| Activity reports lack required documentation:                          | - 100% did not contain the DVR counselor’s written assignment  
- 8% did not contain the customer’s verification of services rendered  
- 20% did not contain the required DVR counselor or supervisor’s signature  
- 6% did not specify the nature and purpose of the assignment. | We recommend DVR counselors provide written assignments to the interpreters as required by the contract. We also recommend the contract manager ensure the interpreter activity reports contain all required documentation, to include signatures and the specific nature and purpose of the assignment, prior to approving the invoices. | Management Response as of November 6, 2014:
