INTRODUCTION

This handbook combines the Florida Department of Education’s (FDOE) Information Database data elements, reporting elements, edits and other information which relates to local record keeping and state reporting of ELL data. It was developed by the Office of Education Information and Accountability Services (EIAS) and the Bureau of Student Achievement through Language Acquisition (SALA). The handbook is designed for English for Speakers of Other Languages (ESOL) program staff as well as data processing and Management Information Systems (MIS) personnel, for the Florida public school districts.

In an effort to provide the most current information, most of the information presented in this book is hyperlinked to the DOE Database Manuals.

This handbook contains several features:

- Program notes pages
- Data element names hyperlinked to the corresponding data element page on the EIAS site
- Program notes below the links explaining the data elements
- Hyperlinked appendices (test name table, country codes, etc.)
- ESOL State Board of Education rules, hyperlinked to rule text.

For further information or questions, contact the Bureau of Student Achievement through Language Acquisition (SALA) by telephone (850) 245-0417 or via e-mail at sala@fldoe.org.
ESOL DEFINITIONS

Basic ESOL – instruction in English/Language Arts, regardless of delivery model approach.

Basic Subject Areas – instruction in computer literacy, mathematics, science and social studies.

Comprehensive English Language Learning Assessment (CELLA) – Florida’s annual language proficiency assessment that tests listening, speaking, reading and writing.

Country of Birth – the country of birth of the student.

English Language Learner – a student who:

a. Was not born in the U.S. and whose native language is other than English; or

b. Was born in the U.S. but who comes from a home in which a language other than English is most relied upon for communication; or

c. Is an American Indian or Alaskan Native and comes from a home in which a language other than English has had a significant impact on his or her level of English Language Proficiency; and

Who as a result of the above, has sufficient difficulty speaking, reading, writing, or understanding the English language to deny him or her the opportunity to learn successfully in classrooms in which the language of instruction is English.

ELL Committee – A committee composed of ESOL teacher(s) and home language teacher (if any), administrator or designee, guidance counselors, social workers, school psychologists or other educators as appropriate for the situation. Parents must be invited to attend any committee meetings.

English Language Learners: Basis of Entry – A one-character code indicating the student’s basis of entry in the ESOL program: Aural/Oral (A); Reading and Writing (R); LEP Committee (L) or temporarily placed in a program based on a “Yes” response to Home Language Survey questions b and/or c (T).

English Language Learners: Basis of Exit – A one-character code indicating the student’s basis of exit from the ESOL program: A, B, C, D, E, F, G, H, I, J, L, R or Z. Codes of B, C, D, E and F are composed of two or more measures (refer to data element). The addition of codes H, I, and J are effective with the 2012 CELLA administration.

English Language Learners: Classification Date – the initial date a student who responded “Yes” to the Home Language Survey is determined eligible or not eligible based on assessment for an ESOL program.

English Language Learners: Entry Date – the initial date a student enters an ESOL program.

English Language Learners: Exit Date – the initial date a student exits an ESOL program.
**English Language Learners: Extension of Instruction** – indicates that the student is receiving services beyond the base three years of eligible ESOL FTE funding as specified in Rule 6A-6.09022, FAC. Students may receive an additional 4th, 5th or 6th year of FEFP funded ESOL instruction and services based upon needs as determined by annual evaluations.

**English Language Learners: Home Language Survey Date** – the date that the Home Language Survey was completed in accordance with Rule 6A-6.0902, FAC.

**English Language Learners: Instructional Model** – the type of instructional strategy provided to English Language Learners in each course. The allowable types of instructional models are:

- **E** Sheltered – English
- **S** Sheltered – Core/Basic Subject Areas
- **I** Mainstream/Inclusion – English
- **C** Mainstream/Inclusion – Core/Basic Subject Areas
- **O** Maintenance or Developmental Bilingual Education
- **T** Dual Language (Two-way Developmental Bilingual Education)
- **Z** Not applicable

**English Language Learners, PK-12 Codes:**

- **LY** The student is an English Language Learner and is enrolled in classes specifically designed for English Language Learners.
- **LF** The student is being followed up for a two-year period after having exited from the ESOL program.
- **LP** The student is in grades 3-12, tested fully English proficient on an Aural/Oral Test and is an English Language Learner pending the Reading and Writing assessment, or the student is in grades K-12, answered “yes” on the Home Language Survey question “Is a language other than English spoken in the Home?” and is pending aural/oral assessment.
- **LZ** The student is one for whom a two-year follow-up period has been completed after the student has exited the ESOL program. Once a student completes the two-year post-reclassification monitoring period, they are re-coded LZ and remain so for the remainder of their school career. This code also applies to John M. McKay Scholarship students who were formerly in an English Language Learners program.
- **ZZ** Not applicable. (Students who responded in the negative to all three required Home Language Survey questions, that is, Non-ELLs, or who answered yes to one or more questions on the Home Language Survey but after assessment were not eligible for ESOL services).

**English Language Learners: Post Reclassification Dates** – each date that a former ELL’s performance has been reviewed to ensure parity of participation once the student has been classified as fully English proficient. These reviews shall take place automatically at the student’s first report card, semi-annually during the first year after exiting the program, and at the end of the second year, in accordance with Rule 6A-6.09031, FAC.
English Language Learners: Program Participation – what programs the ELL is enrolled in and receiving services. The allowable program codes are:

- **E** English for Speakers of Other Languages
- **H** Home Language/Bilingual Education
- **L** English for Speakers of Other Languages and Home Language/Bilingual Education
- **N** Newcomer/New Beginnings Program (Primarily grades 6-12)
- **Z** Not applicable

English Language Learners: Reclassification Date – the initial date a former ELL (LF) is reclassified as an ELL (LY).

English Language Learners: Reclassification Exit Date – the date a reclassified ELL exits the ESOL program.

