¹ 2012 FCAT Writing data are provided in this report because the scoring standards were the same in 2012 as in 2013; however, caution should be used when comparing 2013 results to 2012 results since students had 60 minutes to take the test in 2013 and 45 minutes to take the test in 2012.

² Percentages may not add to 100 due to rounding.
