**School District Transportation Profiles
for School Year 2009-10**

DATE: March 28, 2011

TO: School District Transportation Directors
School District Finance Officers

FROM: Charlie Hood, Director

SUBJECT: School District Transportation Profiles for School Year 2009-10

Attached is a copy of Quality Link - Florida School District Transportation Profiles, Volume 20. This report is organized by district, with a two-page summary of data for each school district transportation program. The report contains data from the 2009-10 school year, the most recent year for which complete data are available.

The appendices contain a series of data comparisons that provide information such as:

- The percentage of bus ridership that generates state funding.
- The percentage of each district's total budget spent on transportation.
- The percentage of transportation expenses funded by local dollars.
- The percentage of the transportation budget expended for salaries and benefits.

We encourage you to discuss your district's reported information with existing or prospective charter schools and other clients.

We hope you find this report useful. If you have questions about the content or any suggestions for next year's Quality Link, please contact Ronnie McCallister at Ronnie.McCallister@fldoe.org or (850) 245-9795.
