Score Reports will be delivered by May 25, 2011.

IMPORTANT: Score reports will be sent after FDOE reviews and approves the reports.

What's New for the 2011 CELLA

1. The 2011 CELLA will be administered earlier: March 7, 2011 to April 8, 2011.
2. The two test books for Levels B, C, and D have been combined into one test book per level. All four sections of the CELLA test (Listening, Speaking, Reading, and Writing) are now in one test book.
3. For every 10 students in grades K-2, only one (1) Level A2 One-on-One Prompt Book is provided. This will reduce waste.
4. Smaller quantities of training materials will be provided.
5. Training materials will be shipped in smaller boxes to prevent damage to the materials, and in order to reduce waste.
6. Every district will receive the CELLA test materials on the same day.
7. Every district will receive Individual Student Reports on the same day.
8. The demographics pages now contain two separate categories for Race and Ethnicity.
9. Large-print and braille materials must be packaged in regular-sized Not-To-Be-Scored boxes. The original shipping boxes for these materials should not be used for their return.

CELLA Reminders

1. Districts and schools are required to adhere to the 2011 CELLA schedules listed on page 1 of this manual, unless a request for a change is made by the district and approved by the FDOE.
2. Students may not have any electronic devices at their desks, clipped to their belts, in their pockets, or anywhere they can reach them during testing, even if the devices are turned off or the students do not use them. If a student is found to be in possession of ANY electronic device(s) during testing, his or her test must be marked as Do Not Score (DNS) in order to successfully enforce this policy.
3. Inappropriate actions by school or district personnel before, during, or after test administration may result in consequences such as test invalidations and/or loss of teaching certification. Please carefully read the Test Security Policies and Procedures on page 19. District Coordinators must require that all school administrators, School Coordinators, and Test Administrators sign a CELLA Administration and Security Agreement, provided in Appendix A.
4. The PreID roster MUST be verified against the school's student information database. Do not use the PreID labels for verification purposes as the roster contains additional information not included in the labels, such as complete student ID numbers.

The PreID label must be used if the student's last name, student ID number, district number, school number, AND grade level are CORRECT, even if other information is INCORRECT. Complete the following boxes on the student demographic pages when a PreID label is affixed:

- Level A: Boxes 1–5 and 9 MUST be completed.
- Levels B, C, and D: Boxes 1–5, 9, and 11 MUST be completed.
- For all levels: Complete Boxes 21–24 only if applicable to the student.

If the student's last name, student ID number, district number, school number, OR grade level are INCORRECT, destroy the label in a secure manner. Complete the following boxes on the student demographic pages when a PreID label is NOT affixed:

- For all levels: Boxes 1–20 MUST be completed.
- For all levels: Complete Boxes 21–24 only if applicable to the student.

If a student's last name, student ID number, district number, school number, and grade level are correct, but the PreID roster is missing other information, that information may be gridded on the student demographic pages. Gridding information which is already included in the PreID roster will NOT override the label's information.

5. Each student MUST have a unique student ID number. Student ID numbers cannot be duplicated or reused because it will cause delays in processing that district's answer sheets and reports.

6. Test Administrators MUST follow instructions in the Directions for Administration for administering all of the CELLA tests.
7. Test Administrators must NOT administer the CELLA to their family members. Students who are related to their assigned Test Administrator must be reassigned to an alternate Test Administrator.
8. Test Administrators MUST
 - attend a training session to administer the CELLA.
 - be knowledgeable of all CELLA test materials.
 - be proficient in English (listening, speaking, reading, and writing) to effectively apply the scoring rubric and evaluate students' responses in English as required. The English proficiency of Test Administrators is determined by the CELLA District Coordinator.
 - follow the Directions for Administration instructions for administering the CELLA. ONLY the Speaking portion of the CELLA is scored locally.
9. ALL SECURE TEST MATERIALS MUST BE RETURNED to Questar after the CELLA test administration.
10. Do Not Score (DNS) materials must be returned with To-Be-Scored materials.
11. District Coordinators will be provided a user name and password to Questar's ServicePoint website: <https://fl-servicepoint.questarai.com/>
12. Go to <http://www.fldoe.org/aala/CELLA.asp> and complete the 2011 CELLA Customer Satisfaction Survey.

Background Information on the CELLA

The CELLA Program

The Comprehensive English Language Learning Assessment (CELLA) is a four-skill language proficiency assessment that is designed to provide the following:

1. Evidence of program accountability in accordance with Title III of No Child Left Behind (NCLB), which requires schools and districts to meet state accountability objectives for increasing the English language proficiency of English Language Learners (ELLs).
2. Data for charting student progress over time and for charting the progress of newly-arrived students.
3. Information about the language proficiency levels of individual students that may be helpful in making decisions to exit a student from the English for Speakers of Other Languages (ESOL) program.
4. Diagnostically useful information about individual students' strengths and weaknesses in English (with as much specificity as possible).

The test items included in this assessment are based on the CELLA proficiency benchmarks, which are aligned to Florida's English language proficiency standards.

Test Administration Policies and Procedures

Administration Schedule

The 2011 CELLA test administration window is:

March 7, 2011 to April 8, 2011

Any deviation from these dates must be requested in writing by the district and subsequently approved in writing by the Florida Department of Education (FDOE). Districts may choose to administer the CELLA at any time during the test administration window.

There are four CELLA levels:

- Level A: Grades K–2
- Level B: Grades 3–5
- Level C: Grades 6–8
- Level D: Grades 9–12

Each level contains four sections: Listening, Speaking, Reading, and Writing. Students must take all four sections.

The chart below summarizes the administration features and approximate times for administering Level A.

Level A Sections	Administration Features	Approx. Time Grades K–1	Approx. Time Grade 2
Listening	<ul style="list-style-type: none"> • Individual administration required for kindergarten • Small-group administered for grades 1–2 • Test Administrator reads script or plays CD 	15 min.	15 min.
Reading (Grade 2 includes “Extension”)	<ul style="list-style-type: none"> • Individual administration required for kindergarten • Small-group administered for grades 1–2 	15 min.	35 min.
Writing (Grade 2 includes “Extension”)	<ul style="list-style-type: none"> • Individual administration required for kindergarten • Small-group administered for grades 1–2 	15 min.	30 min.
One-on-One (Speaking)	<ul style="list-style-type: none"> • Individually administered for grades K–2 	15 min.	15 min.

The chart below summarizes the administration features and approximate times for administering Levels B, C, and D.

Level B, C, & D Sections	Administration Features	Approximate Time
Listening	<ul style="list-style-type: none"> • Group administered • Administrator reads script or plays CD 	25 min.
Speaking	<ul style="list-style-type: none"> • Individually administered • Administrator reads script 	10–15 min.
Reading	<ul style="list-style-type: none"> • Group administered 	45 min.
Writing	<ul style="list-style-type: none"> • Group administered 	70 min.

The preparation time will vary, depending on the number of students who need to grid information and on whether or not the answer sheets are preidentified.

Make-up Administration Procedures

All security and administration procedures must be followed while conducting make-up sessions. Make-up tests may begin on the second day of testing and may continue throughout the administration window.

