Appendix K: Florida Basic Safety Bus, Type C, 65 Capacity.....	105-110

SCHOOL BUS BID #2013-01 ORDERING INSTRUCTIONS

1. PURCHASE ORDER (P.O.) DEADLINES

For units ordered by June 30, 2014, the required delivery date will be 240 days from the date the bidder and/or bidder's representative(s) receives the district's P.O. after processing by the Florida Department of Education (FDOE).

For example, if the FDOE School Transportation Management Section (STMS) forwards a district P.O. to a bidder on December 28, 2012, the required delivery date will be August 25, 2013. The required delivery date will be clearly specified on the FDOE cover sheet transmitted to the bidder with the district P.O.

The purchasing school district may request that the unit(s) ordered not be delivered prior to a specified date. This request must be clearly indicated on the P.O. and a note to this effect will also be included on the FDOE's cover sheet.

P.O. received by STMS:	Date of award through June 30, 2014
Complete bus delivered or ready for pickup (guaranteed by performance bond):	Within 240 days

P.O.s may be scanned and sent by e-mail to Terri.Egler@fldoe.org or transmitted by facsimile to (850) 245-9935. Please call (850) 245-9795 to confirm that your fax or e-mail was received. Originals should be sent within one week of electronic transmission.

2. PAYMENT INSTRUCTIONS AND INFORMATION

Payment for Type A, C, and D complete buses will be due upon delivery and acceptance by the purchaser, or within 45 calendar days after receipt of invoice, or within 45 calendar days of receipt of Manufacturer's Certificate of Origin, whichever is later. **Purchaser has no more than 10 business days to accept or reject the bus.** Rejection of any unit must be immediately confirmed through the FDOE.

Under the provisions of Section 215.422, Florida Statutes, vendors may charge interest penalties if payment for the bus is not received according to the above requirements.

3. PURCHASE ORDER INFORMATION

- a. **All P.O.s must be sent to:**

**Ms. Terri Egler
School Transportation Management Section
Florida Department of Education
325 West Gaines Street, #824
Tallahassee, Florida 32399-0400**

NOTE: If your P.O.s are inadvertently sent directly to the vendor, **it will delay the final processing of your order and the manufacture and required delivery date of your buses.** All dealers that were awarded bids have been instructed to return any unprocessed P.O.s to the Department of Education, STMS, for processing.

- b. Once your P.O.s are received by the STMS, they will be processed and forwarded electronically to the vendor as quickly as possible. A confirmation of receipt of your purchase orders will be e-mailed to the transportation director and service manager. A hard copy will be mailed to your school district finance manager. **If you do not receive a receipt for your order** within two weeks, please contact the STMS at (850) 245-9795. **This confirmation is important because it is your only assurance that your order has been transmitted to the vendor.**
- c. **BUS ORDERING CHECKLIST:**
For Types A, C, and D complete bus P.O.s, the following information must be included:
- (1) The bidder's name and address, including the contact person.
 - (2) The quantity of buses ordered, pupil capacity, body model number, engine type, unit price, total price, and other major options (lift, air-conditioning, or straight floor, as applicable).
 - (3) The air conditioner system code, if applicable.
 - (4) For wheelchair lift buses, the lift manufacturer and **location of the wheelchair lift, either in front of or behind rear wheels.**
 - (5) Specified options using option numbers as shown in this pricing and ordering guide.
 - (6) Local school district bus numbers to be put on buses by the bidder. **For tracking purposes, all P.O.s processed must include local school district bus number(s). Processing of P.O.s will be delayed if required local bus number(s) are not supplied.**
 - (7) Indication as to whether buses are to be delivered or picked up by the district at the manufacturing plant. Include delivery price from appropriate manufacturer's delivery schedule, attached.
- d. **Please review all options available for this year.** The list varies by manufacturer and configuration, so review what is available for the type and capacity of bus ordered.
- e. Private schools meeting the requirements of Section 1002.42(15), Florida Statutes, are authorized to purchase buses from this bid.
- f. **Purchase orders must be in the STMS office no later than June 30, 2014.**
- g. Thomas Built Buses, Inc., uses a fuel tank mounted between the frame rails on all conventional (Type C) school bus configurations. This location requires a **left side body fuel fill** on most conventional **REAR LIFT** bus configurations.

4. UNITS WITH AIR CONDITIONER SYSTEMS

Districts purchasing units with air conditioners may choose the manufacturer, model, and system configuration. Please review the air conditioner specifications from Florida School Bus Specifications, Revised 2008, Section V, for details. Pricing information for buses with System A and System B air conditioner units has been provided for all applicable configurations. If you are purchasing a unit with an air conditioner, please make sure your P.O. clearly indicates the price and the Air Conditioner (A/C) Code. The code can be located in the first column of the A/C information. For example, in the A/C configuration below, the A/C code is T001 and the price is \$10,743.