English Language Learners: Reevaluation Date – the most recent date the ELL was reevaluated in order to determine whether the student should continue in or exit the ESOL program.

English Language Learners: Student Plan Date – the date of the most recent development or review of the Student ELL Plan to reflect current services.

Heritage Language – is a native, home, and/or ancestral language. It may be an indigenous language (e.g., Navajo) or the language of immigrants or migrants (e.g., Spanish or Hungarian in the U.S.). It is a language spoken at home or in a cultural community that is different from the dominant language of the mainstream culture. In the United States, heritage speakers may include ELL or fluent bilingual speakers; they may be newcomers, indigenous peoples, or second or later generations of immigrants.

Immigrant Student – individuals who: (a) are aged 3 through 21; (b) were not born in any state, District of Columbia or Puerto Rico and (c) have not been attending one or more schools in any one or more states for more than 3 full academic years.

Immigrant Student Services – the type(s) of Title III, Immigrant Children and Youth funded Instructional and Supplemental Services provided to any Title III, Immigrant Children and Youth participant.

Other Subject Areas – any instruction other than Basic ESOL or Basic subject areas.

Primary Language Spoken in Home – the primary language of the parent(s) or guardian(s) of the student.

Student ELL Plan – Per Rule 6A-6.0901, FAC, an Student ELL Plan is a written document that identifies student name, instruction by program (including programs other than ESOL provided), amount of instructional time or instructional schedule, date of ELL identification, assessment data used to classify or reclassify the student as an ELL, date of exit and assessment data used to exit the student as English proficient. The plan may be included in or attached to a student’s existing plan, Individual Education Plan (IEP), etc. or may be a separate document for a given student or
group of students. If the plan covers more than one student, each student will have an individual copy of the plan maintained in the student’s file. The Student ELL Plan must be updated to reflect current services.

**Test Accommodations**

- **CELLA** - the type of special accommodations, if any, needed by the student when being tested. The accommodations are: Contracted Braille, Large Print or Not Applicable. These codes will be used for Pre-ID labels for CELLA and other statewide assessments.

- **FCAT** – any of the accommodations for ELL that are listed in the FCAT Test Administration Manuals, for the current year.
ELEMENT NAME: **CERTIFICATION/LICENSURE QUALIFICATION STATUS**

**State Edit(s)/Reject Rule(s) for This Element:**

The Certification/Licensure Qualification Status code entered must be I, O, M, S or N. If a valid code is not used, the record will be rejected.

**Program Specific Notes:**

Teachers who are responsible for the English/Language Arts/Intensive Reading instructions of ELLs (LY) are required to have an ESOL Endorsement/ESOL K-12 Certification in addition to the appropriate base coverage, based on subject area taught.

Teachers who are assigned to teach ELLs English/Language Arts/Intensive Reading and/or Language Arts through ESOL must be reported as out of field if they do not hold the ESOL Endorsement/ESOL K-12 Certification on their teaching certificate at the time an ELL is assigned to them.

Reporting as out of field, for the purposes of ESOL, is defined as:

- Reported as out of field on the data element Certification/Licensure Qualification Status via the Automated Student Information System; and

- Reported to and approved as out of field by the local school board.

**Note:** See cautionary note located under the **ESOL Weighted FTE Funding** section of this manual.

**Question(s) and Answers:**

Q. *Must an ESE teacher be reported as out of field if he/she is the primary English/Language Arts/Intensive Reading teacher assigned to teach an ELL?*

A. Yes, if the ESE teacher is responsible for the instruction of English/Language Arts/Intensive Reading for that ELL, the student’s IEP indicates English/Language Arts/Intensive Reading instruction and the teacher does not have an ESOL Endorsement, they must be reported out of field.

Q. *Does an ESOL/Language Arts/English/Intensive Reading teacher continue to be reported as out of field until the ESOL Endorsement is obtained even though the teacher is not assigned any ELLs?*

A. Yes, according to Rule 6A.1.0503, FAC, a teacher out of field in only ESOL shall complete at least three (3) semester hours of college credit or the equivalent inservice toward the ESOL requirements within the first two (2) calendar years from date of initial assignment to a class with limited English proficient (LEP) students and three (3) semester hours or the equivalent inservice during each calendar year thereafter until all requirements for certification in ESOL are completed. The "stop and go" provision is no longer permitted.
ELEMENT NAME:  CERTIFICATION/LICENSURE QUALIFICATION STATUS (Continued)

Note: Teachers who are reported as out of field in ESOL only (under this data element and to the school board) DO NOT need to be counted as out of field for the accreditation process or review by the Southern Association of Colleges and Schools (SACS).

ELEMENT NAME: **COUNTRY OF BIRTH**

State Edit(s)/Reject Rule(s) for This Element:

If Grade Level = PK-12, Country of Birth must be a valid code as listed in Appendix Q of the *DOE Database Manual*; other than ZZ. If Survey Period Code = 5 and Grade Level = 30 or 31, then Country of Birth may be ZZ. If the code is not a valid code, the record will be rejected.

Program Specific Notes:

This data element is used for collecting and reporting the country of national origin as required by the 1990 League of United Latin American Citizens (LULAC) et al v. State Board of Education Consent Decree. (For more information on the Consent Decree, please visit [http://www.fldoe.org/aala/lulac.asp.](http://www.fldoe.org/aala/lulac.asp.)

Question(s) and Answer(s):

Q. What country code do you use for those students born on a U. S. military base in a country other than the U.S.?

A. The actual country (do not list as United States), regardless of a student's citizenship or if a military base is located on a U.S. Territory, should be reported. The Country of Birth identifies the actual country of birth of the student.