Students To Be Tested

The following students are to be tested:

All students enrolled in the district (grades K–12) and classified ELL, with a code of “LY” or “LP” must be administered the CELLA. In addition, all students who are coded “LF” on or after September 1st of the current school year must be administered the CELLA.

LY – The student is an English Language Learner and is enrolled in classes specifically designed for English Language Learners.

LP – The student is in grade 3–12, tested fully English proficient on an aural/oral test and is an English Language Learner pending the Read and Writing assessment, or the student is in grade K–12, answered “yes” on the Home Language Survey question “Is a language other than English spoken in the home?” and is waiting for aural/oral assessment.

LF – The student is being followed up for a two-year period after having exited the ESOL program.

Grade Level Test Document Configuration

Documents for the 2011 CELLA are listed below by grade level.

Level A: Kindergarten and Grades 1 and 2

- Level A Grades K–2 Test Book
- Level A Grades K–2 One-on-One Prompt Book

It is required that the entire test be individually administered to students in kindergarten. Students in grades 1 and 2 will take the Listening, Reading, and Writing sections in a small group. The Level A Speaking section of the CELLA is referred to as the One-on-One section and it is individually administered.

The Level A Reading and Writing sections are each divided into two parts: Core and Extension. All students in kindergarten through grade 2 will be administered the Core questions, which are read aloud by the Test Administrator. Only students in grade 2 will be asked to answer the Extension questions, which they complete independently.

The Listening section can be delivered in one of two ways: Recorded Delivery (played on a CD player) or Teacher Delivery (read aloud by the Test Administrator).

There is no separate answer document for Level A. The Test Administrator records the One-on-One responses, and the students mark their responses for Listening, Reading, and Writing.

Level B: Grades 3, 4, and 5

- Level B Grades 3–5 Test Book
- Levels B, C, and D Answer Sheet

Level C: Grades 6, 7, and 8

- Level C Grades 6–8 Test Book
- Levels B, C, and D Answer Sheet

Level D: Grades 9, 10, 11, and 12

- Level D Grades 9–12 Test Book
- Levels B, C, and D Answer Sheet

Within each level (Levels B, C, and D), the Listening and Speaking sections are to be administered prior to the Reading and Writing sections. The Listening section is group-administered, either with the use of a recorded script (on a CD player) or with the Test Administrator reading the script aloud. Students mark their answers in the separate answer sheet, where indicated.

The Speaking section is individually administered. The Test Administrator will record the student's score on page 2 of the student's answer sheet.

The Reading and Writing sections are group-administered. Students mark their answers in their answer sheet, where indicated.

Large-print Test Materials for Levels A, B, C, and D

The large-print version of the CELLA is based on the regular-print version of the CELLA. The School Coordinator will provide the Test Administrator with the materials needed to administer the large-print version.

Level A

- Large-print Level A Grades K–2 Test Book
- Regular-print Level A Grades K–2 One-on-One Prompt Book
- Regular-print Level A Grades K–2 Test Book for recording responses
- Directions for Administration

Levels B, C, and D

- Large-print version of the test book for the appropriate level
- Regular-print version of the test book that corresponds to the large-print test being administered to assist the Test Administrator
- Levels B, C, and D Answer Sheet for recording responses
- Directions for Administration

IMPORTANT: The Test Administrator must transcribe the student's exact responses from the large-print test book to the appropriate regular-print Level A test book and/or the Levels B, C, and D Answer Sheet. Large-print test books must be returned with all other materials. There is no need to use the original boxes, as the large-print/braille materials can be folded to fit into regular size boxes.

Braille Test Materials for Levels B, C, and D

The braille version of the CELLA differs from the regular-print version of the test. Some questions have been omitted from the test. A list of omitted items can be found in the Directions for Administration on pages 265–266.

There is no braille version of the entire Level A test. The braille tests are provided in contracted and uncontracted braille format for the 2011 administration for Levels B, C, and D. The School Coordinator will provide the Test Administrator with the following materials needed to administer the 2011 CELLA to students using braille:

- Braille version of the test book for the appropriate level
- Regular-print version of the test book that corresponds to the braille test being administered to assist the Test Administrator
- Levels B, C, and D Answer Sheet for recording responses
- Directions for Administration

IMPORTANT: The Test Administrator must transcribe the student's exact responses in the Levels

B, C, and D Answer Sheet. Braille test books must be returned with all other materials. There is no need to use the original shipping boxes, as the large-print/braille materials can be filled to fit into regular size boxes.

Student Demographic Information

The student answer sheet (Level A Grades K–2 Test Book and Levels B, C, and D Answer Sheet) captures student demographic information. The preidentification (PreID) information provided by each district was used to create student labels.

A document is **preidentified** if it contains a student label affixed to the front of the student test book or answer sheet.

Preidentified Student Labels

The preidentification information provided by your district is used to print student PreID labels.

Please adhere to the following policies:

- Only the School Coordinator and persons designated by the Test Administrator may open the shrink-wrapped packages and affix labels.
- Do NOT use student labels from previous test administrations or other tests.
- Affix the CELLA student labels to the CELLA documents only.
- Each student has a unique preidentified number that should NOT be used for another student or it will cause delays in the scoring process.
- Students are not permitted to handle test documents before or after testing.
- All secure materials must be returned to locked storage and remain there until testing.

School personnel are responsible for ensuring that certain preidentified student information is correct. Follow these steps when verifying student information and affixing a PreID label to a student test book or answer sheet:

1. Verify that the student is still enrolled in the school and that the student will be tested. Labels for students no longer enrolled or who will not be tested should be destroyed in a secure manner because they contain student information.
2. After verifying student demographic information using the PreID roster, if the student's last name, student ID number, district number, school number, OR grade level is INCORRECT, destroy the label in a secure manner.
3. IN ORDER FOR A DOCUMENT TO BE PROPERLY SCANNED, carefully place the label on the student test book or the answer sheet in the box that reads PLACE PreID LABEL HERE.

Do not remove labels once they have been affixed. Do not place a label over another label.

Sample Student Label:

See the illustration on page 10 to learn where to apply this label.

Incorrect or Missing Preidentified Information

Preidentified student labels will be provided to each school and packaged by grade.

After verifying student demographic information using the PreID roster, if the following student information is correct, even if any other information is incorrect, use the student label:

- Student Last Name
- Student ID Number
- District Number
- School Number
- Grade Level

Even if the student has a PreID label, the following information **MUST** be provided and gridded on the Level A Grades K–2 Test Book, or Levels B, C, and D Answer Sheet:

- Box 1 Student Name
- Box 2 Test Administrator Name
- Box 3 School Name
- Box 4 School Number
- Box 5 District Name and District Number
- Box 9 Test Date
- Box 11 Grade/Test Level

If a student's last name, student ID number, district number, school number, and grade level are correct but the PreID label is missing other information, that information may be gridded on the student demographic pages. Gridding information which is already included in the PreID label will **NOT** override the label's information.