A/C CODE	BODY TYPE	A/C MAKE	A/C MODEL	COM-PRESSOR	IMACA #250 (CITY) BTU OUTPUT	TOTAL CURRENT DRAW (AMPS)	NUMBER OF:		PRICE:
							EVAPORATORS	CONDENSERS	
T001	29 C	RAC	RAC-1141BH	Seltec (2) TM-2113 CU IN (1) TM-16 10.CU IN	72K BTU	66	3 (Incl Dash)	3	\$10,743

5. STRAIGHT FLOOR UNITS

The straight floor is offered as an option available on the appropriate pricing page. Please note that options such as air ride rear suspension and low-profile tires may be standard with the straight floor option. Bidders' notes to this effect are located on the option pricing pages.

6. GENERAL INFORMATION

- a. Each district ordering Type C or Type D buses will receive one service manual, CD, or on-line access authorization per shop location from the manufacturer covering the chassis model(s) purchased.
- b. The vendor is required to deliver one parts manual, CD, or on-line access authorization per shop location to each district purchasing one or more buses.
- c. Type A, C, and D final-stage manufacturers shall agree to accept electronic notification of school district in-service dates provided by the FDOE in lieu of forms or update forms. Such notification shall serve to update actual warranty start dates for all chassis, chassis components, and body and body component warranties.
- d. Names, addresses, and phone numbers of dealers or manufacturers awarded bids are provided on page 6. **These persons may be contacted regarding equipment, production, delivery, and other information pertaining to your bus purchases.**
- e. **The purchase of a DEALER-OFFERED OPTION** not specified herein is not permitted as part of this contract.

7. BUS SEATING CAPACITIES

- a. All capacities listed in this guide are based on the maximum capacity of that shell size using 13 inches of rump width per seating position, per National School Transportation Specifications and Procedures, Revised 2005, and Florida School Bus Specifications, Revised 2008. Purchasers should call manufacturers to determine actual capacities for

Revised 2008. Purchasers should call manufacturers to determine actual capacities for the specific configuration they are ordering. Please also see Appendix A for a general guide for wheelchair lift buses.

- b. The addition of C.E. White, IMMI, or Syntech integrated child restraint seats may reduce capacity. Please contact the dealer for specific seating capacity before placing your order.

8. PRICING PAGES TERMS

The following definitions and terms are used throughout the Pricing Pages.	
Price	Base unit or option price
STD	Standard equipment
N/A	Not available or not applicable
N/C	No-charge item; item must be listed separately on the purchase order if the purchaser wishes to receive the item on the bus.

* Please provide complete documentation of system bid.

Ford Roush Propane Modifications:

- *Side exhaust required with addition of air ride rear suspension.
- *Ford 6R140 transmission not available with TES-295 Transynd fluid.
- *Fuel sender access plate not required.
- *Silicone heater hose (engine) not available.

CNG Modifications

- CNG system provides 4 BFR tanks providing a total of 7600 SCF @3600 PSI.
- Dedicated CNG fuel system with 15 year lifetime on cylinders.
- Not available with pass through luggage and some skirt-mounted condensers.

All optional engine prices listed are an upcharge from 2013 diesel emissions engines.

APPENDIX J

BIDDERS' NOTES (BY OPTION NUMBER)

Blue Bird (Florida Transportation Systems), IC (LBS South), Thomas (Matthews)

B2: Powered Roof Vent

IC: Units ordered with a powered roof vent will not include an additional 6-inch fan.

B7a: C.E. White Integrated Child Restraint Seats

Blue Bird: The addition of C.E. White seats may reduce capacity. Please contact Florida Transportation Systems for a floorplan.

IC: Districts ordering C.E. White seats are encouraged to contact LBS South to confirm floor plan and emergency exit compliance prior to issuing a purchase order. Installation of C.E. White seats may reduce passenger capacity.

B7b: IMMI Child Safety Seat

Thomas: IMMI ICS seating options will reduce seating capacity in some configurations due to seat spacing and ISO LATCH spacing requirements.

B8: Baggage Compartment

IC: Compatibility and availability of luggage boxes by body passenger size are determined by how the vehicle is equipped (A/C, 100 gallon fuel tank, track seating, etc). Districts are strongly encouraged to contact LBS South to confirm compatibility of these options prior to issuing a purchase order.

