## STUDENT END OF YEAR STATUS - AGGREGATE EXCEPTION REPORTS

- 80. If District Number, Current Enrollment is not 71 and Grade Level = 9-12, then less than 20 percent of records should be reported with Grade Point Average State, Cumulative equal to 99999. – aggregate exception edit –

Note: An error message will be printed on the exception report for schools that fail the aggregate exception edit above.

### EXAMPLE

School 0035 has submitted 100 Student End of Year Status records for students in Grade Levels 9-12. Of these, 25 records were reported with Grade Point Average State, Cumulative equal to 99999. This results in School 0035 failing the edit because 25 percent of the school's students were reported with 99999 as the Grade Point Average State, Cumulative.

An aggregate edit error message is generated for school 0035 on the exception report indicating that the school failed this aggregate exception edit.

### DISTRICT RESPONSIBILITY

The district must verify Grade Point Average State, Cumulative on the Student End of Year Status records for this school and correct these fields if they are in error.