Preidentified Student Roster

The Preidentified Student Roster is produced from the same file used to print student PreID labels and contains the same information. There is one row of information per student which should be used to verify the accuracy of student demographic information. The list of student rosters will be provided in hard copy to schools. PreID rosters must be destroyed in a secure manner after testing.

Test Security Policies and Procedures

Florida Statute and State Board of Education Rules

The Florida State Board of Education Rule 6A-10.042, F.A.C. was developed to meet the requirements of the test security statute Section 1008.24, F.S., and applies to anyone involved in the administration of a statewide assessment. The rule prohibits activities that may threaten the integrity of the test. See Appendix A for the full text of the Florida Test Security Statute and the Florida State Board of Education — Test Security Rule. Examples of prohibited activities are listed below:

- copying the passages, test items, or performance tasks
- explaining the test items or performance tasks
- changing or otherwise interfering with student responses to test items

If students with current IEPs, 504 plans, or LEP plans are permitted accommodations, Test Administrators may provide the accommodations as described in the Directions for Administration.

The security of all test materials must be maintained before, during, and after the test administration. Under no circumstances are students permitted to handle secure materials before or after test administration.

Please remember that after ANY administration, secure materials must be returned to either the School Coordinator or placed in locked storage. No more than three persons should have access to the locked storage room. Test books and answer sheets should never be left unsecured. Materials must be tracked using the security numbers described later in this section. Secure documents should never be destroyed (e.g., shredded, thrown in the trash, etc.) except for soiled documents, which must be destroyed in a secure manner.

District Coordinators must require that all school administrators, School Coordinators, and Test Administrators sign the CELLA Administration and Security Agreement, provided in Appendix A, stating that they have read and agree to abide by all test administration and security policies and procedures. Additionally, any other person who assists the Test Administrator must sign the agreement.

Each school is required to maintain an accurate CELLA Security Log, provided in Appendix B, for each testing room. Anyone who enters a testing room for the purpose of monitoring a test is required to sign the log. This applies to the Test Administrator or anyone who relieves a Test Administrator, even for a short break, regardless of how much time he or she spends monitoring a testing room.

Test Administrators must NOT administer the CELLA to their family members. Students related to their assigned Test Administrator must be reassigned to an alternate Test Administrator.

Please remember that inappropriate actions by school or district personnel can result in single student or classroom invalidations or loss of teaching certification.

Missing Materials/Breaches of Administration Procedures

The School Coordinator must verify that all secure materials listed on the packing list are received and should report any packing errors or any missing secure documents to the District Coordinator immediately. The FDOE maintains a record of the quantity of secure materials and the unique security number of each secure document used in the CELLA. Every secure document will be scanned and tracked electronically. Individuals are responsible for the secure documents assigned to them. Test Administrators should report any missing secure materials to the School Coordinator immediately.

If, after a thorough investigation, a secure document is not found or a test irregularity or security breach is identified, the School Coordinator must inform the District Coordinator. The District Coordinator should call the FDOE Office of Student Achievement through Language Acquisition to discuss the concern, and then must submit a written report within ten working days after the irregularity or security breach has been discovered. Forms designed to report missing materials, test irregularities, and security breaches can be found at <http://www.fldoe.org/aala/CELLA.asp>. School personnel and District Coordinators may use these forms, manipulate these forms, or create their own forms to submit with a written report. Compile all pertinent information and submit the written report to the FDOE via fax at (850) 245-0846 or via email as indicated on the forms.

If there is reason to believe that a secure document has been stolen, the School Coordinator should contact the District Coordinator immediately. The District Coordinator must then call the Office of Student Achievement through Language Acquisition to discuss a plan of action. This action may involve local law enforcement.

A detailed report must be submitted to the Office of Student Achievement through Language Acquisition within 30 calendar days of the initiation of the investigation. The report must include the nature of the situation, the time and place of the occurrence, the names of the persons involved, a description of the communication between the District Coordinator's office and school personnel, how the incident was resolved, and what steps are being implemented to avoid future losses, irregularities, or security breaches.

Security Numbers

A security number is used to account for each secure document. The security number consists of an eight-digit number with a one-digit check number, which will appear as a nine-digit number. A list of secure documents is on the following page:

- Directions for Administration
- Listening CDs (A2 & B2 and C2 & D2)
- Training CDs for Speaking (Levels A, B, C, and D)
- Level A Grades K–2 Test Book
- Level A One-On-One Prompt Book
- Level B Test Book
- Level C Test Book
- Level D Test Book
- All large-print test books
- All braille test books
- Used Levels B, C, and D Answer Sheet

CELLA Administration Record/Security Checklist

District Coordinators will access their schools' CELLA Administration Record/Security Checklists via Questar's ServicePoint web site found at <https://fl-servicepoint.questarai.com/Login.aspx>. This document is accessible on ServicePoint. No password is needed.

This version of the form, formatted in Excel, will be prepopulated with the security numbers of test documents sent to each school. A blank version of the CELLA Administration Record/Security Checklist is also available as a perforated form in Appendix B. District Coordinators may distribute the prepopulated spreadsheets to schools, instruct School Coordinators to copy and use the blank form in Appendix B, or allow School Coordinators to use their own forms, as long as all required administration information is collected and security numbers are tracked.

School Coordinators and Test Administrators must maintain certain required administration information and track security numbers of test documents. The School Coordinator may use this form to record the security numbers of the documents assigned to and returned by each Test Administrator. If a School Coordinator receives secure materials that are not already listed, such as materials from the district overage, the security numbers of those materials must be added to this record with the names of the students to whom they are assigned.

The Test Administrator should also maintain a record of the security numbers for all secure materials assigned to him or her. The security number(s) of the document(s) assigned to and returned by each student should be recorded and verified at the end of testing.

If a secure document is soiled (e.g., with blood or vomit), the School Coordinator should document the event on the CELLA Administration Record/Security Checklist next to the appropriate security number, and contact the District Coordinator. The District Coordinator should contact the Office of Student Achievement through Language Acquisition. The soiled document should be destroyed by the district in a secure manner.

Test Invalidation Policies and Procedures

DNS or UNDO bubbles are located in Box 21 of the student answer sheet (Level A Test Book and the Levels B, C, and D Answer Sheet). There is a DNS and UNDO bubble for each of the four sections: Listening, Speaking/One-on-One, Reading, and Writing.

21	DO NOT SCORE
	(If Applicable)
<input type="radio"/>	Listening DNS
<input type="radio"/>	Listening UNDO
<input type="radio"/>	Speaking DNS
<input type="radio"/>	Speaking UNDO
<input type="radio"/>	Reading DNS
<input type="radio"/>	Reading UNDO
<input type="radio"/>	Writing DNS
<input type="radio"/>	Writing UNDO

If all or part of a student answer sheet for the Listening, Speaking/One-on-One, Reading, or Writing sections is not to be scored, grid the appropriate DNS bubble(s) for that section. If a test section has been invalidated/marked as DNS by mistake, erase the DNS bubble(s) and grid the corresponding UNDO bubble(s).