*Note: Schools are prohibited from eliciting, compiling or recording any information regarding a student's immigration status.*

Q. Is the code of “ZZ” (Other) used for Non-ELLs?

A. No, all students, regardless of ELL status, should have a Country of Birth code other than “ZZ” (except for Survey 5 and grade level 30 or 31). Only special schools (Virtual School) that do not collect this information will be allowed to use “ZZ”.

State Formats Using This Element:

ELEMENT NAME: ENGLISH LANGUAGE LEARNER, PK-12

State Edit(s)/Reject Rule(s) for This Element:

English Language Learner PK-12 code must be LY, LF, LP, LZ or ZZ. If the codes are not valid, the record will be rejected.

Program Specific Notes:

The codes used should identify the current status of the student.

Note: Code LN has been removed as of July 1, 2007. Students previously reported as LN must be reported under another approved code, as appropriate. The decision regarding the appropriate code should be based on whether or not the student is receiving instruction to meet his/her unique needs, regardless of instructional model/approach, teachers’ certification and program funding.

Prekindergarten students will be reported as LY based on an affirmative response to the Home Language Survey (HLS). However, the PK students are not tested for English language proficiency, nor is an ELL Format submitted for PK ELLs.

Question(s) and Answer(s):

Q. When would it be appropriate to use the code “ZZ” for the English Language Learner data element?

A. A code of “ZZ” would be used for each student who is English proficient as documented by "no" responses to the three Home Language Survey questions and who does not meet the definition of ELL; or for a student who answers "yes" on Home Language Survey and does not score as limited English proficient on the appropriate assessment instrument(s) (based on age/grade).

Q. How are PK students coded for ELL purposes?

A. (a) Any PK student who has an affirmative response to any of the three Home Language Survey questions should be coded “LY“ on the Student Demographic Format and be provided linguistically and culturally appropriate services within the PK program. (Note: The ELL Format is not reported for PKs.)

(b) Any PK student who has all negative responses to the Home Language Survey should be coded “ZZ”.

(c) PK Students who were served in PK as ELL “LY“, and when tested in PK scored as full English proficient, should be reported as “ZZ“.

(d) PK students who were served in PK as ELL “LY“, and when tested in K scored as full English proficient, should be reported as “LF”.

ELEMENT NAME: ENGLISH LANGUAGE LEARNERS: BASIS OF ENTRY

State Edit(s)/Reject Rule(s) for This Element:

English Language Learners: Basis of Entry code must be A, R, L, T or Z. If the Basis of Entry code is not valid, the record will be rejected.

Program Specific Notes:

The prior procedure requiring Basis of Entry to be the same as Basis of Exit is no longer valid.

</table>

Note: Districts now have to abide by =or> 33% to exit an ELL.

The code of Z, Not Applicable, is used for Survey 7 only.

ELLs with an English Language Learners, PK-12 code of LP who are placed in an ESOL program should be reported with a Basis of Entry Code of T.

Question(s) and Answer(s):

Q. Must a student who answered “Yes” only to the HLS question, “Is a language other than English spoken in the home?” be placed in the ESOL program pending the required aural/oral assessment?

A. No. Effective July 1994, these students no longer have to be placed in the program pending aural/oral assessment.

Q. Should the Basis of Entry be updated if the ELL Committee decides a K-2 student, who entered the program through an aural/oral test and now scores full English speaker, should remain in the ESOL program?

A. For the purpose of electronically tracking students enrolled in the program, and to have the “backup” as to why the student is still in the program, the Basis of Entry should be changed from “A” to “L”.
Q. What Basis of Entry code should be used for former ELLs who are being “reclassified” as ELL?

A. The Basis of Entry code of “L” will always be used for former ELLs (LF) “re-entering” the program, as the ELL Committee is the only means of reclassifying a former ELL.

State Formats Using This Element:

ELEMENT NAME: ENGLISH LANGUAGE LEARNERS: BASIS OF EXIT

State Edit(s)/Reject Rule(s) for This Element:

English Language Learners: Basis of Exit code must be A, B, C, D, E, F, G, H, I, J, L, R or Z. If a valid code is not used, the record will be rejected. Codes of B, C, D, E and F are composed of two or more measures (refer to data element). The addition of codes H, I, and J are effective with the 2012 CELLA administration.

Program Specific Notes:

The prior procedure requiring Basis of Exit to be the same as Basis of Entry is no longer valid.

Question(s) and Answer(s):

Q. Once a student has entered the ESOL program via the ELL Committee and has a Basis of Entry of “L”, may the student be exited once new test scores for reading/writing (Basis of “R”) are available?

A. Yes, however, the test scores may be used to refer the student back to the ELL Committee; however, the ELL Committee would have to meet again, and then, if the student is exited, the Basis of Exit would be “L”.

Special Note - ESE/ESOL Students: For Entry/Exit codes for an ELL who is also identified and/or served in Exceptional Student Education Programs, if the student is first identified/served as ESE, an IEP meeting with ELL Committee representation must be held prior to testing the ESE student for placement in an ESOL program.

ELEMENT NAME: ENGLISH LANGUAGE LEARNERS: CLASSIFICATION DATE

State Edit(s)/Reject Rule(s) for This Element:

English Language Learners: Classification Date must be numeric and a valid date unless zero-filled.

Program Specific Notes:

ELL: Classification Date is the initial date a student who responded “yes” to the Home Language Survey is determined eligible or not eligible based on assessment. This element should be used only for students classified as ELL for the first time based on assessment, or for PK students based on affirmative response(s) to the Home Language Survey.

Question(s) and Answer(s):

Q Does the ELL: Classification Date have to fall into the “180 day” calendar?
A. No. The date should reflect the actual date the procedure in question took place and should be a valid date. (See date reporting format on data element.)

Q. Does the ELL: Classification Date need to be reported for PK students?
A. No, the date should be maintained for local accountability as it will have to be transmitted to the state, and then reported when the student enters Kindergarten, if the student remains in the program.

