VOCATIONAL STUDENT COURSE SCHEDULE - REJECT RULES

44. If the Course Number is a valid vocational course on the Vocational/Adult General Education Program Edit file (F61730), does not begin with an alphabetic character, and is not 1006300, 2001310, 2001340, 2003310, 2102360, 2102370, 3027010, 3027020, 2000350, or 2000360 with an FEFP Program number other than 300; then the Course Number must be valid for the Vocational/Adult General Education Program Code submitted for the School Year, Course Taken. -record rejected-

Note: For more information on Course Numbers refer to the Vocational Data Base Handbook.

EXAMPLE

The first record listed below would be loaded to the data base assuming no other reject rule would cause its rejection. The second record would be rejected because the Vocational/Adult General Education Program Code is not valid for the course submitted for the School Year, Course Taken. The course is a Business Education course but the program number submitted is for Industrial Education.

Student Number Identifier, Florida	Course Number	Vocational/Adult General Education Program Code
630123457X	8206110	8206100
* 630123458X	8206120	8721300

DISTRICT RESPONSIBILITY

If the rejected record should not have been submitted, no action is required. However, if the district wishes the data in the rejected record to be loaded to the data base, the district must correct the Vocational/Adult General Education Program Code or the Course Number and resubmit the record.