If the DNS bubble is gridded for one or all of the test sections (Listening, Speaking/One-on-One, Reading, or Writing), that section(s) will not be scored. If ALL of the DNS bubbles are gridded, none of the test sections (Listening, Speaking/One-on-One, Reading, or Writing) will be scored. If the DNS bubble(s) for a test section has been erased and the corresponding UNDO bubble(s) has been gridded, that section will be scored.

IMPORTANT: If the answer document is packaged with the Not-To-Be-Scored materials, none of the test sections will be scored.

Several of the examples below refer to USED and UNUSED Level A test books or Levels B, C, and D answer sheets. For a Level A test book or Levels B, C, and D answer sheet to be considered UNUSED, it must not have a mark anywhere on it.

The appropriate DNS bubbles **MUST** be gridded if any of the following circumstances occur:

1. A student's last name, student's ID number, district name, school name, school code OR grade level is INCORRECT and a PreID label is affixed to a USED document.
2. A student label has been placed over another student PreID label on a USED document.

For circumstances 1 and 2, grid all DNS bubbles and see Defective Materials on page 24 of this manual for directions on transferring answers.

3. A student has an electronic device during testing. Grid only the DNS bubble for that test section.
4. A student is caught cheating or is disruptive during testing. Grid only the DNS bubble for that test section. Situations involving possible cheating or disruptive behavior should be investigated and discussed with the School Coordinator and the site administrator before a final invalidation decision is made.

The appropriate DNS bubble(s) MAY be gridded if the following occurs:

A student becomes ill and is unable to finish, OR a student is not allowed the correct amount of time to finish (e.g., the Test Administrator instructs students to stop working without allowing the correct amount of time, or a parent removes a student for any reason prior to the end of the allotted testing time).

Invalidation decisions should be made based on whether or not the student was provided adequate time to respond completely to the test items. If a determination is made that the student was provided enough time to respond completely, the document should be submitted for scoring.

If it is determined that the student was not provided adequate time to complete a test section, AND the validity of the test results has been compromised, the test section should be invalidated /marked as DNS. However, if the validity of the section has not been compromised, AND the student has not left the school's campus, the student may return to the testing room during the same school day to complete the test section.

Each District Coordinator should advise schools of the appropriate course of action if invalidation is being considered. Remember that the purpose of invalidation is to identify when the validity of test results has been compromised. It is the responsibility of the District Coordinator to inform schools that they may either

- invalidate/mark as DNS only after discussion with the District Coordinator, OR
- invalidate/mark as DNS at the school level after discussion between the School Coordinator and the Test Administrator.

Under the following circumstances, it is not necessary to invalidate/mark as DNS an answer sheet if it has been packaged properly for return with the Not-To-Be-Scored materials:

- The preidentified document belongs to a student who has withdrawn before testing begins.
- The preidentified document belongs to a student who has been absent during the entire testing schedule.
- The document is defective and is UNUSED.
- The preidentification information is incorrect and the document is UNUSED.

Defective Materials

If a test book or answer sheet is identified as defective (e.g., the document is not readable, missing pages, miscolated, or torn; has upside-down or duplicate pages; or is mis-cut) before testing begins, give the student a non-identified replacement test book or answer sheet. Return the defective test book or answer sheet with the non-scoreable materials and notify Questar Customer Service using the contact information on page 4 of this manual.

If a defective Level B, C, or D test book is identified during testing, give the student a replacement test book.

Students taking the Level A test will record their answers in the Level A Grades K–2 Test Book, and students taking the Levels B, C, or D tests will grid their answers in the Levels B, C, and D Answer Sheet. If either document is found to be defective during testing, the student should complete the test. Upon test completion, the student must, under the supervision of the Test Administrator, transcribe the exact answers from the defective test book or answer sheet to the appropriate replacement document.

Test Administrator Responsibilities

Responsibilities Before Testing

Training

You must have received training in the administration of the CELLA prior to the test administration. Test Administrators must be familiar with the:

- Test Administration Manual
- Directions for Administration
- Test book for the appropriate level
- Training CD for Speaking and Listening CD for the appropriate level

Prepare the Room for Testing

The test should be administered in a room that has comfortable seating, good lighting, and sufficient workspace. Make sure that the room is adequately ventilated and free of distractions.

Remove or cover all visual aids on student desks and in the room, such as posters showing reading or language arts concepts.

One-on-One Testing

Arrange the room so that the student will be facing you during the test. Assemble the materials you will need for administering the test. All students should be tested in the same manner.

Post a sign outside each door of the testing room that announces: TESTING — Please Do Not Disturb. You may use the sign provided in Appendix B.

Electronic Devices

Students may not have any electronic devices at their desks, clipped to their belts, in their pockets, or anywhere they can reach them during testing, even if the devices are turned off or the students do not use them. If a student is found to be in possession of ANY electronic device(s) during testing, his or her test must be invalidated/marked as DNS in order to successfully enforce this policy.

Remove the “No Electronic Devices Permitted” sign in Appendix B and make copies to post at all entrances to the testing room prior to the beginning of testing.

Group Administration

Arrange the room so that each student will have enough workspace for the test materials. There must be sufficient space (at least three feet) between students to prevent cheating. Make sure that students are not facing each other when seated at tables and are not in seating (stadium or staggered) that allows them to view another student’s answers. All students should be tested in the same manner.

Students may not have access to any unauthorized writing aids, such as word lists, spelling lists, lists of adjectives and adverbs, word definitions, punctuation charts, translation devices, or organizational patterns. Discuss any potential concerns with your School Coordinator.

Required Administration Information

You are required to maintain the following information for each test section (Listening, Speaking/One-on-One, Reading, and Writing), as directed by your School Coordinator:

- Students assigned to your room who are expected to participate in the CELLA. Provide each student’s name and ID number.
- Attendance information: who is present, present but invalidated/marked as DNS, absent, or withdrawn.
- The unique security numbers of the secure documents assigned to each student.

Record all required administration information on the CELLA Administration Record/Security Checklist provided to you by your School Coordinator. Copy and file for future reference. Return the originals to the School Coordinator.

Assemble Materials

Manuals

You will need a copy of the Test Administration Manual and the Directions for Administration to read the scripts for administering each test section and for completing/verifying the student answer sheet. Prior to testing, you are responsible for reading the appropriate Directions for Administration section(s), and this Test Administration Manual, except for the sections specific to the School Coordinator and District Coordinator responsibilities.

Your School Coordinator will ask you to sign the 2011 CELLA Administration and Security Agreement, provided in Appendix A, stating that you have read and agree to abide by all administration and test security policies and procedures. Failure to adhere to these policies and procedures may result in the invalidation of student answer sheets and/or test scores.

Important Test Administration Details

- Do NOT allow students to use scratch paper for answering the constructed-response questions. Only answers written in the space provided will be scored on the Level A Test Book, and Levels B, C, and D Answer Sheet.
- Ensure that students use No. 2 pencils to complete information on the student answer sheets and to record their responses. Mechanical pencils must NOT be used. Students should bring No. 2 pencils on the day of the test, but a supply of sharpened No. 2 pencils should also be available.
- Students should not use correction fluid. If a student makes an error in answering an essay question, the student should erase the error as completely as possible and then write in the correction.
- Thesauruses, dictionaries, and/or other similar tools are NOT permitted. Refer to the Directions for Administration for allowable accommodations.

