This groundbreaking class included students from ten facilities located in Massachusetts, Kentucky, Arizona, Utah and our very own Central Pasco Girls Academy in Florida.
In October 2016, a graduation ceremony was held for 5 graduates, who all earned a High School Equivalency Diploma.

Partnership with Juvenile Justice

Data from the Developing Effective Education in the DJJ Annual Report School Year 2015-2016 indicates:

• 18,382 students in juvenile justice education programs in 2015-2016

• 4,877 (26.5%) were identified as receiving exceptional student education (ESE) services. Of those students:

  Or

  9.7% of all students in juvenile justice education programs were students with emotional and/or behavioral disabilities
Partnership with Juvenile Justice

- The Multiagency Network for Students with Emotional/Behavioral Disabilities (SEDNET) creates and facilitates a network of key stakeholders committed to assisting in the provision of a quality system of care for students with or at-risk of emotional and/or behavioral challenges.

- SEDNET is a discretionary project of FDOE that partners with juvenile justice schools to ensure that children with and at risk of emotional and/or behavioral disabilities, and their families, have access to the services and supports they need to be successful.

- The 19 SEDNET regions are aligned with the Florida Judicial Circuits and provide support to the local school districts and DJJ schools within the regions.
How SEDNET Regional Project Managers Can Support DJJ Schools
