Contact Information

The district contact should be the person ultimately responsible for the plan. This person will be FDOE’s contact for the K-12 Comprehensive Research-Based Reading Plan. Please designate one contact for your district.

District Contact: Christy Gabbard
Contact Email: cgabbard@pky.ufl.edu
Contact Telephone: 352-392-1554 x 280

District-Level Leadership

District-level administrators must look at schools on an individual basis and distribute resources based on students’ and teachers’ levels of need. To describe the district system for monitoring reading instruction that differentiates school-level services, please address the following.

1. Districts should match or exceed the State Board goals for increasing FSA-ELA achievement by six percentile points, increasing the percentage of students making learning gains on the FSA-ELA by seven percentile points and reducing the achievement gap for the identified sub groups on the FSA-ELA by at least one-third by 2020. Please fill out the charts below with the actual results from the 2015-2016, 2016-2017 and 2017-2018 FSA-ELA and the interim district goals for 2020 identified in the 2017-2018 Comprehensive Reading Plan.

* Values for subsequent years will be entered once results are available in order to track progress toward the 2020 goal.

2. **Explain how expenditures from the allocation are expected to impact student achievement in relation to your district goals.**

The allocation allows P.K. Yonge DRS to serve K-12 students by maintaining highly qualified faculty who are dedicated to ensuring that our instructional program, at all tiers, is designed and implemented based on research-based practice in literacy instruction. Additionally, instructional design at Core (T1) and tiered interventions in literacy are appropriate and responsive to the needs of all learners.
3. In regard to district-level monitoring of student achievement progress, please address the following:

A. Who at the district level is responsible for collecting and reviewing student progress monitoring data?

As a single school, school district, the monitoring of student success in the elementary, middle, and high school literacy program at P.K. Yonge Developmental Research School occurs within the structure and implementation of our multi-tiered systems of support model. Formal evidence will be collected 3 times a year (fall, winter, and spring) by classroom teachers through curriculum based measurements to demonstrate that instruction is systematic, explicit, and based on student need. Curriculum based measurements include DIBELS, Fox in the Box, Gates MacGinitie Comprehension, Gates MacGinitie Vocabulary, Fountas and Pinnel Reading Levels at the elementary level. Curriculum based measurements may include as needed: course-based standards-aligned assessments, Gates MacGinitie Comprehension, Gates MacGinitie Vocabulary, and additional district determined reading and writing assessments. This data will be reviewed by teachers, program development specialists, and administrators as a central focus of our quarterly Student Success Team meetings (SST). The overall system, including all student progress monitoring data, is collected and reviewed annually by a leadership team including the Director of Student and Family Services, Director of Program Development, P.K. Yonge Principal, and P.K. Yonge Director.

B. What specific school-level progress monitoring data will be collected at the district level to determine that students are progressing toward the district goals stated above? Please specify which grade levels are associated with specific school-level progress monitoring tools discussed in this section.

As a single school, school district, the monitoring of student success in the elementary, middle, and high school literacy program at P.K. Yonge Developmental Research School occurs within the structure and implementation of our multi-tiered systems of support model. Formal evidence will be collected 3 times a year (fall, winter, and spring) by classroom teachers through curriculum based measurements to demonstrate that instruction is systematic, explicit, and based on student need. Curriculum based measurements include DIBELS, Fox in the Box, Gates MacGinitie Comprehension, Gates MacGinitie Vocabulary, Fountas and Pinnel Reading Levels at the elementary level. Curriculum based measurements may include as needed: course-based standards-aligned assessments, Gates MacGinitie Comprehension, Gates MacGinitie Vocabulary, and additional district determined reading and writing assessments. This data will be reviewed by teachers, program development specialists, and administrators as a central focus of our quarterly Student Success Team meetings (SST).

C. How often will student progress monitoring data be collected and reviewed by the district?

Student progress monitoring data, as described in 3.1 and 3.2, is collected and reviewed quarterly by school teams which include district leadership in order to make adjustments to services and core instruction as needed. Additionally, a district or K-12 school review of data occurs annually as we assess the impact of the overall program. This program
analysis supports school based teams in the design and implementation of literacy supports for all students grades K-12.

4. **Who at the district level is responsible for ensuring the fidelity of students not progressing towards district goals receiving appropriate interventions?**

The Director of Student and Family Services oversees the Multi-tiered system of support at P.K. Yonge and works directly the Director of Program Development to ensure appropriate implementation of P.K. Yonge’s student support model. These leaders work directly with K-5 Curriculum Specialist and K-12 Learning Community Leaders to ensure that students who are not responding to current instruction and progressing toward goals are receiving appropriate interventions.

