture (8004100)
 - Added a fourth course
- Environmental Water & Reclamation Technology (8007300)
 - Combined the 2 water program together
- Landscape Operations (New) (8002100)
 - Combined Landscape Operations & Sport And Recreational Turf
- Natural Resources (8006200)
 - Combined Land Resources & Environmental Resources

Daggered Programs

- Aquaculture (8112000)
- Environmental Water Technology (8007100)
- Environmental Water Reclamation Technology (8007200)
- Landscape Operations (8121300)
- Sports & Recreation Turf Operations (8121400)
- Environmental Resources (8113000)
- Land Resources Technology (8913000)

Industry Certifications

- Listed below are several of the industry certifications used in agriculture programs
 - Agriculture Technician Certification – FLFBR001
 - Agriculture Biotechnology – FLFBR002
 - Agriculture Communications Certification – FLFBR003
 - Agriculture Mechanics Certification – FLFBR004
 - Animal Science Certification – FLFBR005
 - Certified Veterinary Assistant -FLVMA002
 - Certified Horticulture Professional – FNGLA001
 - Certified Food Protection Manager (ServeSafe) – NRAEF003
 - AGSPACE Certifications for GIS Beginners – DIGIT801 (digital tools middle school)

Level 3 Agriculture Courses

- Listed below are level 3 courses

(please note that level 3 courses with industry certifications are now counted for honors credit)

- Agriscience Foundations
- Introductory Horticulture 2
- Horticulture Science 3
- Veterinary Assisting 1-5
- Ag Biotech 2-3
- Plant Biotech
- Animal Biotech

- Aquaculture 2-4
- Introduction to Natural Resources 2
- Natural Resource Technology 3
- Natural Resource Management 4
- Advanced Natural Resources 5
- Ag Leadership & Management
- Principles of Agribusiness

CPALMS

- CTE Programs and Courses are being loaded on to the CPALMS website.
 - The 13-14 frameworks have been listed on CPALMS
- Please refer to the CTE home page for the most up to date listing of frameworks
