

## New Agriculture Programs for 15-16

*If you are teaching the program areas below please be sure that you are using the new program numbers for new students in the program.*

Aquaculture (8004100)

Natural Resources (8006200)

Landscape Operations (8002100)

Environmental Water & Reclamation Technology  
(8007300)

## Frameworks & CTE Information

Please continue to use the FLDOE CTE homepage to access your frameworks and other supplemental materials. The CPALMS contract was not renewed and the information available on that site is incorrect and out of date.

<http://www.fldoe.org/academics/career-adult-edu/career-tech-edu/curriculum-frameworks/2015-16-frameworks/agriculture-food-natural-resources.stml>

## State Wide Textbook Adoption Materials

The courses that have material bids are:

Agriculture Communications – Ag Communication in Action - Cengage

Agriscience Foundations – Agriscience Fundamentals & Applications – Cengage

iCEV Agriscience Site - CEV Multimedia

Agriscience - Pearson

Exploration of Agriscience- iCEV Agriscience Site - CEV Multimedia

Agriscience Explorations

Agriculture Biotechnology- Introduction to Biotechnology - Cengage

Animal Science & Services- Science of Animal Agriculture - Cengage

Veterinary Assisting – Vetrinary Assisting Fundamentals & Applications - Cengage

## New Courses & Programs for 16-17

New Equestrian Studies program that will consist of Ag. Foundations and 4 Equestrian Courses

New Agricultural use of UAS Technology that is one capstone course for student who have completed an agriculture program.

## Data Reporting

Please be sure that your programs are being reported using the correct program and/or course number. I have seen preliminary enrollment numbers from last year and it looks like enrollments are down however, I know that there are some reporting issues, especially with middle school. Contact your school administration and/or your district to be sure your numbers are processed correctly. Also there is no longer a wheel course for middle school if your school is looking to offer a wheel type course they should use Orientation to Career Clusters 8000400.

Deleted programs that should have no enrollments:

|  |  |
|--|--|
| Agricultural Biotechnology (8106600)         | Agricultural Machinery Mechanics (8103400) |
| Agricultural Machinery Operations (8103200)  | Animal Biotechnology (8106100)             |
| Diversified Agricultural Mechanics (8103300) | Plant Biotechnology (8106500)              |
| Floral Design & Marketing (8818000)          | Water Resources Technology (8916000)       |
| Floral Design & Marketing (PSAV-M805030)     |  |

## CAPE/ Career Themed Course Reporting

In order to be eligible for teacher bonus money and CAPE funds your students must be registered for career themed courses this fall. The window for middle school is open now and will close October 14<sup>th</sup>. The window for registering Career- Themed Courses is October 16<sup>th</sup> – November 30<sup>th</sup>. Industry certifications generally used for agriculture are:

- Agriculture Technician Certification – FLFBR001
- Agriculture Biotechnology – FLFBR002
- Agriculture Communications Certification – FLFBR003
- Agriculture Mechanics Certification – FLFBR004
- Animal Science Certification – FLFBR005
- Certified Veterinary Assistant -FLVMA002
- Certified Horticulture Professional – FNGLA001
- Certified Food Protection Manager (ServeSafe) – NRAEF003
- AGSPACE Certifications for GIS Beginners – DIGIT801  
(digital tools middle school)

## Hard to Measure Test Bank

- To use the Florida Hard to Measure test bank you will need to create a single sign account on the DOE homepage.
- Your district will then need to grant you access to the IBTP.
- There are various levels of access, the most restricted level is for district personnel.
- The test must be built, it will not automatically generate a test, so make sure you are planning accordingly for time

Any questions please e-mail me: [Amy.McAllister@fldoe.org](mailto:Amy.McAllister@fldoe.org)