Note: The ELL: Classification Date is the same as the date of the Home Language Survey for PK ELLs.

State Formats Using This Element:

English Language Learners Information DB9 10x
ELEMENT NAME: **ENGLISH LANGUAGE LEARNERS: ENTRY DATE**

State Edit(s)/Reject Rule(s) for This Element:

English Language Learners: Entry Date must be numeric and a valid date unless zero-filled.

Program Specific Notes:

This is the initial date the student actually enters the ESOL program, not the first date he/she entered school.

Question(s) and Answer(s):

**Q. Is the ELL: Entry Date supposed to be the same as the ELL: Classification Date?**

**A.** Not necessarily, the ELL: Entry Date may be the same as the ELL: Classification Date. However, there is no requirement in FAC. Rules, in Statute or in the database edits requiring both of these dates to be the same. In fact, in some cases the Entry Date will occur prior to the Classification Date, such as when students are identified via the Home Language Survey and the definition of ELL, but the school/district is unable to test on that same date. Upon an affirmative response to questions 2 and/or 3 of the Home Language Survey, Rule 6A-6.0902, FAC., requires the school/district to place the student in the ESOL program in the interim.

State Formats Using This Element:

[English Language Learners Information DB9 10x]
ELEMENT NAME: ENGLISH LANGUAGE LEARNERS: EXIT DATE

State Edit(s)/Reject Rule(s) for This Element:

English Language Learners: Exit Date must be numeric and a valid date unless zero-filled.

Program Specific Notes:

Question(s) and Answer(s):

Q. If you have an exit date, do you have to have a reclassification date?

A. No. The reclassification date is reserved for former ELLs who are “re-entering” the ESOL program.

Q. Does withdrawal date equal the ELL exit date, even if the student has not been tested out of the ESOL Program? If not, what date do you put in for exit date?

A. If the student withdraws from school but has not "tested/exited" out of the ESOL program, the exit date should be zero-filled.

Note: For all ELLs who withdraw from school, special care and attention should be taken by school (and district) personnel to update and transmit the student record through F.A.S.T.E.R. to the receiving school district.

Rapid transfer of records, whether automated or via hard copy, will provide the receiving district with vital data and will avoid unnecessary delays and duplicate testing.

State Formats Using This Element:

ELEMENT NAME: **ENGLISH LANGUAGE LEARNERS: EXTENSION OF INSTRUCTION**

**State Edit(s)/Reject Rule(s) for This Element:**

English Language Learners: Extension of Instruction code must be Y or Z. If the English Language Learners: Extension of Instruction code is not Y or Z, the record will be rejected.

**Program Specific Notes:**

English/Language Arts and/or ESOL instruction, plus math, science, social studies and computer literacy instruction using ESOL and/or Home Language strategies, may be reported for ESOL weighted FTE funding for a base period of three years. Funding may be extended for a 4th, 5th or 6th year, based on annual evaluations from Entry Date. Lack of funding does not relieve the district of the obligation to provide services beyond the six years.

The base period of three years is defined as three calendar years from the **ORIGINAL DATE** an ELL enrolls in **ANY** ESOL program in **ANY** school district within the state of Florida.

Special attention should be given to accurate reporting of entry date to ensure this data may be transmitted via **F.A.S.T.E.R.** to allow all districts the ability to track the total number of years an ELL has been served.

**State Formats Using This Element:**

[English Language Learners Information DB9 10x](#)
ELEMENT NAME: **ENGLISH LANGUAGE LEARNERS: HOME LANGUAGE SURVEY DATE**

State Edit(s)/Reject Rule(s) for This Element:

If Grade Level = 30 or 31, English Language Learners: Home Language Survey Date may be zero-filled. If Grade Level = PK-12, English Language Learners: Home Language Survey Date must be a valid date. If the English Language Learners: Home Language Survey Date is not a valid date, the records will be rejected.

State Validation Rule: If Grade Level = PK-12, English Language Learners: Home Language Survey Date must be less than or equal to the survey date unless Survey Period Code = 1 or 4 or Year-Round/Extended School Year FTE Indicator = A. If these elements do not match, the district must correct the record.

Program Specific Notes:

The three questions that must be asked on the Home Language Survey (HLS) are:

1. Is a language other than English used in the home?
2. Did the student have a first language other than English?
3. Does the student most frequently speak a language other than English?

Questions may be on a separate survey or part of the school registration form.

The district must further assess all students who answer "Yes" to any of the questions on the HLS. For grades K-12, the aural/oral assessment must be completed within four weeks (20 days), or the school must document the delay and notify the parent/guardian of such delay, in a language the parent/guardian understands, unless clearly not feasible.

As clarified in the Office of Early Learning Memorandum # 06-09 ([http://www.fldoe.org/earlylearning/pdf/06-09.pdf](http://www.fldoe.org/earlylearning/pdf/06-09.pdf)), the HLS or the assessment for English language proficiency is not required for infants and toddlers (ages birth through three) who are served in the Family Literacy Program or for young children served in Head Start Programs who go through the public school enrollment process in order to obtain a Florida student ID for provision of free meals or for later transportation from VPK programs into kindergarten.

Prospective kindergarten students may be assessed prior to enrollment during a kindergarten roundup evaluation as long as the assessment is given no earlier than May of the calendar year the student will enroll.

Students in grades 3-12 must also be assessed in reading and writing. The assessments in reading and writing shall be completed as soon as possible after enrollment, but not later than twenty (20) school days after the aural and oral assessment or listening and speaking assessment.
Note: Parents have the right to have their child immediately removed from a language instruction educational program and to decline to enroll the student in such a program or choose other instructional options, if available. Nothing shall alter the duty of the district to provide highly qualified, duly certified or endorsed ESOL instructors and the child will still be assessed on CELLA.

Question(s) and Answer(s):

Q. For a court adjudicated student, how does the district administer the HLS if they cannot send the survey home to the parent/guardian because the student lives at a state-operated facility?