5. **In regard to district-level monitoring of instructional alignment to grade-level Florida Standards, please address the following:**

   A. **Who at the district-level is responsible for ensuring classroom instruction is aligned to grade-level Florida Standards?**

      As a single school, school district the Director of Program Development and the K-12 Principal work in collaboration to ensure that classroom instruction is aligned to grade-level Florida Standards.

   B. **What evidence will be collected to demonstrate that classroom instruction is aligned to grade-level Florida Standards?**

      Evidence includes but is not limited to:
      - Standards-aligned grading and reporting systems in SIS system (K-12)
      - Review of Learning Management System (Canvas) housing all 6-12 digital learning environments
      - Syllabi for all 6-12 courses of study
      - Interim and Summative Assessments for all 6-12 courses
      - Instructional Planning documents (including digital lesson planning artifacts) K-5 courses

   C. **How often will this evidence be collected at the district level?**

      Evidence is collected on an ongoing basis throughout each school year and reviewed at a minimum, each semester.

6. **As a separate attachment, please provide the meeting agenda which demonstrates the district contact for the K-12 Comprehensive Research-Based Reading Plan has developed the plan along with: the district contact for Exceptional Student Education (ESE) to discuss the alignment between the District’s Special Programs and Procedures (SP&P) requirements, the district contact for Multi-Tiered Systems of Supports (MTSS), the district Management Information Systems (MIS) contact to ensure accurate data reporting, the district ELL contact, a school based principal and a teacher.**

   See Appendix A.
Research-Based Reading Instruction Allocation

As per Section 1011.62(c), F.S., funds allocated under this subsection must be used to provide a system of comprehensive reading instruction to students enrolled in the K-12 programs, which may include the following:

- An additional hour per day of intensive reading instruction to students in the 300 lowest-performing elementary schools by teachers and reading specialists who are effective in teaching reading;
- Kindergarten through grade 5 reading intervention teachers to provide intensive intervention during the school day and in the required extra hour for students identified as having a reading deficiency;
- Highly qualified reading coaches to specifically support teachers in making instructional decisions based on student data and improve teacher delivery of effective reading instruction, intervention and reading in the content areas based on student need;
- Professional development for school district teachers in evidence-based reading instruction, including strategies to teach reading in content areas with an emphasis on technical and informational text;
- Summer reading camps, using only teachers or other district personnel who are certified or endorsed in reading consistent with Section 1008.25(7)(b)(3), F.S., for all students in kindergarten through grade 2 who demonstrate a reading deficiency as determined by district and state assessments, and students in grades 3 through 5 who score at Level 1 on the statewide, standardized English Language Arts (ELA) assessment;
- Supplemental instructional materials that are grounded in evidence-based reading research; and
- Intensive interventions for students in kindergarten through grade 12 who have been identified as having a reading deficiency or who are reading below grade level as determined by the statewide, standardized English Language Arts assessment.

The following sections will require districts to submit their budget for these expenditures and to answer questions regarding the implementation of the plan.

Professional Development

As per Section 1012.98, F.S. each school district shall develop a professional development system which must include a master plan for inservice activities for all district employees, from all fund sources. The Just Read, Florida! office will review professional development related to reading instruction listed in this plan during monitoring. Please answer the following questions to assist with this process:

1. **Who is responsible for ensuring every professional development activity funded through the Research-Based Reading Instruction Allocation is appropriately entered into the Professional Learning Catalog pursuant to 6A-5.071 F.A.C.**?

As a single school, school district the Director of Program Development in coordination with the Principal are responsible for insuring alignment between the MIP and the Reading Plan.
2. What is the total amount budgeted from the Research-Based Reading Allocation for these inservice activities?

0.00

3. Within the district professional development system, Section 1012.98 (4)(b)(11), F.S., states the district must provide training to reading coaches, classroom teachers, and school administrators in effective methods of identifying characteristics of conditions such as dyslexia and other causes of diminished phonological processing skills; incorporating instructional techniques into the general education setting which are proven to improve reading performance for all students; and using predictive and other data to make instructional decisions based on individual student needs. The training must help teachers integrate phonemic awareness; phonics, word study, and spelling; reading fluency; vocabulary, including academic vocabulary; and text comprehension strategies into an explicit, systematic, and sequential approach to reading instruction, including multisensory intervention strategies. Each district must provide all elementary grades instructional personnel access to training sufficient to meet the requirements of Section 1012.585(3)(f), F.S..

Please list the course numbers from your district Professional Learning Catalog which cover this training.

Reading Difficulties, Dyslexia, and Other Disabilities
TITLE: Reading Difficulties, Dyslexia, and Other Disabilities
COMPONENT NUMBER: 2-100-019* / 2-013-002**

Reading/Literacy Coaches

The Just Read, Florida! office strongly encourages district leadership to allocate reading/literacy coaches for schools determined to have the greatest need based on student performance data, especially achievement gaps. Please answer the following questions regarding reading/literacy coaches:

1. What are the qualifications for reading/literacy coaches in your district? If there is a posted job description you may submit the link.