CELLA Security Log

You are required to maintain an accurate Security Log for your testing room. Anyone who enters the room for the purpose of monitoring a test MUST sign the log. This applies to Test Administrators and anyone who relieves a Test Administrator, even for a short break, regardless of how much time he or she spends monitoring a testing room. Remove the 2011 CELLA Security Log in Appendix B and use it as required. This document can also be found at <http://www.fldoe.org/aala/CELLA.asp>.

“TESTING – Please Do Not Disturb” Sign

Remove the sign in Appendix B and make copies to post at all entrances to the testing room prior to the beginning of testing.

“Electronic Devices Not Permitted During Testing” Sign

Remove the sign in Appendix B and make copies to post at all entrances to the testing room prior to the beginning of testing.

Receive Test Materials

The School Coordinator will provide you with the materials needed to administer the test; however, review the information on page 8 of this manual to determine which materials are needed for each level.

Responsibilities During Testing

Distribute Materials

After students have been seated, distribute the appropriate test materials. If the documents are preidentified, make sure each student receives the document with his or her name on it.

Read the appropriate administration scripts verbatim to students. There are specific scripts to administer the different levels of the CELLA. Refer to the section of the Directions for Administration that applies to the level of the CELLA you are administering.

Maintain Test Security

Maintain test security at all times and report violations or concerns to the School Coordinator. Adhere to the Test Administration Policies and Procedures on pages 6 and 7 and the 2011 CELLA Administration and Security Agreement in Appendix A that you signed prior to testing.

Supervise Test Administration

It is not appropriate for you to use classroom or cell phones, grade papers, or work on the computer during testing. Instead, while students are working in a group setting, move around the room and ensure the following:

- students have cleared their desks of all materials except the appropriate test materials (mechanical pencils, ink pens, highlighters, crayons, colored pencils, markers, correction fluid, etc., are NOT permitted),
- students are using only No. 2 pencils, and
- students are working on the correct section and marking their answers as directed.

Helping Students Enter Their Personal and Demographic Information

For Level A, the Test Administrator must complete all of the personal and demographic information for each student. Students taking Level A must not complete their own demographic data.

For Levels B, C, and D, if you are not using PreID labels, or a student does not have a PreID label, the Test Administrator or student will need to complete all the personal and demographic information. As you read the directions aloud, circulate through the classroom and check that students are marking the correct information.

You will need to write the following on the chalkboard:

- Test Administrator (your) name
- School name and number
- District name and number
- Today's date (Write the first three letters of the month, then the number for the day in 2-digit fashion [e.g., 09 for "nine"].)
- Grade/Test level

Prior to distributing the Levels B, C, and D answer sheets, you must write your name in Box 2 “Test Administrator Name.” Students are not to complete this box. Also, have student ID numbers available for completing Box 8 on the answer sheet.

Begin by saying:

Please clear your desk and take out a No. 2 pencil.

Make sure each student has a No. 2 pencil. Then say:

Today you will take an English test called the Comprehensive English Language Learning Assessment or CELLA [“SELL-uh”]. It has four sections.

I am going to give you an answer sheet. This is where you will write your answers. When you get your answer sheet, please place it face up on your desk. Do NOT open it or write on it yet.

Distribute a Levels B, C, and D Answer Sheet to each student. Then say:

We will now complete some of the information on your answer sheet. Please print as neatly as possible. You must use a No. 2 pencil. We will begin by writing some information at the top of the page. In Box 1, “Student Name,” print your full name. Write your first name first and then your last name.

Pause while students fill in their information and give help as needed. Then say:

In Box 2, “Test Administrator Name,” you will see my name.

Point to the Test Administrator name written on the board. Then say:

If you do not see my name written in Box 2, raise your hand.

Verify that your name is written on all Levels B, C, and D answer sheets. Then say:

In Box 3, “School Name,” print our school name. It is written on the board for you.

Point to the school name written on the board. Pause while students fill in the information and give help as needed. Then say:

In Box 4, “School Number,” print our school number. It is written on the board for you.

Point to the school number written on the board. Pause while students fill in the information and give help as needed. Then say:

In Box 5, “District Name and District Number,” print our district name and number. It is written on the board for you.

Point to the district name and number written on the board. Pause while students fill in the information and give help as needed. Then say:

Now find the box labeled “How to Mark.” It shows you the correct way to mark your answers. Read the directions to yourself while I read them aloud. “Fill in each bubble by making a solid black mark that completely fills the circle. Use only a No. 2 pencil.” Does anyone have any questions about how to mark answers on this answer sheet?

Answer any questions students may have. Then say:

Now find Box 6, “Student Name Grid.” Here you are going to write your name again. This time you will write your last name first. Print your last name, putting one letter in each of the boxes.

Pause while students fill in their information and give help as needed. Then say:

Now, print your first name, putting one letter in each of the boxes. If you do not have enough boxes for all of the letters in your name, write in as many letters as possible. If you have a middle initial, print that letter below the box that says “MI.”

Pause while students fill in their information and give help as needed. Then say:

Now you are going to fill in one bubble under each letter in your name. Start by filling in the bubble that matches the first letter in your last name. Then fill in the bubbles for the rest of the letters in your name. Remember to fill in each bubble completely. If your name does not take up all the boxes, then fill in the blank bubbles at the top of each column.

Pause while students fill in their information and give help as needed. Then say:

Find Box 7, “District/School Number.” Here you are going to write the district and school numbers again. In the first two boxes, write in the district number.

Point to the district number written on the board. Pause while students fill in the information and give help as needed. Then say:

In the remaining four boxes, write in the school number.

Point to the school number written on the board. Pause while students fill in the information and give help as needed. Then say:

Now you are going to fill in one bubble under each number. Start by filling in the bubble that matches the number in the first box. Then fill in the bubble for each of the remaining numbers. Remember to fill in each circle completely.

Find Box 8, “SSN/Florida Student Number.” Write in the number I give you. Fill in the correct bubble under each number.

Provide each student with his or her student ID number. Pause while students fill in their information and give help as needed. Note: For Box 8, you may choose to complete this information for the student when completing other demographic information. Then say:

Find Box 9, “Test Date.” Here you will enter today’s date as I have written it on the board.

Fill in the bubble for this month. [Point to the month written on the board.]

Next, write in the day. [If the day is day 1 through day 9 of the month, remind students to write a zero in front of the number.] **Fill in the bubbles under the number for the day. The year is already printed for you.**

Now find Box 10, “Date of Birth.” Fill in the bubble for the month you were born.

Next, write in the day you were born. If you were born on day 1 through day 9 of the month, write a zero in front of the number. For example, if you were born on the 9th day of the month, you would write 09. Fill in the bubbles under the number for the day you were born.

Now write in the year you were born. If you were born before the year 2000, fill in the bubble that says “19.” If you were born in or after the year 2000, fill in the bubble that says “20.” Next, in the final 2 spaces write in the last 2 digits of the year in which you were born. Fill in the corresponding numbered bubble for each column.

Note: For Box 10, you may choose to complete this information for the student when completing other demographic information.