A. Parents are not required to complete the HLS; the student may complete it at the state-operated facility.

Q. Are the three HLS questions matched to a specific data element?

A. The HLS questions do not appear on any specific data element. However, the date and the results of a Home Language Survey are reported.

Q. Must the HLS, as signed by the parent/guardian, agree with the date entered in the computer? Many districts run batch programs using the first day of school or the student's first day in district as the date of the HLS. How should this be handled? How important is it that these dates agree?

A. The HLS Date is the date the HLS was actually completed by the student or the parent/guardian and should be the date entered into the computer. This date should not be "hard-coded" as it is the first step in the assessment process and is used to determine how long it takes to assess students as ELL or not ELL. The only exception to this is for PK-12 grade students who enrolled during the summer. See next question/answer.

Q. How are the dates of the HLS recorded for those PK and Kindergarten students participating in summer or spring pre-registration or “Round-up” and other 1-12 grade students who enroll during the summer (prior to the first day of school)?

A. Only under these circumstances may the HLS be entered as the actual date the student started school. This ensures that the calculations of the districts assessment timelines are not adversely affected.

Q. If a student is not new to a Florida public school but is new to a particular school district, do you have to re-survey the student?

A. If the student was surveyed in another Florida public school with the same three HLS questions, the HLS from the previous Florida school district may be used. However, if the survey form with completed questions is not readily available, then the student should be re-surveyed upon entry into the receiving school.
Q. All babies of teenage parents are reported as PK, and as such, are those babies to be surveyed?

A. Yes, all students in grades PK-12, reported in membership in Florida public schools are to be surveyed. The HLS should be completed on each baby by the teenage parent or guardian.

Note: It is important to note the difference between PK students reported of teenage parents (Alternative Education Program) and PK students reported for all other programs.

If the PK services are limited to only child care and other social services, such as in the Alternative Education - Teenage Parent Program, then the childcare providers are not required to obtain the required 18 ESOL in-service training points. If, however, the PK services are instructional (developmental), the PK instructor is required to obtain the 18 ESOL in-service training points.
ELEMENT NAME: **ENGLISH LANGUAGE LEARNERS: INSTRUCTIONAL MODEL**

State Edit(s)/Reject Rule(s) for This Element:

Starting July 1, 2007, English Language Learners: Instructional Model must be E, S, I, C, O, T or Z. If the English Language Learners: Instructional Model is not E, S, I, C, O, T or Z, the records will be rejected.

Program Specific Notes:

It is important that schools and teachers note the difference between ESOL as a model and ESOL as a course. As required in law and rule, eligible ELLs should receive ESOL instruction (course) or Language Arts/English using ESOL models and ESOL or Home Language instruction in math, science, social studies and computer literacy.

The courses (listed in the [Appendix DD](#) of the Database Manuals) and the instructional strategy codes and course flags must be used to document that appropriate services are provided to ELLs.

The following chart describes the instructional model codes that should be used, based on the ELL code of the student.

**Note:** Instructional model codes for LY students **MUST be provided for each course the student is enrolled in and reported under the student course schedule format, regardless of funding source or program placement.**

**Former codes valid prior to July 1, 2007, are B, D and M. The instructional strategy codes reported on the Course Flag data element are only valid for records submitted prior to July 1, 2007.**

This data element was developed to capture the data on the type of instructional model/approach used to provide comprehensible instruction to ELLs, regardless of the course or courses the students are enrolled in. The differentiating factor between the various models is tied to the approach and the language of instruction, not the course itself.

Example #1:
District uses the Sheltered – English and the Sheltered – Core/Basic Subject Areas. Coding for courses would be as follows: Any ESOL, English, language arts and reading course would be coded with the code of “E”, and any mathematics, science, social studies and computer literacy course the ELL would be enrolled in would be coded with the code of “S.”
Example #2:
District uses Sheltered – English, and Mainstream/Inclusion – Core/Basic Subject Areas. Coding for courses would be as follows: Any ESOL, English, language arts and reading course would be coded with the code of “E”, and any mathematics, science, social studies and computer literacy course the ELL would be enrolled in would be coded with the code of “C.”

Example #3:
Elementary school in the district has implemented a dual language program where all students, regardless of their ELL status, are taught all subject areas in English and another language. All instructional minutes or courses, regardless of the course number (i.e. Graded Self-Contained or subject area), would be reported with a code of “T”.

It is important to note that this data element is tied to the student and what instruction is being provided to the student. As you know, the instructional models/approaches implemented at the various schools within a district may vary and, therefore, the codes used by individual schools may vary greatly also. Unless all schools in the district are implementing the same models for all students, data entry may not be automated.

ELEMENT NAME: ENGLISH LANGUAGE LEARNERS: POST RECLASSIFICATION DATES

State Edit(s)/Reject Rule(s) for This Element:

None. However, this element is used in Local Accountability and District Records Transfer.

Program Specific Notes:

Post reclassification monitoring refers to the dates when the review of former ELLs (LF) must be documented. The performance of all LF students should be reviewed on a periodic/regular basis to ensure that LF students are succeeding and are meaningfully participating in non-ESOL courses. This data element is used to document four specific required reviews.

Post Reclassification Monitoring - a student's performance must be reviewed and documented:

  First Report Card: refers to the date of first report card or grading period after the ELL exits the ESOL Program. The most common is the end of the first nine-weeks grading period after exiting.

  First Semi-annual Review: refers to the end of the first six months after exiting. Schools may wish to use the second report card if the school calendar/grading period is by semester; if not, then the end of the grading period closest to a six month period.

  Second Semi-annual Review: refers to end of the first year after exiting.

  End of the Second Year.

Once a student identified as LF has been through all the required monitoring reviews and has not been reclassified as ELL, the LF code must be changed to LZ.

