Bimonthly Hot Topic Continuum of Requirements, Processes and Procedures for DJJ Students Prior to Adjudication through Release

September 2017: Best Practices for Transfer of Educational Records from School Districts to Residential Programs

November 2017: Reminders for Receipt of Educational Records, Student Management Information System and Guidance Services in DJJ Residential Programs

January 2018: Reminders for What to Complete with Students Upon Entry into a DJJ Program

Hot Topics Review and Reminders: Educational Records Coversheet
School District Transition Representative Responsible for Commitment Staffings and Educational Records

Complete the Educational Records Coversheet and provide ALL educational records to the Juvenile Probation Officer (JPO) immediately upon request or within 5 days of request.

Important to note: Educational records and the Educational Records Coversheet will be uploaded into the Electronic Commitment Packet (ECP) in the Juvenile Justice Information System (JJIS) by the JPO.
Individual Responsible for Obtaining Records for Student Upon Entry into DJJ Program

Electronic Commitment Packets should include the following:

- Educational Records Coversheet

  * Important to note: Some school districts are not allowed to give IEPs and Section 504 Plans to the JPOs. If this is the case, the name of the school to request the IEP or Section 504 Plan will be indicated on the Educational Records Coversheet. Please do not request the IEP from the School District Transition Representative if the Educational Records Coversheet indicates the name of the school to request the IEP or Section 504 Plan.

  - Cumulative Transcripts
  - Withdrawal form with grades in progress
  - Attendance and discipline records
  - IEP and psycho-educational evaluation, if applicable
  - 504 Plan or ELL Plan, if applicable
It is VERY IMPORTANT to obtain the educational records from the ECP BEFORE making a records request. Typically, case managers print the ECP from JJIS.

Suggested practice: Education staff in residential programs should establish a process to receive educational records from the ECP.
Individual Responsible for Obtaining Records for Student Upon Entry into DJJ Program

IF educational records from ECP are incomplete:

1. Request missing educational records from School District Transition Representative responsible for commitment staffings and educational records. (Column D in the following link - [http://www.djj.state.fl.us/docs/education/transition-contacts830008EC6C1D.pdf?sfvrsn=2](http://www.djj.state.fl.us/docs/education/transition-contacts830008EC6C1D.pdf?sfvrsn=2))

2. Request educational records, specifically the IEP and Section 504 Plans, if indicated on the Educational Records Coversheet.

3. Request additional educational records from schools self-reported by the student.

4. Notify your assigned DJJ Regional Education Coordinator if unable to obtain a copy of student records. Regional coordinators will assist with obtaining all educational records, including IEPs, 504 Plans and ELL Plans, if applicable.
Please view the presentation slides from the DJJ Bimonthly Conference Call on September 6th, 2017 to review all the details of the Best Practices for Transfer of Educational Records from School District to Residential Programs.

“All students in DJJ prevention, residential, or day treatment programs who have not graduated from school or filed a notice of intent to terminate school enrollment shall be assessed on the department-selected common assessment within ten (10) school days of the student’s initial placement into a program.”
DJJ Common Assessment Resource

• Technical Assistance Paper (TAP): Information on Common Assessment for Use in DJJ Programs

• Can also find TAP on FDOE Juvenile Justice Education Webpage:

http://www.fldoe.org/academics/exceptional-student-edu/juvenile-justice-edu.stml

- All students in **DJJ prevention and day treatment** programs who have been entered in JJIS/Prevention Web, assigned a DJJ identification number and assigned to a program in JJIS/Prevention Web.

*Students in **DJJ detention centers** do NOT have to be administered the common assessment.*
• The Common Assessment System (CA System) is managed by WIN Learning, the provider under contract with the FDOE to support the development and delivery of the common assessment.

What is the procedure for enabling or disabling administrator and teacher access to the CA System?

• The school district’s primary contact of record, the lead educator of record for the program or designated DJJ staff may enable or disable administrator or teacher access to the CA System via an email request to customerservice@floridajjica.com.

• The request must include the first name and last name, telephone number and email address of the administrator or teacher, and the individual submitting the request.
What are the Procedures for administering the common assessment?

- Entry assessments shall be administered within 10 school days of initial placement into the program.
- Exit assessments should be administered as close to the student’s exit as possible.
What if the student’s name or DJJ identification number does not appear in the CA System or is not correct in the CA System?

• The educational provider at the DJJ program should immediately contact the DJJ program case manager or juvenile probation officer to enter or correct the student information in JJIS.

• To help expedite resolution, the DJJ program should also provide the name of the program, name of the student and brief description of the issue to WIN customer service at customerservice@floridajjca.com.

• The update will appear in the CA System one day after the change is made in JJIS/Prevention Web.
Responsibility of DJJ Programs to Verify Accuracy in CA System

Items to verify:

• Student information

• Mathematics and ELA entry and exit dates and scores (dates and scores are captured)

• Program entry and exit dates
Significant Impact of NOT Administering the Common Assessment

1. Non-compliance of Section 1003.51(2), Florida Statute and Rule 6A-6.05281(4), F.A.C.

2. Unsatisfactory baseline data for the following proposed DJJ accountability measures: Learning Gains on the common assessment and Data Integrity (administration of entry and exit common assessment).
Baseline data is PRESENTLY being collected for the proposed DJJ accountability rule measures!
Assessment for DJJ Detention Centers

Rule 6A-6.05281, F.A.C.

(d) In accordance with Section 1003.51, F.S., students placed in a detention center shall be evaluated to determine areas of academic need and strategies for appropriate intervention and instruction within five school days upon entry.
**DJJ Student Assessment Reminders**

• For DJJ prevention, day treatment and residential programs, the common assessment shall include a career interest and aptitude measures administered 10 school days upon a student’s initial placement into the program [6A-6.05281(4)(b), F.A.C.].

• For DJJ detention centers, a research-based assessment that will assist the student in determining his or her educational and career options and goals shall be administered within twenty-two days after the student’s entry into the program [6A-6.05281(4)(d), F.A.C.].

Suggested Practice: Student Input Upon Entry

• Students should complete the **Student Educational Input - Entrance Interview** or its equivalent to obtain input FROM the student.

  ❖ A sample **Student Educational Input - Entrance Interview** is available under Transition Resources on the FDOE juvenile justice webpage to adopt or modify to meet the needs of the DJJ program.

Suggested Practice: Student Input Upon Entry

• Student input should include:
  ✓ Academic plans while in the DJJ program
  ✓ School placement preference upon release
  ✓ Knowledge of IEP or Section 504 plan
  ✓ Post-secondary plan
  ✓ Future employment and career path
  ✓ Living and transportation plans upon release
Suggested Practice: Transition Assessments for Students with IEPs

- Consult with the school district’s ESE Liaison regarding the transition assessment process.
- Transition assessment instruments may be either formal or informal.
- Should include record reviews to incorporate current information, goals, and results from prior testing, planning, and activities.
- Information from these assessments should be used to drive the IEP and transition planning process.
- Resources can be found under the Transition Assessments webpage on the Project 10: Transition Education Network’s website.
