<sup>1</sup> To provide meaningful results and to protect the privacy of individual students, data are not reported when the total number of students in a group is fewer than 10 or when all the students in a group are in the same category (i.e., all in the same Achievement Level or all earning "Level 3 or Above"). An asterisk (\*) appears when data are suppressed.

<sup>2</sup> Results in this report include first-time testers only.

<sup>3</sup> Adding the percentages in Levels 3-5 may not result in the percentage reported under "Percentage Passing (Level 3 or Above)" due to rounding.

<sup>4</sup> Summer 2013 data initially reported on August 23, 2013, were updated to remove private school student results from summary reports. All individual student reports were accurate.