Reading Coaches at P.K. Yonge DRS have a minimum of a Masters level degree with appropriate graduate level coursework in reading, curriculum, and instructional methodology and/or certification or endorsement in K-12 reading.

2. Which schools have reading/literacy coaches funded from the Research-Based Reading Instruction Allocation?

As a single school, school district P.K. Yonge DRS is staffed with coaches funded from the Research-based Reading Instructional Allocation.
3. Were these schools identified to have the greatest need based on a review of student achievement data? If not, please explain why reading/literacy coaches were placed at these schools.

We look closely at our Data through our MTSS structure considering the data within our single K-12 school, we strategically allocated additional reading support in the form of leadership and coaching at intermediate elementary level leading into middle grades, which aligns with where we identify the highest need in our data.

4. How many total positions will be funded at each level using the Research-Based Reading Instruction Allocation:

   a. Elementary: 2.0
   b. Middle: N/A
   c. High: 0.4

5. How is the effectiveness of reading/literacy coaches measured in your district?

Effectiveness is determined through review of all data sources related to instructional practice and student response to instruction (reviewed as a component of the SST process).

6. What is the total amount from the Research-Based Reading Instruction Allocation that will be expended on reading/literacy coaches?

   161,672.00 (based on 2018-19 allocation)

Supports for Identification and Intervention of Students with Reading Deficiencies

Districts are required to submit Identification and Intervention Decision Trees which can be found in Appendix B.

Please answer the following questions regarding the use of the Research-Based Reading Instruction Allocation in support of the identification and intervention of students with reading deficiencies:

1. Which schools will be provided reading intervention teachers to provide intensive interventions funded through the Research-Based Reading Instruction Allocation?

   As a single school, school district we do not identify separate schools in this way.

2. Were these schools identified to have the greatest need based on a review of the students achievement data? If not, please explain why reading intervention teachers were placed at these schools.

   N/A
3. **How many total positions will be funded at each level through the Research-Based Reading Instruction Allocation:**

   a. Elementary: 0  
   b. Middle: 0  
   c. High: 0  

4. **What is the total amount expended on these positions funded through the Research-Based Reading Instruction Allocation?**

   0.00  

5. **Please list any supplemental instructional materials, or interventions, which will be purchased using funds from the Research-Based Reading Instruction Allocation. These will be reviewed by the *Just Read, Florida!* Office to ensure the materials, or interventions, meet the requirements of Section 1001.215(8), F.S.:**

   N/A  

6. **What is the total amount expended from the Research-Based Reading Instruction Allocation on supplemental instructional materials, or interventions?**

   0.00  

7. **If the intensive, explicit, systematic and multisensory interventions required to be provided to students in grades K-3 were not purchased using the Research-Based Reading Instruction Allocation, please list the funding source.**

   Instructional Allocation  

**Summer Reading Camps**

Please complete the following questions regarding SRC:

1. **SRC Supervisor Name:** Ashley Pennypacker-Hill / Ross VanBoven  
2. **Email Address:** ahill@pky.ufl.edu  
3. **Phone Number:** 352-392-1554  
4. **Please list the schools which will host a SRC:**

   P.K. Yonge Developmental Research School
5. Provide the following information regarding the length of your district SRC:
   a. Start Date: June 10, 2019
   b. Which days of the week is SRC offered: Monday, Tuesday, Wednesday, Thursday, Friday
   c. Number of instructional hours per day in reading: 4 hours per day
   d. End Date: June 28, 2019
   e. Total number of instructional hours of reading: 60 hours

6. Per the requirements of Section 1008.25(7)(b)(3), F.S., are all teachers selected to deliver SRC instruction highly effective as determined by their evaluation under Section 1012.34, F.S.?
   Yes

7. What is the anticipated teacher/student ratio?
   1:8

8. Will students in grades other than grade 3 be served as well? If so, which grade level(s)?
   K, 1, 2, 3, 4, 5

9. What evidence will be collected that demonstrates growth in student achievement was a result of the instruction provided during SRC?
   Running records, Curriculum Based Measurement Assessments, Fluency timings, DIBELS, Fox in the Box, Journal entries, SAT 10 Comprehension

300 Lowest-Performing Elementary Schools

Section 1011.62(9)(d)(2), F.S., requires school districts that have one or more of the 300 lowest-performing elementary schools, specifically delineate in the comprehensive reading plan, or in an addendum to the comprehensive reading plan, the implementation design and reading strategies that will be used for the required additional hour of reading instruction.

This may be found in Appendix C.