Question(s) and Answer(s)

Q. Is the recording of these dates the only documentation that must be maintained?

A. No, this data element only records the dates that each of four reviews was conducted. Schools must document in each former ELL’s (LF) cum folder that the post-reclassification monitoring was done, what was reviewed and what decisions were made, if any.

State Formats Using This Element:

Program Specific Notes:

English for Speakers of Other Languages means the teaching of English using the English language as the medium of instruction.

Home Language/Bilingual Education means the teaching of language arts, mathematics, science, social studies and computer literacy using the student’s heritage/native language as the medium of instruction.

Newcomer/New Beginnings (generally for grades 6 – 12) means the provision of instruction to secondary students who are recent arrivals and have had interrupted education; instruction in English and core subject areas.

ELEMENT NAME: **ENGLISH LANGUAGE LEARNERS: RECLASSIFICATION DATE**

State Edit(s)/Reject Rule(s) for This Element:

The English Language Learners: Reclassification Date must be numeric and a valid date unless zero-filled. If the English Language Learners: Reclassification Date is not a valid date or not zero-filled, the records will be rejected.

Program Specific Notes:

THIS DATA ELEMENT IS USED **ONLY** FOR STUDENTS WHO HAVE EXITED THE ESOL PROGRAM (IDENTIFIED AS LF) AND ARE RE-ENTERING AN ESOL PROGRAM (NOW IDENTIFIED AS LY).

Question(s) and Answer(s):

Q. **Do we need to test a student for reclassification or can we go by the report card grades/monitoring data?**

A. State Board of Education Rules do not specifically require testing of all former ELLs; however, an ELL Committee meeting must take place prior to the placement of the student back into the ESOL program. Therefore, the Basis of Entry for reclassified former ELLs will always be “L” – ELL Committee.

ELEMENT NAME: ENGLISH LANGUAGE LEARNERS: STUDENT PLAN DATE

State Edit(s)/Reject Rule(s) for This Element:

The English Language Learners: Student Plan Date must be numeric and a valid date unless zero filled.

Program Specific Notes:

Teacher, ELL Committee Chairperson, school ESOL Contact Person or administrator/designee must complete the Student ELL Plan. The Student ELL Plan:

- must be in writing and maintained in students cum folder (permanent record, category A).
- must be reevaluated after one year and subsequent years thereafter, however, please keep in mind the Student ELL Plan must reflect current services provided to the ELL.

Student ELL Plan means a written document(s) which identifies student name, instruction by program, including programs other than ESOL provided, amount of instructional time or schedule, date of ELL identification and assessment data used to classify or reclassify as ELL, date of exit and assessment data used to exit student as English proficient. The plan may be included in or attached to an existing student's plan, IEP, etc. or may be a separate document for a given student or students, provided, however if students, each student will have an individual copy of the plan maintained in the student's file.

Note: The amount of instructional time at the secondary level, for the purpose of the Student ELL Plan, may be documented using the student's course schedule. That is, this information does not have to be rewritten on the Student ELL Plan form; the student course schedule must be attached to the Student ELL Plan form. However, when a schedule is used, all courses taught using ESOL and/or Home Language strategies must be so indicated on the schedule. In addition, if the ELL is participating in courses that are taught through other programs, such as Alternative Education or Exceptional Student Education, this must also be indicated on the schedule.

Question(s) and Answer(s):

Q. Is the ELL: Student Plan Date the initial date the plan was developed?

A. The ELL: Student Plan Date is the date that the most recent plan was developed, as defined by the ELL: Student Plan Date. The Student ELL Plan should reflect current services and may need to be updated more than once a year; this would especially apply to high school ELLs who change courses/semesters.

Q. When students go from one grade to the next does the plan date have to be updated?

A. Yes, not only must the student ELL plan itself be updated, but the ELL: Student Plan Date should reflect the date the plan was updated.

ESOL Weighted FTE Funding

Question(s) and Answer(s):

Q. Under which circumstances may ESOL weighted FTE funding be claimed for ELLs?

A. ESOL weighted FTE funding may be claimed for students with an ELL code of ‘LY’ who are enrolled in ESOL-Elementary, English, English Through ESOL, ESOL electives at the secondary level using ESOL strategies and/or ESOL or Home Language instruction in math, science, social studies and computer literacy. The teachers of these courses must be:

   appropriately certified in accordance with the current year’s Course Code Directory;

   and

   in the process of, or completed the required ESOL and/or Home Language inservice training required for basic subject area teachers;

   and/or

   in the process of, or completed the training/certification requirements of the ESOL Endorsement for Basic ESOL (Language Arts/English), Elementary Education or Exceptional Student Education teachers responsible for the primary language arts experience of ELLs;

   or

   grandfathered teachers who were granted an ESOL Endorsement,

   and

   documenting the use of ESOL and/or Home Language strategies.

*Note: For further details regarding personnel requirements, please see the chart, ESOL Personnel Training Requirements.

Q. Can ESOL weighted FTE funding be claimed for ELLs enrolled in Basic ESOL (Language Arts/English) math, science, social studies and computer literacy classes that are not self-contained?

A. Yes. The delivery of ESOL and/or Home Language instruction via split classes is an appropriate delivery model, and ESOL weighted FTE funding may be claimed for eligible ELLs. For details regarding cost, see Financial and Program Cost Accounting and Reporting for Florida Schools (Red book) at http://www.fldoe.org/fefp/redtoc.asp.

Q. Can weighted FTE funding be claimed and reported for ELLs served by paraprofessionals or teachers aides?

A. No. FTE may only be reported for the instructional time students spend in an eligible subject area with a certified teacher (the teacher of record). FTE may not be claimed for students served by non-certified personnel.
Q. Can school districts claim ESOL weighted FTE funding for students enrolled in other subject area classes, such as music, physical education, art, etc., when the teachers have completed the 18 inservice points of required ESOL training?