Pause while students fill in their information and give help as needed. Then say:

Find Box 11, “Grade/Test Level.” Fill in the correct bubble for your grade.

Pause while students fill in the information and give help as needed. Then say:

Skip Box 12 and find Box 13, “Ethnicity.” Fill in the “Y” bubble for “yes” if you are Hispanic or Latino. Fill in the “N” bubble for “no” if you are not Hispanic or Latino.

Pause while students fill in their information and give help as needed. Then say:

Now go to Box 14, “Race.” Fill in a “Y” bubble for “yes” for every race that describes you. Make sure you fill in either a “Y” or “N” bubble for each race.

Pause while students fill in their information and give help as needed. Then say:

Now go to Box 15, “Gender.” Fill in the correct bubble for your gender, either “Female” or “Male.”

Pause while students fill in their information and give help as needed. Then say:

Turn the page. Find Box 16, “Home Language.” Fill in the circle for your home language. If your home language is not shown, mark “Other” at the bottom of the box.

Pause while students fill in their information and give help as needed. Then say:

Skip Boxes 17 through 24.

Begin administering the test using the appropriate section of the Directions for Administration.

Responsibilities After Testing

All test materials, both To-Be-Scored and Not-To-Be-Scored, must be returned to your School Coordinator after testing. Materials should be prepared as follows:

1. Verify that the CELLA Administration Record/Security Checklist is completed. Make a copy for your files.
2. Notify the School Coordinator immediately if any secure test materials are missing.
3. Verify that your 2011 CELLA Security Log has been completed correctly. Make a copy for your files.

Prepare the To-Be-Scored Materials

To-Be-Scored materials include:

- Used Level A Test Books
- Used Levels B, C, and D Answer Sheets

IMPORTANT: It is the Test Administrator’s responsibility to transcribe/record a student’s exact responses from large-print and/or braille versions of the test to regular-print Level A Test Book, or Levels B, C, and D Answer Sheet.

Separate the To-Be-Scored materials by grade. (To-Be-Scored materials include those with DNS bubbles gridded.) Verify that each document has the required information (Boxes 1–5 and 9 for Level A, and Boxes 1–5, 9, and 11 for Levels B, C, and D) completed even if a PreID label is used. Check for and erase stray marks **ONLY** on the demographic pages and/or the security number area of the test documents. Any marks outside the information boxes, especially on or near the registration marks and timing tracks, will adversely affect the scanning of the documents. Notify the School Coordinator of any concerns.

Documents for each grade must be paper-banded separately. You may use more than one paper band per grade, if necessary. Place a paper band around each stack of To-Be-Scored materials, and identify the grade and document count on the paper band.

Prepare the Not-To-Be-Scored Materials

Not-To-Be-Scored materials include:

- Unused Level A Test Books (including large-print)
- Level A One-on-One Prompt Books
- Used and unused Levels B, C, and D test books (including large-print and braille)
- Unused Levels B, C, and D Answer Sheets
- Levels A, B, C, and D Training CDs for Speaking
- Levels A2 & B2 and Levels C2 & D2 Listening CDs
- Directions for Administration

Inventory all unused test books, answer sheets, CDs, and Directions for Administration when they are returned to you to make sure that all materials have been returned. It is strongly recommended that you organize each material by type and in security ID number order. Missing test materials must be documented and an explanation provided as described on page 20 of this manual.

Return Materials to the School Coordinator

Return three stacks of materials to your School Coordinator:

- To-Be-Scored materials
- Not-To-Be-Scored materials
- Test Administration Manual, 2011 CELLA Security Log, and any other required administration information

Comment Form

After all materials have been returned, go to <http://www.fldoe.org/aala/CELLA.asp> and click on the 2011 CELLA Customer Satisfaction Survey. Please provide feedback that will be meaningful to FDOE and Questar. If you have comments pertinent to school/district procedures, please contact your School Coordinator.

School Coordinator Responsibilities

Responsibilities Before Testing

Training

You are responsible for training all Test Administrators on the administration of the CELLA. In the absence of sufficiently trained administrators, postpone testing until trained administrators are available. Test Administrators who will be administering the test to students using large-print and/or braille materials must be trained in the use of those test materials.

Test Administrators must become familiar with the:

- Test Administration Manual
- Directions for Administration
- Test book for the appropriate level
- Training CD for Speaking and Listening CD for the appropriate level

Prior to testing, you are responsible for reading this Test Administration Manual except for the section specific to the District Coordinator responsibilities.

Receive Test Materials

Inventory the contents of your boxes within 24 hours of receipt and report missing materials to the District Coordinator immediately.

School materials will be packaged in brown boxes labeled with the school's name and marked **TO BE OPENED ONLY BY THE SCHOOL CELLA COORDINATOR**.

The following materials, as appropriate for your school, will be delivered to you:

- Packing List—indicates the total number of boxes and shows a summary of the total quantities of materials included in all boxes of the shipment. Each school will receive a School Packing List in Box 1 of the shipment.
- Shipment Summary List—indicates the total number of boxes in a shipment as well as the materials and quantities of the items packaged in each box of that shipment. Security numbers for secure materials in the shipment are also listed when applicable. Each school will receive a School Shipment Summary List in Box 1 of the shipment.

Completing the “CELLA Administration Record/Security Checklist”

Each school’s CELLA Administration Record/Security Checklist can be located through Questar’s ServicePoint web site (<https://fl-servicepoint.questarai.com/Login.aspx>). Click on the link to bring you to the CELLA Administration Record/Security Checklist. You do not need a login or password to access this link.

1. Verify the security numbers printed on the materials against the security numbers printed on the form. Contact your District Coordinator immediately if any discrepancies are found. Attach documentation of any discrepancies to the CELLA Administration Record/Security Checklist.
2. Record the information requested on the form (Test Administrators’ names and the security numbers assigned to each) and verify the number of secure materials when they are returned.
3. As directed by your District Coordinator, communicate to Test Administrators the process for collecting the required administration information listed on the CELLA Administration Record/Security Checklist for each test section (Listening, Speaking/One-on-One, Reading, and Writing), which includes the following:
 - Students assigned to each Test Administrator’s room that are expected to participate in the CELLA. Provide each student name and ID number.
 - Attendance information: who is present, present but invalidated/marked as DNS, absent, or withdrawn.
 - The unique security numbers of the secure documents assigned to each student.

Retain the CELLA Administration Record/Security Checklist(s) until testing has been completed. Each form will be used to account for the secure materials after testing.

Track Security Numbers

Maintain a record of the security numbers of the secure materials you receive from the District Coordinator. After the returned materials are inventoried, the District Coordinator will receive a list of all missing secure test materials and may need to refer to these records.

Ensure Implementation of Test Administration Accommodations

The Directions for Administration provides information concerning permissible accommodations. When testing students with accommodations, prior planning is necessary to ensure that accommodations indicated on the student's IEP, 504 Plan, or ELL Student Plan (ESP) are implemented. Arrangements for implementing accommodations must be made prior to the administration dates. Make sure that the Test Administrators are aware of any accommodations needed for individual students.