B18: Under-seat Rear Heater Option

Thomas: Thomas lift buses with rear underseat heater options will be supplied with a 50,000 BTU rear heater mounted on the rear wall behind the wheelchair lift.

B21: Driver's Seat with Integrated Seat Belt

Blue Bird: Addition of integrated driver's seat may reduce capacity. Please consult with Florida Transportation Systems.

B26: Track Seating Seat Option

IC: Orders for track seating seats beyond the capacity of the base bus will not be accepted.

B28: Electric Powered Entrance Door (Type A)

Blue Bird: Electric entrance door includes lock.

C2: Spare Disc Wheel

IC: Pricing is for one spare wheel per chassis ordered.

C4: 100 Gallon Fuel Tank

IC: 100 gallon fuel tank is not available on units with track seating. A 100 gallon fuel tank may limit options for luggage compartments. Districts are encouraged to contact LBS South to confirm compatibility of these options prior to issuing a purchase order.

Thomas: A 100 gallon tank may require option C-10 (Air Ride Suspension) on some Type C configurations due to option content. A 100 gallon tank may affect availability of thru luggage on some rear engine models. Please consult dealer.

C11: Silicone Only Heater and Engine Coolant Hoses

Blue Bird: Not available with propane engine.

C12: Straight Floor

Blue Bird: Straight floor option includes Air Ride rear suspension and low profile tires.

Thomas: Straight floor option requires Air Ride Rear Suspension (C10) .

NOTE: Does not include track seating or floor track. (Order separately by option.)

APPENDIX K

FLORIDA BASIC SAFETY BUS, TYPE C, 65 CAPACITY

PRICING BY BUS BIDDER/MANUFACTURER

FTS/BLUE BIRD	
PRICE:	\$79,483
Chassis Model:	BBCV
Body Model:	BBCV 3011S
Engine:	Cummins ISB13 200/520
Alternator:	240 Amp. L/N
GAWR F/R:	10,000/21,000
Total GVWR:	31,000
Transmission:	Allison 2500PTS/5
Tire Mfr. And Model:	Goodyear G661 HAS
Tire Size:	11R22.5
Wheelbase:	252
Front Axle Mfr. and Model:	Hendrickson NXT 12,000
Front Axle Capacity:	12000
Rear Axle Mfr. And Model:	Meritor RS21-145
Rear Axle Capacity:	21,000
Rear Axle Ratio:	5.29

LBS SOUTH/IC	
PRICE:	\$80,534
Chassis Model:	CE
Body Model:	CE
Standard Engine:	Maxx Force 7 220/560
Alternator:	220 Amp.
GAWR F/R:	8,000/17,500
Total GVWR:	25,500
Transmission:	Allison 2500 PTS/5
Tire Mfr. and Model:	Continental HSR2
Tire Size:	11R22.5H
Wheelbase:	254
Front Axle Mfr. and Model:	Dana Spicer/D800-F
Front Axle Capacity:	8,000
Rear Axle Mfr. And Model:	Meritor MS-17-14X-3DF
Rear Axle Capacity:	17,500
Rear Axle Ratio:	6.14

MATTHEWS/THOMAS BUILT	
PRICE:	\$81,635
Chassis Model:	B2 106
Body Model:	310TS
Engine:	Cummins ISB13
Alternator:	DR 35SI 200A135
GAWR F/R:	10,000/19,500
Total GVWR:	29,000
Transmission:	Allison 2500 PTS/5
Tire Mfr. and Model:	Continental HSL2
Tire Size:	11R22.5 14 PLY
Wheelbase:	259
Front Axle Mfr. and Model:	Detroit DA-F-10-3 10K
Front Axle Capacity:	10,000
Rear Axle Mfr. And Model:	Detroit Axle DA-RS-19-2 19K
Rear Axle Capacity:	19,000
Rear Axle Ratio:	5.88

Basic components are shown on this page as submitted by bidders. Please also note the following:

This basic safety model bus omits several standard equipment items and specifications normally included in Florida school buses. These specifications and deleted equipment items are listed on the following two pages. Districts having an interest in the Florida Basic Safety Bus should review this information and carefully consider whether this pilot model bus will meet their needs.

Air conditioning, as listed on pages 108 through 110 of this pricing guide, is the only available optional equipment item on this bus.

Districts purchasing one or more Florida Basic Safety Buses will be required to maintain information on life cycle cost and operational aspects of the units and provide this information to the Florida Association for Pupil Transportation (FAPT) Quality and/or School Bus Specifications committees, and the FDOE as needed. Issuance of a purchase order confirms the district's agreement to supply this information. The information will be used by FAPT and FDOE to determine the viability of the configuration for future school bus contracts.

