Test Fee Reductions
SB7070: FTCE Changes

On May 9, Governor DeSantis signed Senate Bill (SB) 7070, which, among other things, amended s. 1012.56, F.S., as follows:

- Requires only candidates who serve as classroom teachers pursuant to s. 1012.01(2)(1), F.S., to “demonstrate mastery of general knowledge.”

- Requires school districts employing individuals who do not pass the General Knowledge assessment to “provide information regarding the availability of state-level and district-level supports and instruction to assist him or her in achieving a passing score.”
SB7070: FTCE Changes (cont.)

• Removes the requirement that individuals holding a temporary teaching certification pass the General Knowledge test within 1 calendar year of the date of employment.

• Allows the State Board of Education (SBE) to adopt rules to allow the Department to extend the validity of a temporary certificate for 2 years “if the certificateholder is rated highly effective in the immediate prior year’s performance evaluation pursuant to s. 1012.34 or has completed a 2-year mentorship program pursuant to s. 1012.56(8).”
SB7070: FTCE Changes (cont.)

• Requires that the SBE rule outlining FTCE fees specify costs for:
  • Initial registration for first-time test takers.
  • Retake of the full battery of subtests of an examination; these costs must not exceed the fee for the initial registration.
  • Retake for each subtest of an examination; these costs must be prorated based on the number of subtests within the examination.

• Removes the requirement that FTCE fees be based on Department estimates of the revenue required to implement the assessments required by law.