Provide Appropriate Test Settings

When testing in a group setting, use classrooms whenever possible. Avoid testing students in areas designed for large groups (e.g., the cafeteria, gymnasium, auditorium, or library). Students should not face each other when seated and not be in seating (stadium or staggered) that allows them to easily view other students' answers. There must be sufficient space (at least three feet) between students to discourage cheating.

In your walk-through of the school prior to testing, check for and remove all unauthorized visual aids posted in classrooms or affixed to student desks. Also, make sure that each room is free of distractions and has comfortable seating, good lighting, and adequate ventilation.

Responsibilities During Testing

Supervise Test Administration and Maintain Test Security

You should be available to provide Test Administrators with additional materials during testing, as necessary, as well as to answer any questions Test Administrators may have. Visit each testing classroom to monitor the administration of the CELLA and to ensure that security policies and procedures are being followed. Verify that the 2011 CELLA Security Logs are being properly completed in the testing rooms and that all required administration information is being maintained by the Test Administrators.

Responsibilities After Testing

The Materials Return Kits, provided with your test materials, include all the necessary forms and materials needed to package the test materials for return to Questar, including color-coded return labels. The following pages contain instructions on how to prepare and return the CELLA test materials.

Prepare Materials for Return

Package all materials according to the instructions below. Errors in the return of materials could delay reporting of student test results.

You will prepare three types of boxes for return to the District Coordinator:

- To-Be-Scored boxes with RED return labels
- Not-To-Be-Scored boxes with YELLOW return labels
- District Coordinator ONLY box

As you receive materials from Test Administrators, inventory all materials and verify that they have returned all distributed secure materials. All To-Be-Scored and Not-To-Be-Scored materials MUST be returned to Questar.

Test Administrators will return the following stacks of materials to you:

- To-Be-Scored materials including used Level A Test Books and used Levels B, C, and D Answer Sheets. Documents with gridded DNS bubbles are to be returned with the To-Be-Scored materials. Materials will be separated by grade and banded together with the grade and document count written on the paper band.
- Not-To-Be-Scored materials including unused Level A Test Books, unused Levels B, C, and D Answer Sheets, test books for all levels (including used and unused large-print and braille), Training CDs for Speaking for all levels, Listening CDs for all levels, and the Directions for Administration.
- Test Administration Manual, 2011 CELLA Security Log, and any other required administration information.

Notify the District Coordinator immediately if any secure materials are missing and complete the necessary internal investigation.

Make two copies of the CELLA Administration Record/Security Checklist, and make copies of all 2011 CELLA Security Logs and file the copies. Original copies must be sent to the District Coordinator.

To-Be-Scored Documents for Return

Process the school's To-Be-Scored documents as described in this section.

Document Count Form for To-Be-Scored Materials by Grade (PURPLE)

Schools will receive both preidentified and blank (overage) Document Count Forms for To-Be-Scored Materials by Grade in their return kits. Verify that you have gathered all the appropriate documents before you complete the form. The following information is pre-printed on the form:

- District Name and School Name (Box 1)
- District Number (Box 2)
- School Number (Box 3)

School Coordinators will need to complete Boxes 4, 5, and 6 on the Document Count Form.

1. Follow the instructions on the form to complete the information requested.

2. Complete a separate form for each grade. Do not combine documents for more than one grade level under the same Document Count Form. Do not copy blank Document Count Forms; however, once the forms are completed, you may copy them for your records. If you need additional forms, contact your District Coordinator.
3. Documents with DNS bubbles gridded must be included in the counts provided. Include DNS bubbled tests at the bottom of each group.
4. Place each completed Document Count Form under the paper band on the top bundle of corresponding documents for each grade. It is recommended that you make a copy of the completed Document Count Forms before including them with the To-Be-Scored Materials.

It is critical that the counts are accurate and gridded correctly. Do not include any blank test books or answer sheets in the count, as these materials should be packaged with the Not-to-Be Scored materials.

A sample of the Document Count Form is provided below.

All To-Be-Scored materials must be returned for scoring, **including materials with gridded DNS bubbles**. Do not include any blank or unused Level A Test Books or Levels B, C, and D Answer Sheets with your To-Be-Scored materials or they will be scored.

Package the To-Be-Scored materials in the boxes in which materials were received. If more than one box is required, be sure to place the School Return Summary in Box 1.

Before sealing the boxes, double-check that you have made a copy of the School Return Summary for your files, then place the original on top of the documents in Box 1 of the To-Be-Scored materials.

Any missing secure materials must be documented in the appropriate material section on the CELLA Administration Record/Security Checklist, and a separate letter of explanation **MUST** be attached. Do **NOT** write the explanation on the CELLA Administration Record/Security Checklist. This information must be sent to Questar with the secure materials. At the completion of check-in, Questar will make a report of missing materials to the Florida Department of Education. Return a copy of each CELLA Administration Record/Security Checklist with the Not-To-Be-Scored materials. Do **NOT** include the CELLA Administration Record/Security Checklist with the To-Be-Scored materials.

Package Not-To-Be-Scored Materials for Return

Package the Not-To-Be-Scored materials in the boxes in which materials were received. If more than one box is required, be sure to place the CELLA Administration Record/Security Checklist in Box 1. Before sealing the boxes, make two copies of the CELLA Administration Record/Security Checklist. Place the one copy on top of the documents in Box 1 of the Not-To-Be-Scored materials. The second copy will be retained for your records. Return the original to the District Coordinator in the District Coordinator ONLY box.

Used and unused large-print and braille test books must be returned with the Not-To-Be-Scored materials. Large-print test books may be folded in order to fit them into the box for return to Questar.

Prepare the Not-To-Be-Scored materials for shipment as follows:

District Coordinator Responsibilities

Responsibilities Before Testing

Training

You are responsible for training School Coordinators, and the School Coordinators are responsible for training Test Administrators. Questar will provide training materials for the School Coordinators.

Test security requires the use of trained administrators to minimize test irregularities and possible test invalidations. As a result, it is required that the School Coordinators also train personnel who may serve as alternate Test Administrators in the event of test day emergencies.

Emphasize the return instructions to the School Coordinators during training. Make it clear that it is the School Coordinator's responsibility to package materials correctly. Materials returned incorrectly could lead to delays in reporting.

Prior to testing, you are responsible for reading this Test Administration Manual in its entirety.

Receive Test Materials

An electronic copy of all school packing lists and pallet maps will be posted to Questar's ServicePoint web site, <https://fl-servicepoint.questarai.com/Login.aspx>, prior to the delivery of test materials. Hard copies of the pallet maps will also be attached to the side of each pallet in a plastic sleeve. Review the packing lists to ensure that the correct grade-level materials are being sent for each participating school. After your shipment arrives, verify that each school receives the range of boxes assigned. Instruct School Coordinators to inventory the contents of their boxes within 24 hours of receipt and to report missing materials to you immediately.

If you have not received your materials one week prior to testing or you have questions about the contents of the shipment, contact Questar Customer Service, toll-free, at (877) 85-CELLA (852-3552) or via email at CELLA@questarai.com.

