Florida Tax Credit Scholarship Program

September 2019 Quarterly Report

The Florida Tax Credit (FTC) Scholarship Program was established in 2001 to encourage private, voluntary contributions from corporate donors to non-profit scholarship funding organizations (SFOs) that award scholarships to children from low-income families. Two Scholarship Funding Organizations (SFOs) are approved to participate for the 2019-20 school year. A corporation can receive a dollar-for-dollar tax credit up to 100% of its state income tax liability. The program also includes credits against the insurance premium tax for contributions to eligible non-profit SFOs, credits against severance taxes on oil and gas production, self-accrued sales tax liabilities of direct pay permit holders, and alcoholic beverage taxes on beer, wine, and spirits. The maximum amount the state may award is \$873 million in credits for the 2019-20 fiscal year. This program expands educational opportunities and school choice for children of families that have limited financial resources.

This report contains private school and student statistics for the September 2019 payment period of the 2019-20 school year. Percentages are rounded.

The next quarterly report will be available: November 2019