FLORIDA BASIC SAFETY BUS, TYPE C, 65 CAPACITY

Specifications Area	Standard Specifications Requirement	Basic Bus Bid Requirements
Warranty	Current chassis and body extended warranty items	Manufacturer's and component suppliers' standard chassis, body and component warranties, no required extended warranties
Alternator	160 Amp minimum	130 Amp minimum
Engine Equipment	Inline 6 cylinder, 7 litre minimum	Delete engine displacement and configuration requirements. Allow all engines meeting Florida School Bus Specifications performance requirements
Engine Equipment	Fuel filtration requirements	Manufacturer's standard
Headlights	Daytime running lights	Daytime running lights not required
Insulation	Firewall	Florida-specific firewall insulation not required
Paint and Finish	Yellow powder-coated rims	Black painted rims required
Tires and Rims	11R-22.5 Load range G	10R-22.5 Load range G minimum
Tires and Rims	8.25" rims	7.5" rims minimum
Wiring	Manually resettable circuit breakers	Manufacturer's standard circuit protection
Axles	Minimum front GAWR 10,000 lbs.	Minimum front GAWR 8,000 lbs.
Axles	Minimum rear GAWR 19,000 lbs.	Minimum rear GAWR 17,500 lbs.
Axles	Minimum 28,000 lbs GVWR	Minimum 25,500 lbs. GVWR
Springs, Front	Minimum front 4,500 lbs.	As required to meet GVWR
Springs, Rear	Minimum rear 9,500 lbs.	As required to meet GVWR
Steering	Tilt steering wheel	Manufacturer's standard
Driver's Document Compartment	Requirement, Size	None required
Driver's Seat	Air Ride suspension seat	Standard non-suspension base with minimum 4" up and down adjustment
Electrical Equip. & Wiring, Back Up Alarm	Variable volume	Standard 112db backup alarm
Electrical Equip. & Wiring, Brake/Tail Lights 7"	LED	Sealed incandescent bulb lights
Electrical Equip. & Wiring, Brake/Tail Lights 4"	LED	Sealed incandescent bulb lights
Electrical Equip. & Wiring, Circuit Breakers	Manual reset circuit breakers	Manufacturer's standard circuit protection
Electrical Equip. & Wiring, Clearance and ID Lights	Sealed incandescent	Standard bulb and socket
Electrical Equip. & Wiring, Post-Trip Passenger Check System	Required	Not required
Electrical Equip. & Wiring, Defogger fan	Required	Not required
Electrical Equip. & Wiring, Heaters and Defrosters	Silicone or equiv. heater hose	Manufacturer's standard heater hoses
Electrical Equip. & Wiring, Heaters and Defrosters	1/4 turn ballcock valves	Manufacturer's standard

FLORIDA BASIC SAFETY BUS, TYPE C, 65 CAPACITY (Continued)

Specifications Area	Standard Specifications Requirement	Basic Bus Bid Requirement
Electrical Equip. & Wiring, Interior lights,	Two circuits, driver and passengers	Manufacturer's standard
Electrical Equip. & Wiring, Stop Arm Signals	Strobing lights	Incandescent bulbs
Electrical Equip. & Wiring, Strobe Lights, White Flashing	Required	Not required
Electrical Equip. & Wiring, Turn Signal Lights	LED required	Sealed incandescent bulbs
Emergency Roadside Reflectors	Sealed box	Manufacturer's standard
Floor and Covering	Pressure treated plywood underlayment	Manufacturer's standard, no plywood
Lettering And Trim : Stop When Red Lights Flash	Required	Not required
Mirror System, Interior Mirror	6" X 30" with thumbwheel, safety glass and heavy-duty bracket	Manufacturer's standard 6" X 30" mirror
Mirror System, Rear Vision Mirror System	Elec. Adjustable	Manufacturer's standard meeting FMVSS 111
Paint and Finish, White Roof	Required	Standard yellow roof
Paint and Finish, Interior Paint Color	Required	Manufacturer's standard interior paint
Paneling, Exterior, Sheet Metal	20 gauge required	Manufacturer's standard sheet metal
Rub Rails	Four required	Manufacturer's standard
Seating, Crash Barriers, Lap Belts	First three rows at 28.5" knee room	Minimum 25" knee room all seats
Seating, Crash Barriers, Lap Belts	Modesty panels	Manufacturer's standard
Service Door	Air or electric operation	Manufacturer's standard
Stepwell	Pebble top material w/ polymer base	Standard ribbed step with steel backing
Side Mounted Vandal Box	33" X 10" X 9"	None required
Windows	Tinting	Manufacturer's standard
Windshield Step and Handle	Windshield step and handle	None required