A. No. Section 1003.56, F.S., only permits ESOL weighted FTE funding in Basic ESOL (Language Arts/English) using ESOL strategies, ESOL electives, and ESOL or home language instruction in math, science, social studies and computer literacy.

Q. Can school districts claim ESOL weighted FTE funding for students in basic subject area classes (computer literacy, math, science and social studies)?

A. Yes, provided that the teacher is within the appropriate timelines set forth in 6A-6.0907.

Q. If a Basic ESOL teacher (Language Arts/English) is assigned an ELL during the 2011-12 school year and is reported out of field but is not assigned an ELL for the 2012-13 school year, must she/he be reported out of field for the second year and every year thereafter until the ESOL endorsement/certification is documented on the teacher’s certificate?

A. Yes, according to 6A.1.0503, a teacher out of field in only ESOL shall complete at least three (3) semester hours of college credit or the equivalent inservice toward the ESOL requirements within the first two (2) calendar years from date of initial assignment to a class with limited English proficient (LEP) students and three (3) semester hours or the equivalent inservice during each calendar year thereafter until all requirements for certification in ESOL are completed. The “stop and go” provision is no longer permitted.

Q. Must all ESOL teachers be reported as “out of field”?

A. No. Only teachers teaching the primary Language Arts/English to ELLs who do not have the ESOL Endorsement or full certification in ESOL must be reported and approved by the school board as being “out of field” in ESOL.

Q. Should Basic Subject Areas Teachers be reported “out of field” in ESOL?

A. No. All teachers teaching math, science, social studies and computer literacy to ELLs are not required to be reported “out of field” in ESOL or home language, since they are only required to obtain 60 inservice training points, which will not appear on, nor affect their teaching certificate.

For the most up-to-date requirements regarding “out of field”, refer to district’s current certification policies.

**Question(s) and Answers:**

Q. What are the reporting requirements for PK ELLs? Do we have to submit the ELL Format for PK ELLs?

A. Districts are not required to submit an ELL Format for PK students. The only data elements (which are on Student Demographics Format) that need to be reported on PK ELLs are: Date of Home Language Survey (HLS), Country of Birth, the Limited English Proficient, PK-12 code and all other elements that are required of all students.

Q. Is a Student ELL Plan required for PK ELLs?

A. No, the Student ELL Plan is also not required since it is assumed that all students in a PK/Early Intervention program are receiving developmentally appropriate instruction which addresses the language development and cultural needs of these students. Again, ELL: Student Plan Date is a data element which appears on the ELL Format and therefore is not recorded or reported for PK students.

ELEMENT NAME: IMMIGRANT STUDENT

State Edit(s)/Reject Rules for This Element:

Immigrant Student must be code of Y, N or Z. If Immigrant Student is not a valid code, the record will be rejected.

If the Immigrant Student code is Z, then the District Number, Current Enrollment must be 71 and school numbers 3518 and 9997, or the record will be rejected.

Program Specific Notes:

This data element is dealing solely with the definition of immigrant children and youth under NCLB which is based solely on country of birth. The eliciting, requesting or maintaining of information regarding a student’s legal immigration status is still prohibited under the Consent Decree.

Starting 2010-2011, this data element will be used to determine immigrant counts and allocations for the Immigrant Grant.

Children born overseas to U.S. military personnel are considered “immigrant” for the purposes of the Title III immigrant children and youth program authorized in section 3114(d) of the Elementary and Secondary Education Act (ESEA).

These children may be counted by a district as “immigrant” and included in the count of immigrant students utilized for funding purposes for the Title III immigrant children and youth program. The term “immigrant children and youth” as defined in section 3301(6) of ESEA, means individuals who:

- are aged 3 through 21;
- were not born in any State, District of Columbia or Puerto Rico, and
- have not been attending one or more schools in any one or more States for more than 3 full academic years.

The ESEA also contains a definition of State. Under section 3101(14) of the ESEA, the term “State” means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico. For this reason, children born overseas to U.S. military personnel, because they were not born in a State, can fall within the ESEA definition of “immigrant child and youth” if they meet all of the other criteria of that definition.

Foreign exchange students meeting the definition of Immigrant Student also count as immigrants.

It is very important that you do not confuse this with requirements of the Consent Decree. Domicile is still to be used for entry into public schools.

*Note: Only special schools (Virtual School) that do not collect this information will be allowed to put ZZ.*

Program Specific Notes:

The district must collect and maintain the native language of each PK-12 student, regardless of the ELL code.

Question(s) and Answer(s):

Q. *Is the native language code of “Not Applicable” valid for grades PK-12?*

A. No, all PK-12 grade student records must contain a valid native language code.

Q. *Is it possible that the native language of a student who meets the definition of ELL be English?*

A. Yes, given that this information is provided by the parent/guardian and/or self-reported. In addition, this would be the case for students with at least one parent/guardian being a native speaker of a language other than English and for whom the parent/guardian states that the child’s native language is English (e.g. a student born in the Philippines - Father: U.S. born, and Mother: Pilipino born).

Q. *How is the "native" language of a student determined?*

A. The "native" language is determined by question 2 of the Home Language Survey: "Did the student have a first language other than English?"

*Note: The appendix of language codes (Appendix N, DOE Database Manual) was revised and all indigenous languages were grouped together (listing of Indigenous Languages of the Americas Codes and Pacific Island Languages Codes). Special attention should be paid to the revision of the native language codes of those students still in membership for whom the previously used language codes were deleted from the appendix.*

ELEMENT NAME: PRIMARY LANGUAGE SPOKEN IN THE HOME

State Edit(s)/Reject Rule(s) for This Element:

Primary Language Spoken in the Home code must be a valid language code as listed in Appendix N of the DOE Database Manual. If the Parent/Guardian Primary Home Language code is not valid, the record will be rejected.

