# Florida Department of Education Division of Career and Adult Education

# Adult Literacy League (ALL) Adult Education and Family Literacy Quality Assurance Monitoring Report

#### I. INTRODUCTION

The Florida Department of Education (FDOE), Division of Career and Adult Education (Division), in carrying out its roles of leadership, resource allocation, technical assistance, monitoring and evaluation, is required to oversee the performance and regulatory compliance of recipients of federal and state funding. The Quality Assurance section of the Bureau of Grants Administration and Compliance (Bureau) is responsible for the design, development, implementation and evaluation of a comprehensive system of quality assurance including monitoring. The role of the Quality Assurance System is to assure financial accountability, program quality and regulatory compliance. As stewards of federal and state funds, it is incumbent upon the Division to monitor the use of workforce education funds and regulatory compliance of providers on a regular basis.

## II. AUTHORITY

The Florida Department of Education receives federal funding from the U.S. Department of Education for Adult Education and Family Literacy under the Adult Education and Family Literacy Act of 1998. FDOE awards sub grants to eligible providers to administer local programs. FDOE must monitor providers to ensure compliance with federal requirements, including Florida's approved state plans for adult education/family literacy.

Additional cites noting authority to monitor and pertinent laws and regulations are located in the 2010-11 *Quality Assurance Policies, Procedures, and Protocols*, Module A, Section 1.

# III. QUALITY ASSURANCE POLICIES, PROCEDURES, AND PROTOCOLS

The *Quality Assurance Policies, Procedures, and Protocols* (Manual) was revised in the 2010-11 program year. The Manual was provided to each provider prior to the monitoring visit. The Manual provides a summary of each facet of the monitoring design and the process. It also contains protocols that may be used as agencies are monitored or reviewed. References may be made to the Manual in this document; it is located on the Division's website at <a href="http://www.fldoe.org/workforce/compliance.asp">http://www.fldoe.org/workforce/compliance.asp</a>.

# IV. PROVIDER SELECTION

Various sources of data are used throughout the implementation of the Quality Assurance System. The monitoring component of the system is risk-based. Risk Assessment is a process used to evaluate variables associated with the grants and assign a rating for the level of risk to the Florida Department of Education and the Division of Career and Adult Education.

In some cases, specifically with Community- and Faith-Based Organizations (CBOs and FBOs), the evaluations of the risk factors result in similar scores. Therefore, such organizations may be evaluated on a periodic and/or cyclical basis as determined appropriate by the Division. For on-site visits, agencies may be chosen to fit in with regularly scheduled travel or scheduled separately as determined by the Director.

Due to a scheduled visit to a local provider, the monitoring strategy for the Adult Literacy League was determined to be an on-site visit. Notification was sent to Ms. Joyce Whidden, Executive Director, on November 16, 2010.

The on-site visit to the agency was conducted May 16, 2011, by three representatives of the Quality Assurance Section of the Division: Ms. Eileen L. Amy, Director of Quality Assurance and Compliance and Program Specialists, Ms. Sheryl Walden and Mr. Tashi Williams.