District materials will be packaged in separate boxes labeled with the district's name and marked **TO BE OPENED ONLY BY DISTRICT CELLA COORDINATOR**.

The following materials, as appropriate for your district, will be delivered to you:

- Packing List—indicates the total number of boxes and shows a summary of the total quantities of materials included in all boxes of the shipment. Each district will receive a District Packing List in Box 1 of the shipment.
- Shipment Summary List—indicates the total number of boxes in a shipment as well as the materials and quantities of the items packaged in each box of that shipment. Security numbers for secure materials in the shipment are also listed when applicable. Each district will receive a District Shipment Summary List in Box 1 of the shipment.

- Secure Materials Report—lists the quantity, secure material type, and security number range for each school and the district. Each district will receive a Secure Materials Report in Box 1 of the shipment.
- Box Content List—indicates the items and quantities that each box contains. It is included inside every box of materials that Questar ships. Security numbers for secure materials packaged in the box are also listed when applicable.

Required Administration Information

Prior to testing, you are responsible for reading this Test Administration Manual in its entirety.

Communicate to School Coordinators the process for collecting the required administration information for each test section (Listening, Speaking/One-on-One, Reading, and Writing), which includes the following:

- Students assigned to each Test Administrator's room that are expected to participate in the CELLA. Provide each student name and ID number.
- Attendance information: who is present, present but invalidated/marked as DNS, absent, or withdrawn.
- The unique security numbers of the secure documents assigned to each student.

District Coordinators will access their schools' CELLA Administration Record/Security Checklists via Questar's ServicePoint web site found at <https://fl-servicepoint.questarai.com/Login.aspx>. This version of the form, formatted in Excel, will be prepopulated with the security numbers of test documents sent to each school. A blank version of the CELLA Administration Record/Security Checklist is also available as a perforated form in Appendix B.

District Coordinators may distribute the prepopulated spreadsheets to schools or instruct School Coordinators to copy and use the blank form in Appendix B to collect required administration information and to ensure security numbers are properly tracked.

It is your responsibility to decide how schools will collect the required administration information in your district.

You may either:

- distribute the prepopulated spreadsheets to schools, OR
- instruct School Coordinators to copy and use the blank form in Appendix B

Track Security Numbers

Maintain a record of the security numbers from the secure district overage materials you distribute to each school. Advise School Coordinators that they are responsible for tracking the security numbers of the documents they distribute. After the returned materials are inventoried, you will receive a list of any missing secure materials and may need to refer to your records.

Distribute District Coordinator ONLY Boxes to Schools

Schools will use the District Coordinator ONLY boxes to return non-secure materials to you. Distribute one box to each School Coordinator and identify a date by which non-secure materials should be returned. At your discretion, schools may return the non-secure materials to you or destroy them with the exception of the original records of the CELLA Administration Record/ Security Checklists, the 2011 CELLA Security Logs, and the signed 2011 CELLA Administration and Security Agreement. These documents must be returned to the District Coordinator and retained until after the score reports are received.

Ensure Implementation of Test Administration Accommodations

The Directions for Administration provides information concerning permissible accommodations for students. School Coordinators may require assistance in providing additional Test Administrators or test locations, depending on the accommodations implemented. Arrange for these accommodations prior to the administration dates.

Responsibilities During Testing

Monitor and Maintain Test Security

Be available during testing to answer questions from the School Coordinators and supply additional materials as needed. Monitor the administration of the CELLA at each participating school and ensure that security policies and procedures are being followed.

Responsibilities After Testing

You may receive up to three types of boxes from School Coordinators:

- To-Be-Scored boxes with RED labels
- Not-To-Be-Scored boxes with YELLOW labels
- District Coordinator ONLY boxes (containing non-secure materials that are not returned to Questar and can be destroyed after the score reports are received)

Prepare Boxes for Return

Specific return instructions for returning documents and the materials for shipping them to Questar have been provided to School Coordinators in the school-level To-Be-Scored Materials Return Kit. Directions for handling, packaging, and returning To-Be-Scored materials can be found on pages 37–41. Verify that all boxes have been returned. If there is a discrepancy in the number of boxes, contact the School Coordinator to reconcile the count before returning the boxes to Questar. Securely seal the boxes with heavy-duty packing tape.

After you receive the To-Be-Scored and Not-To-Be-Scored boxes from the School Coordinators, complete the following tasks:

1. District Overage Not-To-Be-Scored Boxes. Using the boxes in which the materials arrived, return all district overage secure materials, which include:
 - Unused Level A Test Books
 - Unused Levels B, C, and D Answer Sheets
 - Level A One-on-One Prompt Book
 - All Levels B, C, and D test books
 - All Training CDs for Speaking
 - All Listening CDs
 - Directions for Administration
 - Used and Unused large-print and braille test materials.

Inventory all test books, answer sheets, CDs, and Directions for Administration to make sure that all materials are accounted for. It is strongly recommended that you organize each material by type and in security ID number order. Missing test materials must be documented and an explanation provided as described on page 20 in this manual.

2. Securely seal the boxes with heavy-duty packing tape.
3. Gather all the Not-To-Be-Scored boxes with district materials together. In the lower-left corner of each YELLOW label, write the number of the box and the total number of boxes of Not-To-Be-Scored materials you are shipping. For example: Box 1 of X, Box 2 of X, Box 3 of X, etc. If you are shipping only one box, write Box 1 of 1. Do not include the number of boxes of To-Be-Scored materials or school-level Not-To-Be-Scored materials in the total for the number of boxes.

Keep all secure materials in locked storage until they are picked up.

2011 CELLA Administration and Security Agreement

Florida Department of Education

Florida State Board of Education Rule 6A-10.042, FAC, was developed to meet the requirements of the test security statute, Section 1008.24, F.S., and applies to anyone involved in the administration of a statewide assessment test. The rule prohibits activities that may threaten the integrity of the test. See the “Florida Test Security Statute” and the “Florida State Board of Education – Test Security Rule” on the previous pages. Examples of prohibited activities are listed below:

- Revealing the passages, test items, or performance tasks
- Copying the passages, test items, or performance tasks
- Interpreting or reading test items or passages for students
- Changing or otherwise interfering with student responses to test items
- Copying or reading student responses
- Translating the reading passages into the student’s home language
- Translating test items orally or in writing into the student’s home language
- Providing dictionaries or translation devices for students to use during the test administration

Test Administrators are permitted to provide allowable test accommodations to students with disabilities with current IEPs as described in the Accommodations section of the Directions for Administration.

All personnel are prohibited from copying the test items and/or the contents of student test books and answer sheets. The security of all test materials must be maintained before, during, and after the test administration. The use of untrained Test Administrators increases the risk of test invalidation due to test irregularities or breaches in security.

I, _____, have read the information and instructions provided in all applicable sections of the Test Administration Manual. I agree to administer the Florida CELLA according to these procedures. Further, I have read the test security procedures in Appendix A of the 2011 Test Administration Manual. I agree to follow these procedures. I will not reveal or disclose any information about the test items or engage in any acts that would violate the security of the CELLA and cause student achievement to be inaccurately represented or reported.