Program Specific Notes:

This data is self-reported by the parent/guardian during the registration process. It is possible for the Primary Language Spoken in the Home to be different from the Native Language, Student. It is assumed that every Parent/Guardian will have a Primary Home Language. Only special schools (Virtual School) that do not collect this information will be allowed to put ZZ.

ELEMENT NAME: RESIDENT STATUS, STATE/COUNTY

State Edit(s)/Reject Rule(s) for This Element:

Resident Status, State/County code must be 0, 1, 2, 3, 4 or 5. If the Resident Status, State/County code is not valid, the record will be rejected. If Grade Level is PK-12, then Resident Status, State/County must be in the range 0-3. If Grade Level is 30-31, then Resident Status, State/County must be 4 or 5. If the record does not match these criteria, the district must correct it.

Program Specific Notes:

Resident status is determined based on DOMICILE and is not to be confused with a student’s legal immigration status. This data element is to be filled in based on record of domicile only. Schools cannot elicit, require, maintain or document any information regarding a student’s (or his/her parent/guardian’s) immigration status.

The code of “O” for Foreign Exchange Students is a self-reported item and is only to be used for those few foreign exchange students who are brought into the school though a Foreign Exchange agency or service.

If the Test Date is a valid date, then the Test Name must be a valid code other than ZZZ. If not, the record will be rejected. If Test Date is equal to zero, then Test Name must be ZZZ, the Test Score Type (first occurrence) must be ZZ, the Test Subject Content must be ZZ, and the Test Score must be zero. If not, the record will be rejected. If Test Date is greater than zero, then Test Score Type must be a valid code other than ZZ. If not, the record will be rejected. If Test Date is greater than zero, then Test Subject Content must be a valid code. If not, the record will be rejected.

Program Specific Notes:

This refers to the most recent date the test was administered which determined the student as ELL, or that was used to exit the ELL for Surveys 2, 3 and 5.

Question(s) and Answer(s):

Q. If you have an ELL currently in an ESOL program, do you send test information if it is not in the current year; i.e., the student was tested in the prior year?

A. The submission of the ELL record should reflect all the test information regarding entry and/or exit, regardless if either occurred in the past.

Program Specific Notes:

All aural/oral tests used to determine listening/speaking of all potential ELLs must be approved by FDOE.

Question(s) and Answer(s):

Q. The district was using a test that was not on the Test Name Table; how do they code it?

A. You may not use a test that is not on the Test Name Table, see DOE Database Manual, Appendix I; or see Appendix A of this handbook for the Test Name Table. Beginning 2009-10, district-developed tests are no longer valid for ELL entry/exit.

For the purpose of using IRW or LRW, the raw scores provided by these tests may only be used and reported using publisher’s national percentile converted score for each test sub-part.

The Woodcock Munoz-Normative Update (R, W) – code of WNU has been added to the Test Name Table. This is to be used for entry/exit only.

Per Rule 6A-6.0902, FAC, the assessment in reading and writing shall be completed as soon as possible after enrollment, but not later than twenty (20) school days after the aural and oral assessment or listening and speaking assessment.

If Test Date is equal to zero, then Test Name must be ZZZ, the Test Score Type (first occurrence) must be ZZ, the Test Subject Content must be ZZ, and the Test Score must be zero. If not, the record will be rejected.

Program Specific Notes:

Reading/Writing - Students in grades 3 and above who score fully English proficient on the Aural/Oral and score at or below the 32nd percentile on the reading and writing sub-parts of a norm referenced test are eligible for an ESOL program. Assessment of reading and writing test must be completed within 20 days of the aural/oral assessment. If the Test Score is zero, enter zeros in this field.

ELLs in grades K-12 who score limited English proficient on an aural/oral test, as indicated by publishers' cut-off scores, are eligible for and should be provided appropriate services. All numeric test scores should be reported as indicated by the test publisher. Please use the conversion chart below for all alphabetical scores.

If the Language Assessment Scales R/W (LRW) or the IDEA Language Proficiency R/W (IRW) tests are used for reading and writing, the raw scores (RS) must be converted to national percentiles (NP) for each test sub-part before reporting. IF NO CONVERSION IS AVAILABLE, THE USE OF THESE TESTS MUST BE DISCONTINUED.

Question(s) and Answer(s):

Q. Do test scores for students beyond the three-year base need to be updated annually and submitted to the DOE?

A. No. The original date of the test and the test scores for the test that proved eligibility and placement should be maintained and submitted to DOE at each reporting period.

The Test Subject Content Code must be a valid code other than X_ unless ZZ. Valid Test Subject Content Codes are specified in Appendix L of the DOE Database Manual. If the Test Subject Content code is not a valid code, the record will be rejected.

Program Specific Notes:

For the ELL: Basis of Entry code of R (reading and writing), the writing may be satisfied by a Total Language Score that includes a subtest named writing or Language Mechanics or Mechanics or Written Expression or Language Usage or Language or English.

If the Language Assessment Scales R/W (LRW) or the IDEA Language Proficiency R/W (IRW) tests are used for reading and writing, the following Test Subject Content codes should be used:

30 Language (Total) and 10 Reading.

If the test provides a composite score for both reading and writing, guidance must be sought from the Test Publisher to obtain separate scores, as a reading and writing NP score must be obtained and reported for each 3-12 grade ELL.

The Test Subject Content codes recommended for use with Aural/Oral language proficiency tests are as follows:

17 Speaking
18 Language Proficiency Level
19 Oral

or as recommended by test publisher.

The CELLA Subject Content Codes are retained locally.

Question(s) and Answer(s):

Q. What is the correct test subject content code for the IPT? Is it 18 or 19?

A. The best test subject content code to use for the IPT is 18 (Language Proficiency Level) since 19 is oral only.