To Whom It May Concern:

The P.K. Yonge district contact for the K-12 Comprehensive Research-Based Reading Plan has met with the district contact for Exceptional Student Education (ESE) to discuss the alignment between the District's Special Programs and Procedures (SP&P) requirements and the district's 2019-2020 K-12 Comprehensive Research-Based Reading Plan. Additionally, the district contact for the K-12 Comprehensive Research-Based Reading Plan has met with the district ELL contact to discuss alignment with their district ELL plan as well.

Sincerely,

Lynda Hayes, Ph.D
Director

Ashley Hiy, Ed. D.
District Exceptional Student Education Contact

Christy Gabbard, M.Ed.
District Reading Contact

Lisa Tillet, Ed.S
District ELL Contact

Amended on 6/25/19 to include Principal Signature
APPENDIX B

Identification of Students with Reading Deficiencies and Intervention Supports

In this section districts will describe how they identify students with substantial reading deficiencies and provide them with required interventions. Districts will create three Identification/Intervention Decision Tree charts to demonstrate how data from screening, diagnostic, progress monitoring, local assessments, statewide assessments or teacher observations will be used to determine specific reading instructional needs and interventions for students. It is important to note that a school may not wait for a student to receive a failing grade at the end of a grading period to identify the student as having a substantial deficiency in reading. If a local assessment is being used for identification, districts should internally analyze their data in order to ensure students are identified at similar rates as on statewide assessments. Districts who use a procured diagnostic, progress monitoring or assessment tool should, at a minimum, use the recommended ranges provided by the instrument developer; however, these districts should also ensure that rates of identification correlate to statewide performance.

- DT1 – Elementary (K-5)
- DT2 – Middle (6-8)
- DT3 – High (9-12)

The charts must contain the following information:

- The grade level(s) of the student;
- Name and performance benchmark on screening, diagnostic, progress monitoring, local assessment, statewide assessment or teacher observations used to identify students with substantial deficiencies in reading and subsequent interventions provided. FSA-ELA scores must be used for appropriate grade levels;
- DT1 must clearly state the conditions the district uses to determine whether a student has a substantial reading deficiency and will subsequently notify the student’s parent as required in Section 1008.25, F.S. This also includes a description of the intensive, explicit, systematic and multisensory reading interventions which will be provided to students in grades K-3;
- DT1 must include information on how the Florida Kindergarten Readiness Screener will be used to identify students for intervention. For each grade level on each chart, districts must include a description of which students will be reported in the Student Information System with an appropriate code for the Reading Intervention Component; and
- An explanation of how instruction will be modified for students who have not responded to a specific reading intervention with the initial intensity (time and group size) provided;

PKY formally implements a Response---to---Intervention model in collaboration with the School Psychology program at the University of Florida. Progress is carefully monitored for every student receiving reading intervention beyond the 90---minute block every three weeks with DIBELS or MAZE. Grade level Student Success Team meetings are held quarterly. The principal, reading coach, grade level teachers, guidance counselor, school psychologist, and support teachers attend these meetings and carefully review student progress and fidelity of instructional intervention. A problem---solving approach is utilized to determine when and what kinds of adjustments need to be made to students’ instructional schedules and intervention programs. A standard highly explicit and systematic instructional intervention protocol is used at each grade level in small groups (no more than 6) when students are initially identified as reading below grade level (Tier 2); students not responding to the standard intervention protocol (Tier 2) as determined by the progress monitoring data are provided specific, targeted instruction in areas of greatest need in smaller groups (Tier 3; no more than 1---4 students with shared instructional needs) by a highly trained support teacher in addition to core and intensive reading instruction. As a component of this process, parents are notified of their children’s progress and adjustments to instruction to respond to student need during Fall and Spring individual conferences and parent meetings. Careful record keeping by the Student Success Team ensures continuity in instruction across years and grade levels and guarantees that students are not provided more of the same ineffective instructional program year after year. The elementary reading coach assumes primary responsibility for constantly reviewing core, Tier 2, and Tier 3 instructional programs to ensure that students reading below grade level are provided a coordinated, systematic approach to reading instruction rather than a series of programs or layers that do not connect and do not support student learning.

**Approaching**

Student demonstrates approaching grade level expectations through benchmarks on listed assessments. Determine the breakdown of explicit and implicit questions. Provide comprehension instruction focusing on strategic listening/reading that includes explicit instruction in using before, during and after comprehension strategies. Core Reading Program Small group, differentiated instruction that focuses on comprehension strategy instruction.

**Below**

Student demonstrates below grade level expectations through benchmarks on listed assessments. Administer one or more of the following: SIPPSS Screener Rewards Screener TOWRE QRI---5 Core Reading (ELA) Program Supplemental Reading Intervention Program(s) Daily, small group differentiated intervention targeted to the student’s needs (Tier 2/Tier 3).
